*The Notes constitute limited recourse obligations of the Issuer. Each Note will be secured, in each case, by certain of the assets of the Issuer pursuant to and as more fully described in the section entitled “Description of the Transaction Documents”. Furthermore, by operation of Italian law, the Receivables and the other Issuer’s Rights will be segregated from all other assets of the Issuer and amounts deriving therefrom will only be available, both prior to and following a winding-up of the Issuer, to satisfy the obligations of the Issuer to the holders of the Notes, to pay any costs, fees, expenses and other amounts required to be paid to the Representative of the Noteholders, the Principal Paying Agent, the Calculation Agent, the Account Bank, the Cash Manager, the Corporate Administrator, the Corporate Servicer, the Arrangers, FCAB (in any capacity) and to any third-party creditor in respect of any costs, fees, expenses or liabilities incurred by the Issuer to such third-party creditor in relation to the securitisation of the Receivables contemplated by this Prospectus (the **Securitisation**). Furthermore, none of such persons accepts any liability whatsoever in respect of any failure by the Issuer to make payment of any amount due on the Notes. Amounts derived from the Receivables and the other Issuer’s Rights will not be available to any other creditors of the Issuer and will be applied by the Issuer in accordance with the applicable order of priority for the application of the Interest Available Funds and the Principal Available Funds in accordance with the Conditions.*

The distribution of this Prospectus and the offer, sale and delivery of Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by the Issuer and the Arrangers to inform themselves about, and to observe, any such restrictions. Neither this Prospectus nor any part of it constitutes an offer, and may not be used for the purpose of an offer to sell any of the Notes, or solicitation of an offer to buy any of the Notes, by anyone in any jurisdiction or in any circumstances in which such offer or solicitation is not authorised or is unlawful.

This Prospectus is not intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer, FCAB and the Arrangers that any recipient of this Prospectus should purchase any of the Notes. Each investor contemplating purchasing Notes should make its own independent investigation of the Receivables, the Portfolio and of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer.

*The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the **Securities Act**), are in dematerialised form (emessa in forma dematerializzata) and are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act). For a further description of certain restrictions on the offering and sale of the Notes and on distribution of this Prospectus, see “Subscription, Sale and Selling Restrictions” below.*

*The Notes offered and sold by the Issuer are not designed to involve the retention by a sponsor of at least 5 per cent. of the credit risk of the securitised assets for purposes of compliance with the final rules promulgated under Section 15(g) of the U.S. Securities Exchange Act of 1934, as amended (the **U.S. Risk Retention Rules**). Regarding non-U.S. transactions other than the exemption under Section 20 of the U.S. Risk Retention Rules, no other steps will be taken by the Issuer, the Originator, the Arrangers or any of their affiliates or any other party to accomplish such compliance.*

*Except with the express prior written consent of the Originator in the form of a U.S. risk retention waiver (a **U.S. Risk Retention Consent**) and where such sale falls within the exemption provided by Section __.20 of the U.S. Risk Retention Rules, any notes offered and sold by the Issuer may not be purchased by, or for the account or benefit of, any “U.S. person” as defined in the U.S. risk retention rules (**risk retention U.S. persons**). Prospective investors should note that the definition of “U.S. person” in the U.S. Risk Retention Rules is different from the definition of “U.S. person” in Regulation S.*

Furthermore, the Issuer has not been and will not be registered as an Investment Company as defined in section 3(a)(1) of the Investment Company act of 1940 (as amended).

*Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.*

*The Notes are not intended to be offered, sold or otherwise made available to any retail investor in the European Economic Area. For these purposes, a **retail investor** means a person who is one (or more) of: (a) a retail client as defined in point (11) of Article 4 (1) of MiFID II; (b) a customer within the meaning of Directive 2002/92/EC (**IMD**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) a person who is not a qualified investor as defined in the Prospectus Directive. Accordingly, none of the Issuer, the Arranger or the Class A Notes Subscriber expects to be required to prepare, and none of them has prepared, or will prepare, a “key information document” in respect of the Notes for the purposes of Regulation (EU) No 1286/2014 of 26 November 2014 on key information documents for packaged retail and insurance-based investment products (the **PRIIPs Regulation**) and therefore offering or selling the Notes or otherwise making them available to any retail investor in the European Economic Area may be unlawful under the PRIIPs Regulation.*

*The Notes may not be offered or sold, directly or indirectly, and neither this Prospectus nor any other offering circular nor any prospectus, form of application, advertisement, other offering material nor other information relating to the Issuer or the Notes may be issued, distributed or published in any country or jurisdiction (including the Republic of Italy, the United Kingdom and the United States), except under circumstances that will result in compliance with all applicable laws, orders, rules and regulations. No action has or will be taken which could allow an offering (*offerta al pubblico*) of the Notes to the public in the Republic of Italy. For a further description of certain restrictions on offers and sales of the Notes and the distribution of this Prospectus, see “Subscription, Sale and Selling Restrictions” below.*

Each initial and each subsequent purchaser of a Note will be deemed, by its acceptance of such Note, to have made certain acknowledgements, representations and agreements intended to restrict the resale or other transfer thereof as described in this Prospectus and, in connection therewith, may be required to provide confirmation of its compliance with such resale or other transfer restrictions in certain cases. See “Subscription, Sale and Selling Restrictions” below.

*All references in this Prospectus to **Euro**, **€**, **euro** and **EUR** refer to the currency introduced at the start of the third stage of the European Economic and Monetary Union pursuant to the Treaty establishing the European Community (signed in Rome on 25 March 1957), as amended.*

Segregation of Issuer's Rights

The Issuer has no assets other than the Portfolio and the other Issuer's Rights as described in this Prospectus.

By operation of Italian law, the Portfolio and the other Issuer's Rights will be segregated from all other assets of the Issuer and amounts deriving therefrom will only be available, both prior to and following a winding-up of the Issuer, to satisfy the obligations of the Issuer to the Class A Noteholders, the Mezzanine Noteholders and the Junior Noteholders and each of the Other Issuer Creditors and any third-party creditor to whom the Issuer has incurred costs, fees, expenses or liabilities in relation to the securitisation of the Receivables.

The Portfolio and the other Issuer's Rights may not be seized or attached in any form by creditors of the Issuer other than the Noteholders, until full discharge by the Issuer of its payment obligations under the Notes or cancellation thereof. Pursuant to the terms of the Intercreditor Agreement and the Mandate Agreement, the Issuer has empowered the Representative of the Noteholders, following the delivery of a Trigger Notice or upon failure by the Issuer to exercise its rights under the Transaction Documents within 10 (ten) days from notification of such failure, to exercise all the Issuer's rights, powers and discretion under the Transaction Documents taking such action in the name and on behalf of the Issuer as the Representative of the Noteholders may deem necessary to protect the interests of the Issuer, the Noteholders and the Other Issuer Creditors in respect of the Portfolio and the Issuer's Rights. Italian law governs the delegation of such power. In addition, security over certain rights of the Issuer arising out of certain Transaction Documents will be granted by the Issuer in favour of the Representative of the Noteholders pursuant to the Deed of Charge, for the benefit of itself, the Noteholders and the Other Issuer Creditors.

Trigger Events

If any of the following events occurs:

(a) *Non-payment:*

The Issuer fails to pay in full (i) the amount of interest due in respect of the Most Senior Class of Notes then outstanding within 3 (three) days of the due date for payment of such interest, or (ii) the amount of principal due in respect of the Most Senior Class of Notes on the Final Maturity Date within 5 (five) days of such date, or (iii) the amount of principal due and payable on the Most Senior Class of Notes on any Payment Date prior to the Final Maturity Date (to the extent the Issuer

has sufficient Issuer Available Funds to make such repayment of principal in accordance with the applicable Priority of Payments), provided that such default remains unremedied for 5 (five) days;

(b) *Breach of other obligations:*

the Issuer defaults in the performance or observance of any of its obligations under or in respect of the Notes or any of the Transaction Documents to which it is a party (other than any obligation to pay principal or interest in respect of the Most Senior Class of Notes then outstanding) and such default (i) is in the opinion of the Representative of the Noteholders, incapable of remedy or (ii) being a default which is, in the opinion of the Representative of the Noteholders, capable of remedy, remains unremedied for 30 (thirty) days after the Representative of the Noteholders has given written notice of such default to the Issuer, with a copy to the Servicer, requiring the same to be remedied;

(c) *Breach of representations and warranties by the Issuer:*

any of the representations and warranties given by the Issuer under any of the Transaction Documents is, or proves to have been, incorrect or erroneous in any material respect when made and (except where, in the opinion of the Representative of the Noteholders, it is not possible to remedy the same in which case no notice requiring remedy will be required) it has not been remedied within 30 (thirty) days after the Representative of the Noteholders has given written notice thereof to the Issuer, with a copy to the Servicer, requiring the same to be remedied;

(d) *Insolvency of the Issuer:*

an Insolvency Event occurs with respect to the Issuer; or

(e) *Unlawfulness:*

it is or will become unlawful for the Issuer to perform or comply with any of its material obligations under or in respect of the Notes or any of the Transaction Documents to which it is a party or any material obligation of the Issuer under the Notes or a Transaction Document ceases to be legal, valid and binding,

then the Representative of the Noteholders may, at its sole discretion, or shall if so directed by an Extraordinary Resolution of the Noteholders, serve a Trigger Notice on the Issuer, with a copy to the Servicer and the Calculation Agent, declaring the Notes to be due and repayable, whereupon they shall become so due and repayable, following which all payments of principal, interest and other amounts due in respect of the Notes shall be made according to the Post-Trigger Notice Priority of Payments as described in paragraph “*Post-Trigger*

Notice Priority of Payments” below.

Following the service of a Trigger Notice, the Issuer may, or the Representative of the Noteholders may (or shall if so directed by an Extraordinary Resolution of the Noteholders) direct the Issuer to dispose of the Portfolio in accordance with the Intercreditor Agreement. In case of such disposal, subject to conditions set forth in the Intercreditor Agreement, the Originator will have the right to purchase the Portfolio with preference to any third party potential purchaser. For further details, see the section entitled “*Description of the Intercreditor Agreement*”.

Non petition

Only the Representative of the Noteholders may pursue the remedies available under the general law or under the Transaction Documents to obtain payment of the Obligations or enforce the Security and no Noteholder shall be entitled to proceed directly against the Issuer to obtain payment of the Obligations or to enforce the Security. In particular:

- (a) no Noteholder is entitled, otherwise than as permitted by the Transaction Documents, to direct the Representative of the Noteholders to enforce the Security and no Noteholder (nor any person on its behalf, other than the Representative of the Noteholders, where appropriate) is entitled to take any proceedings against the Issuer to enforce the Security;

- (d) no Noteholder shall be entitled to take or join in the taking of any corporate action, legal proceedings or other procedure or step which would result in the Priority of Payments not being complied with.

Limited recourse

Notwithstanding any other provision of the Transaction Documents, all

obligations of Issuer

obligations of the Issuer to the Noteholders are limited in recourse as set out below:

- (a) each Noteholder will have a claim only in respect of the Issuer Available Funds and at all times only in accordance with the Priority of Payments and will not have any claim, by operation of law or otherwise, against, or recourse to, the Issuer's other assets or its contributed capital;
- (b) sums payable to each Noteholder in respect of the Issuer's obligations to such Noteholder shall be limited to the lesser of (a) the aggregate amount of all sums due and payable to such Noteholder; and (b) the Issuer Available Funds, net of any sums which are payable by the Issuer in accordance with the Priority of Payments in priority to such sums and *pro rata* with any *pari passu* sums payable to such Noteholder; and
- (c) on the Cancellation Date, the Noteholders shall have no further claim against the Issuer in respect of any such unpaid amounts and such unpaid amounts shall be cancelled and deemed to be discharged in full.

The Organisation of the Noteholders and the Representative of the Noteholders

The Organisation of the Noteholders shall be established upon and by virtue of the issuance of the Notes and shall remain in force and effect until repayment in full or cancellation of the Notes.

Pursuant to the Rules of the Organisation of the Noteholders (attached to the Conditions as an Exhibit), for as long as any Note is outstanding, there shall at all times be a Representative of the Noteholders. The appointment of the Representative of the Noteholders, as representative of the Organisation of the Noteholders, is made by the Noteholders subject to and in accordance with the Rules of the Organisation of the Noteholders, except for the initial Representative of the Noteholders which is appointed by the Subscriber pursuant to the Subscription Agreements. Each Noteholder is deemed to accept such appointment.

Expected weighted average life of the Notes

The actual weighted average life of the Notes cannot be predicted as the actual rate at which the Loans will be repaid and a number of other relevant factors are unknown. Calculations of the expected weighted average life of the Rated Notes and the Class M1 Notes have been based on certain assumptions including, *inter alia*, the assumption that the Loans are subject to a constant prepayment rate assumption as shown in "*Expected weighted average life of certain Classes of Notes and assumptions*".

No assurance can be given that such assumptions will be accurate and, therefore, calculations as to the expected weighted average life of relevant Classes of Notes must be viewed with considerable caution.

Rating

The Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes are expected to have the following ratings:

<i>Class</i>	<i>DBRS</i>	<i>Fitch</i>
--------------	-------------	--------------

Class A	“AA (sf)”	“AA sf”

The Junior Notes have not been and will not be assigned a credit rating.

A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, revision or withdrawal at any time by the assigning rating organisation.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation (as defined below).

As of the date hereof, DBRS Ratings Limited and Fitch Italia – Società Italiana per il Rating S.p.A. are established in the European Union and are registered under Regulation (EC) No. 1060/2009, as amended from time to time (the **CRA Regulation**), as it appears from the most updated list published by European Securities and Markets Authority (ESMA) on the ESMA website (being, as at the date of this Prospectus, www.esma.europa.eu).

On each Payment Date, up to (and including) the Payment Date on which the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes are redeemed in full or cancelled, the Cash Reserve (or part of it) may be utilised, if necessary, to increase the Interest Available Funds to the extent necessary to cover any Interest Shortfall.

In addition, on the Payment Date on which the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes are redeemed in full or cancelled, any amount remaining in the Cash Reserve Account upon utilisation as Interest Available Funds will be applied as Principal Available Funds.

Commingling Reserve

On the Issue Date, the Issuer established a commingling reserve in the Commingling Reserve Account by applying the proceeds of a loan granted by FCAB under the Commingling Reserve Loan Agreement. On the Second Re-tranching Date, the Issuer will further increase the balance of the Commingling Reserve Account by applying the proceeds of a further loan to be granted by FCAB under the Commingling Reserve Loan Agreement. An additional amount equal to € 19,381,500 will be credited to the Commingling Reserve Account on the Second Re-tranching Date in accordance with the Cash Allocation, Management and Payments Agreement.

Commingling Reserve means the monies standing to the credit of the Commingling Reserve Account at any given time.

- (a) an Insolvency Event in relation to the Servicer as a result of which the Servicer fails to transfer to the Collections Account the Collections and any amount from time to time collected or recovered in respect of the Receivables in accordance with the provisions of the Servicing Agreement; or
- (b) an Insurance Event, as a result of which FCAB has failed to indemnify the Issuer in accordance with the Warranty and Indemnity Agreement, provided that an Insolvency Event in relation to the Servicer has occurred and is continuing,

the amounts then standing to the credit of the Commingling Reserve Account in an amount equal to the lower of:

- (i) the Commingling Reserve; and
- (ii) (X) the actual amounts the Servicer has failed to transfer to the Issuer or, as the case may be (Y) the Insurance Amount (to the extent unpaid by FCAB),

shall be transferred to the Payments Account 2 (two) Business Days prior to the relevant Payment Date (or 1 (one) Business Day so long as the Principal Paying Agent and the Account Bank are the same entity) and will form part of the Interest Available Funds (to the extent such amounts constituted Income Collections) and/or the Principal Available Funds (to the extent such amounts constituted Principal Collections) as applicable.

On each Payment Date during the Amortisation Period, the Issuer shall repay principal on the Commingling Reserve Facility to FCAB in an amount equal to the Commingling Reserve Release Amount, by applying the amounts then standing to the credit of the Commingling Reserve Account.

On the earlier of:

- (a) the Payment Date on which all the Class A Notes, the Class B Notes and the Class C Notes have been redeemed in full or cancelled; or
- (b) the date on which confirmation is received by the Representative of the Noteholders from the Issuer that the restitution of all amounts standing to the credit of the Commingling Reserve Account to FCAB would not be prejudicial for the interests of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders,

the Issuer shall repay principal on the Commingling Reserve Facility to FCAB by applying the amounts then standing to the credit of the Commingling Reserve Account.

On any such date, the Issuer's obligation to repay principal on the Commingling Reserve Facility will be limited solely to the amounts then standing to the credit of the Commingling Reserve Account and FCAB will not have any recourse to any of the Issuer Available Funds. These payments will be (i) made directly to FCAB; and (ii) outside of the applicable Priority of Payments.

Principal Shortfall

Should the Calculation Agent calculate, on any Calculation Date, a Principal Shortfall, for so long as there are Rated Notes outstanding, the Interest Available Funds shall be applied on the immediately following Payment Date to make up any such Principal Shortfall as at such Calculation Date, in accordance with item *Thirteenth* of the Pre-Trigger Notice Interest Priority of Payments.

Principal Shortfall means on any Calculation Date the sum of:

- (a) (i) the aggregate of the Net Present Value of all Receivables which have become Defaulted Receivables from the relevant Portfolio Transfer Effective Date until the end of the immediately preceding Collection Period (each of such Net Present Value calculated, in relation to each Receivable, as at the end of the Collection Period in which such Receivable has become a Defaulted Receivable), plus (ii) the aggregate of all overdue Instalments in respect of such Defaulted Receivables indicated under paragraph (i) herein (each of such overdue Instalments calculated, in relation to each Receivable, as at the date on which such Receivable has become a Defaulted Receivable); plus
- (b) the Cumulative Net Prepayment Losses as at the end of the immediately preceding Collection Period; less
- (c) the sum of all Interest Available Funds allocated from the first Payment Date after the Issue Date to the Payment Date immediately preceding the relevant Calculation Date in accordance with item *Thirteenth* of the Pre-Trigger Notice Interest Priority of Payments.

Subordination

Payments of interest and repayment of principal under the Notes are subject to certain subordination and ranking provisions. For a more detailed description of the ranking among the various Classes of Notes and the relative subordination provisions see the section entitled "*The principal features of the Notes – Ranking and subordination*" and Condition 4.3 (*Ranking*).

See also the sections entitled "*Issuer Available Funds and Priority of Payments*", "*Risk Factors - Subordination*" and "*Terms and Conditions of the Notes*".

Article 405 of the CRR, article 51 of the AIFMR and article 254 of Solvency II Regulation

The Originator will retain, on an ongoing basis, a material net economic interest of at least 5 per cent. in the Securitisation, in accordance with article 405 of the CRR (**Article 405**), the Bank of Italy Instructions (which have implemented in Italy the Directive 2013/36/EC), article 51 of the AIFMR (**Article 51**) and article 254 of the Solvency II Regulation (**Article 254**), so long as

such legislation (as amended, re-enacted, recast or replaced) is applicable to the Securitisation. Such interest comprised as at the Issue Date and as at the First Re-tranching Date, and will comprise as at the Re-tranching Date, in accordance with option(1)(a) of Article 405, option (1)(a) of Article 51 and option (2)(a) of Article 254, an interest in the Notes which is not less than 5 per cent. of the nominal value of the Notes of each Class. Any change to the manner in which this interest is held will be notified to the Noteholders.

Pursuant to the Subscription Agreements, the Originator has undertaken that:

- (a) so long as the risk retention requirements under the CRR and the AIFMR will be applicable to the Securitisation, it will retain a material net economic interest of at least 5 per cent. in the Securitisation in accordance with option (1) (a) of Article 405, the Bank of Italy Instructions option (1) (a) of Article 51 and option (2) (a) of Article 254;
- (b) the Notes retained in compliance with the above shall not be subject to any credit risk mitigation or any short protection or other hedge and shall not be sold, as to the extent required by articles 405-410 (inclusive) of CRR and chapter 3, section 5 of the AIFMR and Article 254;
- (c) it shall not change the manner in which the net economic interest set out above is held until the earlier of: (i) the Final Maturity Date and (ii) the date on which the risk retention requirements under the CRR, the AIFMR and the Solvency II Regulation will be no longer applicable to the Securitisation, unless a change is required due to exceptional circumstances and such change is not used as a means to reduce the amount of retained interest in the Securitisation;
- (d) it will notify the Issuer, the Arrangers and the Representative of the Noteholders any change, made pursuant to paragraph (c) above, to the manner in which the net economic interest set out above is held;
- (e) it will disclose that it continues to fulfil the obligation to retain the material net economic interest of at least 5 per cent. in the Securitisation in accordance with option (1)(a) of Article 405, the Bank of Italy Instructions, option (1)(a) of Article 51 and option (2)(a) of Article 254;
- (f) it will make available to each Noteholder, upon its reasonable request, the further information which from time to time may be deemed necessary under articles from 405 to 409 of the CRR in accordance with the market practice, as may prevail from time to time.

For further details, see the section headed “*Regulatory Disclosure and Retention Undertaking*”.

RISK FACTORS

Investing in the Notes involves certain risks. The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with the Notes are also described below.

The Issuer believes that the factors described herein represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes may, exclusively or concurrently, occur for other unknown reasons. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision. While the various structural elements described in this Prospectus are intended to lessen some of these risks for holders of the Rated Notes, there can be no assurance that these measures will be sufficient or effective to ensure payment to the holders of the Rated Notes of interest or principal on the Rated Notes on a timely basis or at all.

Additional risks and uncertainties not presently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations. Words and expressions defined in the Conditions or elsewhere in this Prospectus have the same meanings in this section.

Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Source of payments to Noteholders

The Notes are limited recourse obligations solely of the Issuer and are not the responsibility of, or be guaranteed by, any other entity. In particular, the Notes are not obligations or responsibilities of, or be guaranteed by, the Representative of the Noteholders, the Principal Paying Agent, the Calculation Agent, the Account Bank, the Cash Manager, the Corporate Administrator, the Corporate Servicer, the Back-up Servicer Facilitator, the Arrangers, FCAB (in any capacity), the Quotaholder or any other person. None of such persons accepts any liability whatsoever in respect of any failure by the Issuer to make any payment of any amount due on the Notes.

The Issuer has no assets other than the Receivables and the other Issuer's Rights as described in this Prospectus.

As at the date hereof, the Issuer's principal assets are the Receivables. For a description of the Receivables, please see the sections headed "*The Portfolio*" and "*The Master Receivables Purchase Agreement*" below.

The Issuer will not have any significant assets, for the purpose of meeting its obligations under the Securitisation, other than the Receivables and the other Issuer's Rights.

As a result, there is no assurance that, over the life of the Notes or at the redemption date of the Notes (whether on maturity or upon redemption by acceleration of maturity following service of a Trigger Notice or otherwise), there will be sufficient funds to enable the Issuer to pay interest when due on the Notes and to repay the outstanding principal on the Notes in full.

The ability of the Issuer to meet its obligations in respect of the Notes will be dependent on, *inter alia*, the timely payment of amounts due under the Loans by the Borrowers, the receipt by the Issuer of Collections received on its behalf by the Servicer in respect of the Loans from time to time in the Portfolio, the amounts

standing to the credit of the Cash Reserve Account, as well as the amounts standing to the credit of the Commingling Reserve Account and of any other amounts required to be paid to the Issuer by the various agents and counterparties to the Issuer pursuant to the terms of the Transaction Documents. The performance by such parties of their respective obligations under the relevant Transaction Documents is dependent on the solvency of each relevant party. See the section headed “*Risk Factors - Administration and reliance on third parties*”.

The Notes are limited recourse obligations solely of the Issuer. If there are not sufficient funds available to the Issuer to pay in full all principal and interest and other amounts due in respect of the Notes, then the Noteholders will have no further claims against the Issuer in respect of any such unpaid amounts. Following the service of a Trigger Notice, the only remedy available to the Noteholders and the Other Issuer Creditors is the exercise by the Representative of the Noteholders of the Issuer’s rights under the Transaction Documents.

Upon enforcement of the Security, the Representative of the Noteholders will have recourse only to the Receivables, the other Issuer’s Rights and to the assets charged or assigned pursuant to the Deed of Charge. Other than as provided in the Warranty and Indemnity Agreement, the Master Receivables Purchase Agreement, the Servicing Agreement, the Issuer and the Representative of the Noteholders will have no recourse to FCAB (in any capacity) or any other entity, including, but not limited to, in circumstances where the proceeds received by the Issuer from the enforcement of any particular Loan are insufficient to repay in full the Receivables in respect of such Loan.

If, upon default by one or more Borrowers under the Loans and after the exercise by the Servicer of all usual remedies in respect of such Loans, the Issuer does not receive the full amount due from those Borrowers, then the Noteholders may receive by way of principal repayment an amount less than the face value of their Notes and the Issuer may be unable to pay in full interest due on the Notes.

Claims of unsecured creditors of the Issuer

Without prejudice to the right of the Representative of the Noteholders to enforce the Security, the Conditions contain provisions stating, and each of the Other Issuer Creditors has undertaken pursuant to the Intercreditor Agreement, that no Noteholder or Other Issuer Creditor will petition or begin proceedings for a declaration of insolvency against the Issuer until 2 (two) years plus 1 (one) day have elapsed since the day on which any note issued (including the Notes) or to be issued by the Issuer has been paid in full. There can be no assurance that each and every Noteholder and Other Issuer Creditor will honour its contractual obligation not to petition or begin proceedings for a declaration of insolvency against the Issuer before two years and one day have elapsed after the day on which any note issued (including the Notes) or to be issued by the Issuer has been paid in full. In addition, under Italian law, any other creditor of the Issuer who is not a party to the Intercreditor Agreement, an Italian public prosecutor (*pubblico ministero*), a director of the Issuer (who could not validly undertake not to do so) or an Italian court in the context of any judicial proceedings to which the Issuer is a party would be able to begin insolvency or winding-up proceedings against the Issuer in respect of any unpaid debt. Such creditors could arise, for example, by virtue of unexpected expenses owed to third parties including those additional creditors that the Issuer will have as a result of any Further Securitisation (as defined below). In order to address this risk, the applicable Priority of Payments contains provisions for the payment of amounts to third parties. Similarly, monies to the credit of the Expenses Account may be used for the purpose of paying the on-going fees, costs, expenses, liabilities and taxes of the Issuer to third parties not being Other Issuer Creditors.

The Issuer is unlikely to have a large number of creditors unrelated to this Securitisation or any other securitisation transaction (such as any Further Securitisation (as defined below)) because the corporate object of the Issuer, as contained in its by-laws (*statuto*), is limited and the Issuer has provided certain covenants in the Intercreditor Agreement and the other Transaction Documents which contain restrictions on the activities which the Issuer may carry out with the result that the Issuer may only carry out limited transactions.

No creditors other than the Representative of the Noteholders on behalf of the Noteholders, the Other Issuer Creditors and any third-party creditors having the right to claim for amounts due in connection with this Securitisation would have the right to claim in respect of the Receivables, even in a bankruptcy of the Issuer.

Notwithstanding the above, there can be no assurance that, if any bankruptcy proceedings were to be commenced against the Issuer, the Issuer would be able to meet all of its obligations under the Notes.

Further Securitisations

The Issuer may, by way of a separate transaction, with prior written consent of the Representative of the Noteholders and subject to the other conditions set-out in the Conditions, purchase and securitise further portfolios of monetary claims in addition to the Receivables (each a **Further Securitisation**).

Under the terms of article 3 of the Securitisation Law, the assets relating to each securitisation transaction carried out by a company are stated to be segregated from all other assets of the company and from those related to each other securitisation transaction, and, therefore, on a winding-up of such a company, such assets will only be available to holders of the notes issued to finance the acquisition of the relevant receivables and to certain creditors claiming payment of debts incurred by the company in connection with the securitisation. Accordingly, the right, title and interest of the Issuer in and to the Receivables and the other Issuer's Rights should be segregated from all other assets of the Issuer (including, for the avoidance of doubt, any other portfolio purchased by the Issuer pursuant to any Further Securitisation) and amounts deriving therefrom should be available on a winding-up of the Issuer only to satisfy the obligations of the Issuer to the holders of the Notes and the payment of any amounts due and payable to the Other Issuer Creditors any other third-party creditors in respect of any taxes, costs, fees, expenses or liabilities incurred by the Issuer in relation to the securitisation of the Receivables.

Although the Securitisation Law provides for the assets relating to a securitisation transaction carried out by the Issuer to be segregated and separated from those of the Issuer or of other securitisation transactions carried out by the Issuer, such as any Further Securitisation, this segregation principle will not extend to the tax treatment of the Issuer and should not affect the applicable methods of calculation of the net taxable income of the Issuer.

Factors which are material for the purpose of assessing the market risks associated with Notes

Suitability

Prospective investors should determine whether an investment in the Notes is appropriate in their particular circumstances and should consult with their legal, business and tax advisers to determine the consequences of an investment in the Notes and to arrive at their own evaluation of the investment.

Investment in the Notes is only suitable for investors who:

- (a) have the requisite knowledge and experience in financial and business matters to evaluate the merits and risks of an investment in the Notes;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate such merits and risks in the context of their financial situation;
- (c) are capable of bearing the economic risk of an investment in the Notes; and
- (d) recognise that it may not be possible to dispose of the Notes for a substantial period of time, if at all.

Prospective investors in the Notes should make their own independent decision whether to invest in the Notes and whether an investment in the Notes is appropriate or proper for them, based upon their own judgement and upon advice from such advisers as they may deem necessary.

Prospective investors in the Notes should not rely on or construe any communication (written or oral) of the Issuer, the Originator or the Arrangers as investment advice or as a recommendation to invest in the Notes, it being understood that information and explanations related to the Conditions shall not be considered to be investment advice or a recommendation to invest in the Notes.

No communication (written or oral) received from the Issuer, the Arrangers or the Originator or from any other person shall be deemed to be an assurance or guarantee as to the expected results of an investment in the Notes.

Yield and repayment considerations

The amount and timing of the receipt of Collections and the courses of action to be taken by the Servicer with respect to the servicing, administration, collection and other recoveries on the Receivables, as well as other events outside the control of the Servicer and the Issuer, will affect the performance of the Portfolio and the weighted average life of the Notes. The weighted average life of the Notes will be affected by the timing and amount of receipts in respect of the Receivables, which will be influenced by the courses of action followed by the Servicer with respect to the Receivables and decisions to alter such courses of action from time to time, as well as by economic, geographic, social and other factors including, *inter alia*, the availability of alternative financing and local, regional and national economic conditions. Settlement or sales of Receivables earlier or later or for different amounts than anticipated may significantly affect the weighted average life of the Notes. The stream of principal payments received by a Noteholder may not be uniform or consistent. No assurance can be given as to the yield to maturity which will be experienced by a purchaser of any Notes. The yield to maturity may be adversely affected by higher or lower rates of delinquency, prepayment and default on the Receivables.

Italian Legislative Decree no. 141 of 13 August 2010, as subsequently amended (**Legislative Decree 141**), has introduced in the Consolidated Banking Act article 120-*quater*, which provides for certain measures for the protection of consumers' rights and the promotion of the competition in, *inter alia*, the Italian loan market. Legislative Decree 141 repealed article 8 (except for paragraphs 4-*bis*, 4-*ter* and 4-*quater*) of Italian Law Decree number 7 of 31 January 2007, as converted into law by Italian Law number 40 of 2 April 2007 (the **Bersani Decree**), replicating though, with some additions, such repealed provisions. The purpose of article 120-*quater* of the Consolidated Banking Act is to facilitate the exercise by the borrowers of their right of prepayment of the loan (the **Prepayment**) and/or subrogation of a new bank or financial intermediary into the rights of their creditors in accordance with article 1202 (*surrogazione per volontà del debitore*) of the Italian civil code (the **Subrogation**). In particular, with respect to the Prepayment, under article 125-*sexies* of the Consolidated Banking Act, a consumer (as qualified pursuant to article 121, paragraph 1, letter b), of the Consolidated Banking Act) is entitled to prepay the relevant Loan, in whole but not in part, at any time, with a prepayment fee not higher than 1 per cent. of the principal amount outstanding. The rate of prepayment of Loans cannot be predicted and is influenced by a wide variety of economic, social and other factors, including prevailing consumer and ordinary loans market interest rates and margins offered by the banking system, the availability of alternative financing and local and regional economic conditions. Therefore, no assurance can be given as to the level of prepayments that the Loans will experience. With respect to the Subrogation, article 120-*quater* of the Consolidated Banking Act provides for that, in case of a loan, overdraft facility or any other financing granted by a bank or financial intermediary, the relevant borrower can exercise the Subrogation, even if the borrower's debt towards the lending bank is not due and payable or a term for repayment has been agreed for the benefit of the creditor. If the Subrogation is exercised by the borrower, a new lender will succeed to the former lender also as beneficiary of all existing ancillary security interests and guarantees. Any provision of the relevant agreement which may prevent the borrower from exercising such Subrogation or render the exercise of such right more cumbersome for the borrower is void. The borrower shall not bear any notarial or administrative cost connected to the Subrogation. Furthermore, paragraph 7 of article 120-*quater* of the Consolidated Banking Act provides that, in case the Subrogation is not perfected within 30 working days from the date on which the original lender has been requested to cooperate for the conclusion of the Subrogation, the original lender shall indemnify the borrower for an amount equal to 1 per cent of the loan or facility granted, for each month or fraction of month of delay. The original lender has the

right to ask for indemnification from the subrogating lender, in case the latter is to be held liable for the delay in the conclusion of the Subrogation.

The impact of the above on the yield at maturity and weighted average life of the Notes cannot be predicted. Based, *inter alia*, on assumed rates of prepayment, the approximate average life of the Rated Notes is set out in the section entitled “in “*Expected weighted average life of certain Classes of Notes and assumptions*”. However, the actual characteristics and performance of the Loans will differ from such assumptions and any difference will affect the percentages of the Principal Amount Outstanding of the Notes over time and the weighted average life of the Notes. For further details, see the section entitled “*Expected weighted average life of certain Classes of Notes and assumptions*”.

Early amortisation of the Notes following occurrence of a Purchase Termination Event

Investors should be aware that the occurrence of a Purchase Termination Event will cause the Revolving Period to terminate. The Purchase Termination Events are triggers which relate to the performance of the Portfolio or the performance of FCAB in its various capacities. Upon commencement of the Amortisation Period the Notes will be redeemed in accordance with the Pre-Trigger Notice Principal Priority of Payments and, accordingly, repayment of the Principal Amount Outstanding of the Notes may be earlier than expected. This may adversely affect the yield on each Class of Notes.

Excessive prepayments and defaults on the higher interest rate Receivables

Some of the Receivables will have interest rates higher than the Discount Rate. Excessive prepayments and defaults on the higher interest rate Receivables may adversely impact on the Notes by resulting in a Portfolio that has a lower weighted average interest rate and, as a consequence, by reducing the amounts available to make payments on the Notes.

Liquidity and credit risk

The Issuer is subject to the risk of delay arising between the receipt of payments due from Borrowers and the scheduled Payment Dates. The Issuer is also subject to the risk of, *inter alia*, default in payment by the Borrowers and failure by the Servicer to collect or recover or transfer sufficient funds in respect of the Receivables in order to enable the Issuer to discharge all amounts payable under the Notes. These risks are mitigated by the liquidity and credit support provided: (A) in respect of the Class A Notes, by the Mezzanine Notes of each Class and the Junior Notes; (B) in respect of the Class B Notes, by the Class C Notes, the Class D Notes and by the Junior Notes; (C) in respect of the Class C Notes, by the Class D Notes and by the Junior Notes; (D) in respect of the Class D Notes, by the Class E Notes and the Junior Notes; (E) in respect of the Class E Notes, by the Junior Notes; and (F) to a lesser extent, in respect of the Class A Notes, the Class B Notes and the Class C Notes, by the Commingling Reserve and, in respect of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes, by the Cash Reserve.

However, in each case, there can be no assurance that the levels of credit support and liquidity support provided to the Rated Notes by the Junior Notes, the Commingling Reserve and the Cash Reserve, respectively, will be adequate to ensure punctual and full receipt of amounts due under the Rated Notes.

Subordination and credit enhancement

Payments of interest and repayment of principal under the Notes are subject to certain subordination and ranking provisions.

In respect of the obligations of the Issuer to pay interest and repay principal on the Notes, the Conditions and the Intercreditor Agreement provide that:

- (a) in respect of the obligations of the Issuer to pay interest on the Notes and Variable Return on the Class M2 Note prior to the service of a Trigger Notice and prior to the redemption of the Notes in accordance with Condition 8.1 (*Final Redemption*), Condition 8.4 (*Optional redemption*) or Condition 8.5 (*Optional redemption for taxation or regulatory reasons*):
- (i) the Class A Notes rank *pari passu* and without any preference or priority among themselves and in priority to the Mezzanine Notes and the Junior Notes;
 - (ii) the Class B Notes rank *pari passu* and without any preference or priority among themselves and in priority to the Class C Notes, the Class D Notes, the Class E Notes and the Junior Notes, but subordinated to the Class A Notes;

- payable or be repaid until redemption in full of the Class A Notes, the Class B Notes and the Class C Notes;
- (v) the Class E Notes rank *pari passu* and without any preference or priority among themselves but subordinated to repayment of principal on the Class A Notes, the Class B Note, the Class C Notes and the Class D Notes and in priority to repayment of principal on the Junior Notes, and no amount of principal in respect of the Class E Notes shall become due and payable or be repaid until redemption in full of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes;

 - (vii) the Class M2 Note ranks subordinated to repayment of principal on the Class A Notes, the Mezzanine Notes of each Class and the Class M1 Notes, and no amount of principal in respect of the Class M2 Note shall become due and payable or be repaid until redemption in full of the Class A Notes, the Mezzanine Notes of each Class and the Class M1 Notes.
- (c) in respect of the obligations of the Issuer to (i) pay interest on the Notes and Variable Return on the Class M2 Note and (ii) repay principal on the Notes following the service of a Trigger Notice and in case of redemption of the Notes in accordance with Condition 8.1 (*Final Redemption*), Condition 8.4 (*Optional redemption*) or Condition 8.5 (*Optional redemption for taxation or regulatory reasons*):
- (i) the Class A Notes, as to interest payments, will rank *pari passu* and without any preference or priority among themselves and in priority to (A) repayment of principal on the Class A Notes; and (B) payment of interest and repayment of principal on the Mezzanine Notes and the Junior Notes and payment of Variable Return on the Class M2 Note;
 - (ii) the Class A Notes, as to principal payments, will rank *pari passu* and without any preference or priority among themselves but subordinated to payment of interest on the Class A Notes and in priority to payment of interest and repayment of principal on the Mezzanine Notes and the Junior Notes and payment of Variable Return on the Class M2 Note;
 - (iii) the Class B Notes, as to interest payments, will rank *pari passu* and without any preference or priority among themselves but subordinated to payment of interest and repayment of principal on the Class A Notes and in priority to (A) repayment of principal on the Class B Notes and (B) payment of interest and repayment of principal on the Class C Notes, the Class D Notes, the Class E Notes and the Junior Notes and payment of Variable Return on the Class M2 Note;
 - (iv) the Class B Notes, as to principal payments, will rank *pari passu* and without any preference or priority among themselves, but subordinated to (A) payment of interest and repayment of principal on the Class A Notes and (B) payment of interest on the Class B Notes and in priority to payment of interest and repayment of principal on the Class C Notes, the Class D Notes, the Class E Notes and the Junior Notes and payment of Variable Return on the Class M2 Note;
 - (v) the Class C Notes, as to interest payments, will rank *pari passu* and without any preference or priority among themselves but subordinated to payment of interest and repayment of principal on the Class A Notes and the Class B Notes and in priority to (A) repayment of principal on the Class C Notes and (B) payment of interest and repayment of principal on the

- Class D Notes, the Class E Notes and the Junior Notes and payment of Variable Return on the Class M2 Note;
- (vi) the Class C Notes, as to principal payments, will rank *pari passu* and without any preference or priority among themselves, but subordinated to (A) payment of interest and repayment of principal on the Class A Notes and the Class B Notes and (B) payment of interest on the Class C Notes and in priority to payment of interest and repayment of principal on the Class D Notes, the Class E Notes and the Junior Notes and payment of Variable Return on the Class M2 Note;
 - (vii) the Class D Notes, as to interest payments, will rank *pari passu* and without any preference or priority among themselves but subordinated to payment of interest and repayment of principal on the Class A Notes, the Class B Notes and the Class C Notes and in priority to (A) repayment of principal on the Class D Notes and (B) payment of interest and repayment of principal on the Class E Notes and the Junior Notes and payment of Variable Return on the Class M2 Note;
 - (viii) the Class D Notes, as to principal payments, will rank *pari passu* and without any preference or priority among themselves, but subordinated to (A) payment of interest and repayment of principal on the Class A Notes, the Class B Notes and the Class C Notes and (B) payment of interest on the Class D Notes, and in priority to payment of interest and repayment of principal on the Class E Notes and the Junior Notes and payment of the Variable Return on the Class M2 Note;
 - (ix) the Class E Notes, as to interest payments, will rank *pari passu* and without any preference or priority among themselves but subordinated to payment of interest and repayment of principal on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes and in priority to (A) repayment of principal on the Class E Notes and (B) payment of interest and repayment of principal on the Junior Notes and payment of Variable Return on the Class M2 Note;
 - (x) the Class E Notes, as to principal payments, will rank *pari passu* and without any preference or priority among themselves, but subordinated to (A) payment of interest and repayment of principal on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes and (B) payment of interest on the Class E Notes, and in priority to payment of interest and repayment of principal on the Junior Notes and payment of Variable Return on the Class M2 Note;
 - (xi) the Class M1 Notes, as to interest payments, will rank *pari passu* and without any preference or priority among themselves, but subordinated to payment of interest and repayment of principal on the Class A Notes and the Mezzanine Notes of each Class and in priority to repayment of principal on the Class M1 Notes and payment of interest and Variable Return and repayment of principal on the Class M2 Note;
 - (xii) the Class M1 Notes, as to principal payments, will rank *pari passu* and without any preference or priority among themselves, but subordinated to payment of interest and repayment of principal on the Class A Notes and the Mezzanine Notes of each Class and payment of interest on the Class M1 Notes and in priority to payment of interest and Variable Return and repayment of principal on the Class M2 Note;
 - (xiii) the Class M2 Note, as to interest payments, will rank subordinated to payment of interest and repayment of principal on the Class A Notes, the Mezzanine Notes of each Class and the Class M1 Notes and in priority to payment of Variable Return and repayment of principal on the Class M2 Note; and

- (xiv) the Class M2 Note, as to principal payment, will rank subordinated to payment of interest and repayment of principal on the Class A Notes, the Mezzanine Notes of each Class and the Class M1 Notes and payment of interest on the Class M2 Note and in priority to payment of Variable Return on the Class M2 Note.

As a result, in respect of the obligation of the Issuer to pay interest on the Notes and Variable Return (if any) on the Class M2 Note, as well as to repay principal on the Notes, to the extent that any losses are suffered by any of the Noteholders, such losses will be borne in the first instance by the Junior Noteholders, then (to the extent that the Class E Notes have not been redeemed) by the Class E Noteholders, then (to the extent that the Class D Notes have not been redeemed) by the Class D Noteholders, then (to the extent that the Class C Notes have not been redeemed) by the Class C Noteholders, then (to the extent that the Class B Notes have not been redeemed) by the Class B Noteholders, then (to the extent that the Class A Notes have not been redeemed) by the Class A Noteholders.

Prospective investors in the Class A Notes, the Mezzanine Notes of each Class and the Junior Notes should have particular regard to the sections headed “*Transaction Overview - The Notes – Status*”, “*Transaction Overview - Credit structure*” above in determining the likelihood or extent of any shortfall of funds available to the Issuer to meet payments of interest and Variable Return and/or repayment of principal due under the Class A Notes, the Mezzanine Notes of each Class, or, as applicable, the Junior Notes.

See also sections headed “*Transaction Overview – Issuer Available Funds and Priorities of Payments*” and “*Transaction Overview – The Notes*” above and “*Terms and Conditions of the Notes*” below.

Interest Rate Risk

The Receivables include interest payments calculated at fixed interest rates which are different from the interest rates applicable to interest in respect of the Notes. The Issuer expects to meet its payment obligations under the Notes primarily from the payments relating to the collections. However, the interest component in respect of such payments has no correlation to the interest rate from time to time applicable to the Notes.

Relationship among Noteholders and between Noteholders and Other Issuer Creditors

The Intercreditor Agreement contains provisions applicable where, in the opinion of the Representative of the Noteholders, there is a conflict between all or any of the interests of one or more Classes of Noteholders, or between one or more Classes of Noteholders and any Other Issuer Creditors, requiring the Representative of the Noteholders to have regard only to the holders of the Most Senior Class of Notes then outstanding and the Representative of the Noteholders is not required to have regard to the holders of any other Class of Notes then outstanding, nor to the interests of the Other Issuer Creditors, except to ensure that the application of the Issuer’s funds is in accordance with the applicable Priority of Payments. In addition, the Rules of the Organisation of Noteholders contain provisions requiring the Representative of the Noteholders to have regard to the interests of each Class of Noteholders as a class and relieves the Representative of the Noteholders from responsibility for any consequence for individual Noteholders as a result of such Noteholders being domiciled or resident in, or otherwise connected in any way with, or subject to the jurisdiction of, a particular territory or taxing jurisdiction.

If a Trigger Event occurs, then (subject to Condition 12.3 (*Conditions to delivery of Trigger Notice*)) the Representative of the Noteholders may, in its sole discretion, or shall, if so directed by an Extraordinary Resolution of the Noteholders, serve a Trigger Notice to the Issuer (with copy to the Servicer and the Calculation Agent) declaring the Notes to be due and payable, provided that the Representative of the Noteholders shall have been indemnified and/or secured to its satisfaction against all fees, costs, expenses and liabilities to which it may thereby become liable or which it may incur by so doing.

The Intercreditor Agreement contains provisions requiring the Representative of the Noteholders to have regard to the interests of the Other Issuer Creditors as regards all powers, trusts, authorities, duties and

discretions of the Representative of the Noteholders (except where expressly provided otherwise), but requiring the Representative of the Noteholders, in the event of a conflict between the interests of the holders of any Class of outstanding Notes and any Other Issuer Creditor, to have regard only (except where specifically provided otherwise) to the interests of the holders of such Class of outstanding Notes, except to ensure that the application of the Issuer's funds is in accordance with the applicable Priority of Payments.

Resolutions of the Noteholders

Certain resolutions, to the extent properly adopted in accordance with the Rules, are binding on all Noteholders, and, therefore, certain rights of each Noteholder against the Issuer under the Conditions may be limited pursuant to any such resolution. In particular, pursuant to the Rules: (a) any resolution involving any matter other than a Basic Terms Modification that is passed by the holders of the Most Senior Class of Notes shall be binding upon all the Holders of the other Classes of Notes irrespective of the effect thereof on their interest; (b) any resolution passed at a Meeting of one or more Classes of Notes duly convened and held in accordance with the Rules shall be binding upon all Noteholders of such Class or Classes, whether or not present at such Meeting and whether or not dissenting and whether or not voting; and (c) any resolution is passed to the extent that the relevant quorum is reached.

Prospective noteholders should note that these provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant Meeting and Noteholders who voted in a manner contrary to the Meeting. For example, it should be in particular noted that, in a number of circumstances, the Notes may become subject to early redemption. Early redemption of the Notes as a result of some circumstances may be dependent upon receipt by the Representative of the Noteholders of a direction from, or a resolution passed by, a certain majority of Noteholders. If the economic interest of a Noteholder represents a relatively small proportion of the majority and its individual vote is contrary to the majority vote, its direction or vote may be ignored and, if a determination is made by certain of the Noteholders to redeem the Notes, all Noteholders, even if they did not vote, may face early redemption of the Notes held by them.

Furthermore, prospective noteholders should note that any Extraordinary Resolution involving a Basic Terms Modification shall be sanctioned by an Extraordinary Resolution of the holders of each of the other Relevant Classes of Notes. In such regard there can be a risk that the Originator may exercise its relevant voting rights in respect of the Notes held by it in a manner that may be prejudicial to other Noteholders.

Limited enforcement rights

The protection and exercise of the Noteholders' rights against the Issuer under the Notes and the enforcement of the Security is one of the duties of the Representative of the Noteholders. The Conditions limit the ability of individual Noteholders to commence proceedings (including proceedings for a declaration of insolvency) against the Issuer by conferring on the Meeting the power to determine in accordance with the Rules of the Organisation of the Noteholders on the ability of any Noteholder to commence any such individual actions. Accordingly, individual Noteholders may not, without breaching the Conditions, be able to commence proceedings or take other individual remedies against the Issuer unless the Meeting has approved such action in accordance with the provisions of the Rules of the Organisation of the Noteholders.

Remedies available for the purpose of recovering amounts owed in respect of the Notes shall be limited to actions in respect of the Receivables and the Issuer Available Funds in accordance with the applicable Priority of Payments and the Security (but, for the avoidance of doubt, excluding any Collateral). In the event that the amounts recovered pursuant to such actions are insufficient, after payment of all other claims ranking in priority to or *pari passu* with amounts due under the Notes of each Class, to pay in full all principal and interest and other amounts whatsoever due in respect of the Rated Notes, the Rated Noteholders will have no further actions available in respect of any such unpaid amounts.

Absence of secondary market and limited liquidity

There is not, at present, an active and liquid secondary market for the Notes, nor can there be any assurance that a secondary market for the Notes will develop. Even if a secondary market does develop, it may not continue for the life of the Notes or it may leave Noteholders with illiquidity of investment. Illiquidity means that a Noteholder may not be able to find a buyer to buy its Notes readily or at prices that will enable the Noteholder to realise a desired yield. Illiquidity can have a severe adverse effect on the market value of the Notes. Consequently, any sale of Notes by Noteholders in any secondary market which may develop may be at a discount to the original purchase price of those Notes.

In addition, prospective Noteholders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date hereof), whereby there is a general lack of liquidity in the secondary market for instruments similar to the Notes. As a result of the current liquidity crisis, there exists significant additional risks to the Issuer and the investors which may affect the returns on the Notes to investors.

Moreover, the current liquidity crisis has stalled the primary market for a number of financial products, including instruments similar to the Notes. While it is possible that the current liquidity crisis may soon alleviate for certain sectors of the global credit markets, there can be no assurance that the market for securities similar to the Notes will recover at the same time or to the same degree as such other recovering global credit market sectors.

There exists significant additional risks for the Issuer and investors as a result of the current crisis.

These risks include, among others, (i) the likelihood that the Issuer will find it harder to dispose of the Receivables in accordance with the Transaction Documents, (ii) the possibility that, on or after the Issue Date, the price at which assets can be sold by the Issuer will have deteriorated from their effective purchase price and (iii) the increased illiquidity and price volatility of the Notes as there is currently no secondary trading in asset-backed securities. These additional risks may affect the returns on the Notes to investors.

Performance of the Portfolio

The Portfolio comprises Loans which are classified as performing (*crediti in bonis*) by the Originator in accordance with the Bank of Italy's guidelines as at the relevant Portfolio Transfer Effective Date. See the section headed "*The Portfolio*" below. There can be no guarantee that the Borrowers will not default under such Loans or that they will continue to perform thereunder. It should be noted that adverse changes in economic conditions may affect the ability of the Borrowers to repay the Loans.

The recovery of overdue amounts in respect of the Loans will be affected by the length of enforcement proceedings in respect of the Loans, which in the Republic of Italy can take a considerable amount of time depending on the type of action required and where such action is taken. Factors which can have a significant effect on the length of the proceedings include the following: (i) certain courts may take longer than the national average to enforce the Loans and (ii) more time will be required for the proceedings if it is necessary first to obtain a payment injunction (*decreto ingiuntivo*) or if the Borrower raises a defence or counterclaim to the proceedings.

No independent investigation in relation to the Portfolio

None of the Issuer, the Arrangers nor any other party to the Transaction Documents has undertaken or will undertake any loan file review, searches or other actions to verify the details of the Receivables and the Portfolio, nor has any of such persons undertaken, nor will any of them undertake, any investigations, searches or other actions to establish the creditworthiness of any Borrower or any other debtor thereunder. There can be no assurance that the assumptions used in the modelling of the cash flows of the Receivables and the Portfolio accurately reflect the status of the underlying Loan.

The Issuer will rely instead on the representations and warranties given by the Originator in the Warranty and Indemnity Agreement and in the Master Receivables Purchase Agreement. The only remedies of the Issuer in respect of the occurrence of a breach of a representation and warranty which materially and adversely affects the value of a Receivable will be the requirement that the Originator indemnifies the Issuer for the damage deriving therefrom or repurchases the relevant Receivable. See “*The Warranty and Indemnity Agreement*” below. There can be no assurance that the Originator will have the financial resources to honour such obligations.

The parties to the Warranty and Indemnity Agreement have expressly agreed, pursuant to clause 2.5 thereof, that the representations and warranties given by the Originator are not subject to the expiry and lapse of time (*decadenza* and *prescrizione*) provisions set out by articles 1495 and 1497 of the Italian civil code. However, there is a possibility that the one year limitation period (*prescrizione*) could be held to apply to some or all representations and warranties given by the Originator on the grounds that article 1495 of the Italian civil code (which regulates ordinary sales contracts (*contratti di compravendita*)) may not be derogated by the parties to a sale agreement such as the Master Receivables Purchase Agreement.

Recoveries under the Loans

Following default by a Borrower under a Loan, the Servicer will be required to take steps to recover the sums due under the Loan in accordance with its Credit and Collection Policies and the Servicing Agreement. In principle, the Loan’s contracts provide that, upon two unpaid instalments falling due, the Originator is entitled to take steps to terminate its agreement with the relevant Borrower under the Loan and to require immediate repayment of all amounts advanced and/or due under the relevant Loan in accordance with its terms. See the section headed “*The Servicing Agreement*” and “*The Credit and Collection Policies*” below.

The Servicer may take steps to recover the deficiency from the Borrower. Such steps could include an out-of-court settlement; however, legal proceedings may be taken against the Borrower if the Servicer is of the view that the potential recovery would exceed the costs of the enforcement measures. In such event, due to the complexity of and the time involved in carrying out legal or insolvency proceedings against the Borrower and the possibility for challenges, defences and appeals by the Borrower, there can be no assurance that any such proceedings would result in the payment in full of outstanding amounts under the relevant Loan.

In the Republic of Italy, a lender which has received a judgment against a debtor in default may enforce the judgment through a forced sale of the debtor’s (or guarantor’s) goods (*pignoramento mobiliare*) or real estate assets (*pignoramento immobiliare*), if the lender has previously been granted a court order or injunction to pay amounts in respect of any outstanding debt or unperformed obligation.

Forced sale proceedings are directed against the debtor’s properties following service on the relevant debtor of a *titolo esecutivo*, i.e. an instrument evidencing the nature of the claims and having certain characteristics together with an *atto di precetto*.

The average length of time for a forced sale of a debtor’s goods, from the court order following a final judgement or injunction of payment to the final sharing-out, is about three years. The average length of time for a forced sale of a debtor’s real estate asset, from the court order or injunction of payment to the final sharing-out, is between six and seven years. These are, however, only average time periods and individual cases could take considerably longer. In addition, in the medium-sized central and northern Italian cities the length of a forced sale proceedings can be significantly less, whereas in major cities or in southern Italy the duration of the procedure can significantly exceed the average.

Attachment proceedings may also be commenced on due and payable claims of a borrower (such as bank accounts, salary, etc.) or on a borrower’s moveable property which is located on a third party’s premises.

The Securitisation Law

As at the date of this Prospectus, limited interpretation of the application of the Securitisation Law has been issued by any Italian governmental or regulatory authority. Consequently, it is possible that such authorities may issue further regulations relating to the Securitisation Law or to the interpretation thereof, the impact of which cannot be predicted by the Issuer or any other party as at the date of this Prospectus.

Law Decree number 145 of 23 December 2013 (“*Interventi urgenti di avvio del piano “Destinazione Italia”, per il contenimento delle tariffe elettriche e del gas, per la riduzione dei premi RC-auto, per l’internazionalizzazione, lo sviluppo e la digitalizzazione delle imprese, nonché misure per la realizzazione di opere pubbliche ed EXPO 2015*”) converted into Law number 9 of 21 February 2014, and Italian Law Decree number 91 of 24 June 2014 (“*Disposizioni urgenti per il settore agricolo, la tutela ambientale e l’efficientamento energetico dell’edilizia scolastica e universitaria, il rilancio e lo sviluppo delle imprese, il contenimento dei costi gravanti sulle tariffe elettriche, nonché per la definizione immediata di adempimenti derivanti dalla normativa europea*”) converted into Law number 116 of 11 August 2014, introduced certain amendments aimed at improving the Securitisation Law, granting additional legal benefits to the entities involved in the securitisation transactions in Italy and better clarifying certain provisions of the Securitisation Law. For further details with respect to such legislation, please see the section headed “*Selected Aspects of Italian Law*”.

Servicing of the Portfolio

The Portfolio has always been serviced by FCAB up to the transfer of the relevant Receivables as owner of the Loans and the relevant Receivables and, following the transfer of the Receivables to the Issuer, as Servicer pursuant to the Servicing Agreement. As a result, the net cash flows from the Portfolio may be affected by decisions made, actions taken and collection procedures adopted by the Servicer pursuant to the provisions of the Servicing Agreement.

The Servicer has been appointed by the Issuer to collect the Receivables transferred by it (as Originator) to the Issuer and for the cash and payment services (*soggetto incaricato della riscossione dei crediti ceduti e dei servizi di cassa e di pagamento*). In accordance with the Securitisation Law, the Servicer is therefore responsible for ensuring that the collection of the Receivables serviced by it and the relative cash and payment services comply with Italian law and with this Prospectus.

Italian consumer protection legislation

The Portfolio include Loans which qualify as “consumer loans”, i.e. loans extended to individuals (the “consumers”) acting outside the scope of their entrepreneurial, commercial, craft or professional activities.

In Italy, consumer loans are regulated by, *inter alia*: (a) articles 121 to 126 of the Consolidated Banking Act and (b) regulation of the Bank of Italy dated 29 July 2009 (*Trasparenza delle operazioni e dei servizi bancarie e finanziari. Correttezza delle relazioni tra intermediari e clienti*), as amended and supplemented from time to time. Under the current legislation, consumer loans are only those granted for amounts respectively lower and higher than the maximum and minimum levels set by sub-section 1 of article 122 of the Consolidated Banking Act.

The following risks, *inter alia*, could arise in relation to a consumer loan contract:

- (a) pursuant to sub-sections 1 and 2 of article 125-*quinquies* of the Consolidated Banking Act, borrowers under consumer loan contracts linked to supply contracts have the right to terminate the relevant contract with the lender following a default by the supplier, provided that such default meets the conditions set out in article 1455 of the Italian civil code. In the case of termination of the consumer loan contract, the lender must reimburse all instalments and sums paid by the consumer. However, the lender has the right to claim these payments from the relevant defaulting supplier. Pursuant to

sub-section 4 of article 125-*quinquies* of the Consolidated Banking Act, borrowers are entitled to exercise against the assignee of any lender under such consumer loan contracts any of the defences mentioned under sub-sections 1 to 3 of the same article, which they had against the original lender. It should, however, be noted that, FCAB has represented under the Warranty and Indemnity Agreement that each Car Seller has fulfilled, or will fulfil, as the case may be, its obligation to deliver each Car to the relevant Borrower as at the relevant Portfolio Transfer Effective Date.

- (b) pursuant to sub-section 1 of article 125-*sexies* of the Consolidated Banking Act, borrowers under consumer loan contracts have the right to prepay any consumer loan without penalty and with the additional right to a *pro rata* reduction in the aggregate costs and interests of the loan. It should, however, be noted that, in the event of prepayment by the borrower, the lender, under certain circumstances, is entitled to a compensation equal to 1 per cent. of the prepaid amount of the consumer loan if the residual duration of the consumer loan is longer than one year, and equal to 0.5 per cent. of the same amount, if shorter; in any case, no prepayment penalty shall be due:
- (i) if the repayment has been made under an insurance contract intended to provide a credit repayment guarantee; or
 - (ii) in the case of overdraft facilities; or
 - (iii) if the repayment falls within a period for which the borrowing rate is not fixed; or
 - (iv) the prepaid sum is equal to the total outstanding amount of the relevant consumer loan and is equal or less than €10,000; and
- (c) pursuant to sub-section 1 of article 125-*septies* of the Consolidated Banking Act, debtors are entitled to exercise, against the assignee of a lender under a consumer loan contract, any defence (including set-off) which they had against the original lender, in derogation to the provisions of article 1248 of the Italian civil code (that is even if the borrower has accepted the assignment or has been notified thereof). It is debated whether sub-section 1 of article 125-*septies* of the Consolidated Banking Act allows the assigned consumer to set-off against the assignee only claims that had arisen *vis-à-vis* the assignor before the assignment or also those claims arising after the assignment, regardless of any notification/acceptance of the same. In this respect it should be noted that the Securitisation Law (as recently amended) provides, *inter alia*, that, notwithstanding any provision of law providing otherwise, no set-off may be exercised by a debtor *vis-à-vis* the purchasing issuer grounded on claims which have arisen towards the seller after (a) the date of publication of the notice of transfer of the relevant receivables in the Official Gazette or (b) the payment of the purchase price (even partial) of the relevant receivables bearing data certain at law (*data certa*) (please also refer to the risk factor below headed “*Enforceability of the assignment of the Receivables against the Borrowers*” as to the impact that the existence of a contractual undertaking by FCAB to notify the Borrowers of the assignment of the Receivables may have on the Borrowers’ set-off rights against the Issuer). Furthermore, in the Warranty and Indemnity Agreement the Originator has represented that no Borrower is entitled to exercise any rights of termination, counterclaim, set-off or defence pursuant to the terms of the relevant Loan Agreement that would render the relevant Loan Agreement unenforceable, in whole or in part, or subject to any right of rescission, counterclaim, set-off or defence; for further details, see also the paragraph “*The assignment*” under section “*Selected Aspects of Italian Law*” below.

The Loans disbursed to Borrowers who qualify as a “consumer” pursuant to the Consolidated Banking Act are regulated, *inter alia*, by article 1469-*bis* of the Italian civil code and by the legislative decree 6 September 2005, No. 206 (“*Codice del consumo, a norma dell’articolo 7 della legge 29 luglio 2003, n. 229*”) (the **Consumer Code**), which implement EC Directive 93/13/CEE on unfair terms in consumer contracts, and provide that any clause in a consumer contract which contains a material imbalance between the rights and obligations of the consumer under the contract, is deemed to be unfair and is not enforceable against the consumer whether or not the consumer’s counterparty acted in good faith.

Article 33 of the Consumer Code identifies clauses which, if included in consumer contracts, are deemed to be *prima facie* unfair but which are binding on the consumer if it can be shown that such clauses were actually individually negotiated or that they can be considered fair in the circumstances of the relevant consumer contract. Such clauses include, *inter alia*, clauses which give the right to the non-consumer contracting party to (a) terminate the contract or (b) modify the conditions of the contract without reasonable cause. However, with regard to financial contracts, if there is a valid reason, the provider is empowered to modify the economic terms but must inform the consumer immediately; in this case, the consumer has the right to terminate the contract.

Pursuant to article 36 of the Consumer Code, the following clauses, *inter alia*, are considered null and void as a matter of law and are not enforceable: (a) any clause which has the effect of excluding or limiting the remedies of the consumer in case of total or partial failure by the non-consumer contracting party to perform its obligations under the consumer contract; and (b) any clause which has the effect of making the consumer party to be bound by clauses he has not had any opportunity to consider and evaluate before entering into the consumer contract.

FCAB has represented and warranted in the Warranty and Indemnity Agreement that the Loans comply with all applicable laws and regulations.

Enforceability of the assignment of the Receivables against the Borrowers

The assignment of each Pool has been made or will be made, as the case may be, pursuant to the Securitisation Law and the Factoring Law. According to article 4, first paragraph, of the Securitisation Law, paragraphs 2, 3 and 4 of article 58 of the Consolidated Banking Act are applicable to the assignment of receivables made pursuant to the Securitisation Law. The prevailing interpretation of this provision is that the assignment can be perfected against the debtors in respect of the assigned receivables by way of publication of the relevant notice of sale in the Official Gazette and registration in the companies register, so avoiding the need for individual notification to be served on each debtor.

Furthermore, pursuant to article 4, first paragraph, of the Securitisation Law (as recently amended), the notice of sale in the Official Gazette of the assignment of those receivables which have the characteristics set out under article 1 of the Factoring Law may be simplified by including only information regarding the originator, the assignee and the date of assignment. As an alternative, the perfection of the assignment of such receivables may be governed by article 5, paragraphs 1, 1-bis and 2 of the Factoring Law, according to which the enforceability of the assignment against third parties is obtained by having the payment of the relevant purchase price with date certain at law (“*data certa*”).

In such respect it should be noted that (i) in respect of the Initial Pool, the enforceability of the assignment against third parties has been obtained through the publication of a simplified notice of the assignment of the Initial Pool, prepared in accordance with article 4, first paragraph, of the Securitisation Law, in the *Gazzetta Ufficiale della Repubblica Italiana, Parte Seconda*, No. 52 of 30 April 2016 and registration of the same in the companies register of Treviso-Belluno on 28 April 2016, (ii) in respect of the Additional Pools sold on 7 November 2016 and 27 March 2018, the enforceability of the assignment against third parties has been obtained through the publication of a simplified notice of the assignment of the relevant Additional Pool, prepared in accordance with article 4, first paragraph, of the Securitisation Law, in the *Gazzetta Ufficiale della Repubblica Italiana, Parte Seconda*, No. 133 of 10 November 2016 and No. 38 of 31 March 2018 respectively and the registration of the same in the companies register of Treviso-Belluno on 8 November 2016 and 28 March 2018 respectively, (iii) in respect of the Additional Pools sold on 7 July 2016, 7 October 2016 and between 9 January 2017 and 6 March 2018, the enforceability of the assignment against third parties has been or will be obtained, as the case may be, by having the payment of the relevant Purchase Price with date certain at law (“*data certa*”), and (iv) in respect of any further Additional Pool that may be sold during the Revolving Period, the enforceability of the assignment against third parties has been or will be obtained, as the case may be, by having the payment of the relevant Purchase Price with date certain at law (“*data certa*”).

However, certain of the Loan Agreements include a requirement for notification to be made to the Borrowers, and in this regard FCAB has undertaken to notify the Borrowers of the assignment of the Receivables in those Loan Agreements. As a consequence of such contractual provision, the assignment of the Receivables will become enforceable against the Borrower only when they have received such individual notice. In this respect, it should be noted that FCAB (in its capacity as Servicer) has undertaken, in the Servicing Agreement, to notify each Borrower, in accordance with the provisions of the Loan Agreements and pursuant to its ordinary procedures, no later than the last calendar day of the eleventh month following the relevant Completion Date, of the assignment of the Receivables to the Issuer, provided that:

- (a) in the event the Servicer's long-term, unsecured and unsubordinated debt obligations cease to be rated at least "BB-" by Fitch, such notification shall be carried out no later than 20 (twenty) Business Days following the occurrence of such downgrading event and provided further that, in case such notification is not carried out by FCAB within the above described 20 (twenty) Business Days term, such notification will be carried out by the Issuer or its agents;
- (b) in the event FCAB intends to allow the opening of deposit accounts with FCAB by any of the Borrowers who have not received the above notification, such notification shall be carried out before the opening of the relevant deposit accounts.

As a consequence of the contractual undertaking by FCAB to notify the Borrowers of the assignment of the Receivables, it cannot be excluded that a court may hold that the Borrowers would be entitled to exercise set-off rights *vis-à-vis* the Issuer grounded on claims which have arisen towards the Originator up to the date on which the assignment is notified to themselves in accordance with the provisions of the relevant Loan Agreement.

Used vehicle risk

Historically, the risk of non-payment of auto loans in relation to used vehicles is greater than in relation to auto loans for the purchase of new vehicles. In order to mitigate such risk, it is provided, under the Master Receivables Purchase Agreement, that a Pool may be transferred from FCAB to the Issuer only if each of the Receivables included therein does not cause, following the relevant transfer to the Issuer, the aggregate Net Present Value of the Receivables related to the Loan Agreements entered into for the purchase of used Cars to exceed the 25 per cent. (or, starting from the Second Re-tranching Date, 16 per cent.) of the Net Present Value of all the Receivables sold to the Issuer. In such respect please refer to section entitled "*The Portfolio*" below and the paragraph entitled "*Source of payments to Noteholders*" above.

Right to vehicles

The Issuer will acquire from the Originator interests in the Receivables, including rights to receive certain payments from Borrowers and other ancillary rights under the Loan Agreements.

However, since the Receivables are not guaranteed by any mortgage or privilege registered on the Car, in the event of a payment default by the Borrower, the Originator's right to repossess the vehicle is limited.

It may be difficult to trace and repossess any vehicle. In addition, any proceeds of sale of a vehicle may be less than the amount owed under the related Loan Agreement and any vehicle may be subject to an existing lien. Any action to recover outstanding amounts may not be pursued if to do so would be uneconomic.

The Originator will undertake not to impair the rights of the Issuer in the Receivables except in accordance with the proper performance of its duties under the Servicing Agreement.

Italian Usury Law

Italian Law number 108 of 7 March 1996 (as amended and supplemented, the **Usury Law**) introduced legislation preventing lenders from applying interest rates equal to or higher than rates (the **Usury Rates**) set

every three months on the basis of a Decree issued by the Italian Treasury (the last such Decree having been issued on 28 March 2018). In addition, even where the applicable Usury Rates are not exceeded, interest and other advantages and/or remuneration may be held to be usurious if: (i) they are disproportionate to the amount lent (taking into account the specific circumstances of the transaction and the average rate usually applied for similar transactions) and (ii) the person who paid or agreed to pay was in financial and economic difficulties. The provision of usurious interest, advantages or remuneration has the same consequences as non-compliance with the Usury Rates.

With a view to limiting the impact of the application of the Usury Law to Italian loans executed prior to the entering into force of the Usury Law, the Italian Government has specified with Law Decree number 394 of 29 December 2000 (the **Usury Law Decree**), converted into Law number 24 by the Italian Parliament on 28 February 2001, that an interest rate is to be deemed usurious only if it is higher than the Usury Rate in force at the time the relevant agreement is reached, regardless of the time at which interest is repaid by the borrower. However, it should be noted that few commentators and some lower court decisions have held that, irrespective of the principle set out in the Usury Law Decree, if an interest originally agreed at a rate falling below the then applicable usury limit were, at a later date, to exceed the usury limit from time to time in force, such interest should nonetheless be reduced to the then applicable usury limit. Recently, such opinion seems confirmed by the Italian Supreme Court (Cass. Sez. I, 11.01.2013, number 602 and Cass. Sez. I, 11.01.2013, number 603), which stated that an automatic reduction of the applicable interest rate to the Usury Rates applicable from time to time shall apply to the loans.

The Usury Law Decree also provides that, as an extraordinary measure due to the exceptional fall in interest rates in 1998 and 1999, interest rates due on instalments payable after 2 January 2001 on loans already entered into on the date on which the Usury Law Decree came into force (such date being 31 December 2000) are to be replaced by a lower interest rate fixed in accordance with parameters fixed by the Usury Law Decree.

The validity of the Usury Law Decree has been challenged before the Italian Constitutional Court by certain consumers' associations claiming that the Usury Law Decree does not comply with the principles set out in the Italian Constitution. By decision number 29 of 14 February 2002, the Italian Constitutional Court stated, *inter alia*, that the Usury Law Decree complies with the principles set out in the Italian Constitution except for those provisions of the Usury Law Decree which provide that the interest rates due on instalments payable after 2 January 2001 on loans are to be replaced by lower interest rates fixed in accordance with the Usury Law Decree. By such decision the Italian Constitutional Court has established that the lower interest rates fixed in accordance with the Usury Law Decree are to be substituted on instalments payable from the date on which such Decree came into force (31 December 2000) and not on instalments payable after 2 January 2001.

The Italian Supreme Court, under decision number 350/2013 clarified that default interest is relevant for the purposes of determining whether an interest rate is usurious. Such interpretation is in contradiction with the current methodology for determining the Usury Rates, considering that the relevant surveys aimed at calculating the applicable average rate never took into account the default interest rates.

The Italian Supreme Court, under decision number 350/2013, as recently confirmed by decision number 23192/17, has clarified that the default interest rates are relevant and must be taken into account when calculating the aggregate remuneration of any given financing for the purposes of determining its compliance with the applicable Usury Rates. Such interpretation is in contradiction with the current methodology for determining the Usury Rates, considering that the relevant surveys aimed at calculating the applicable average rate never took into account the default interest rates.

If the Usury Law were to be applied to the Notes, the amount payable by the Issuer to the Noteholders may be subject to reduction, renegotiation or repayment.

Pursuant to the Warranty and Indemnity Agreement, the Originator has represented that each Loan Agreement was entered into and is in compliance with Usury Law and has consequently undertaken to

indemnify the Issuer in respect of any losses, costs and expenses that may be incurred by the Issuer as a consequence of any breach of such representation. However, if a Loan is found to contravene the Usury Law, the relevant Borrower might be able to claim relief on any interest previously paid and oblige the Issuer to accept a reduced rate of interest, or potentially no interest on such Loan. In such cases, the ability of the Issuer to maintain scheduled payments of interest and principal on the Notes may be adversely affected.

Compounding of interest (*anatocismo*)

Pursuant to article 1283 of the Italian civil code, in respect of a monetary claim or receivable, accrued interest may be capitalised after a period of not less than six months only (i) under an agreement subsequent to such accrual or (ii) from the date when any legal proceedings are commenced in respect of that monetary claim or receivable. Article 1283 of the Italian civil code allows derogation from this provision in the event that there are recognised customary practices (“*usi*”) to the contrary. Banks and other financial institutions in the Republic of Italy have traditionally capitalised accrued interest on a quarterly basis on the grounds that such practice could be characterised as a customary practice (“*uso normativo*”). However, a number of recent judgements from Italian courts (including the judgements from the Italian Supreme Court (*Corte di Cassazione*) number 2374/99 and number 2593/03) have held that such practices may not be defined as customary practices (“*uso normativo*”).

Consequently, if Borrowers were to challenge this practice, it is possible that such interpretation of the Italian civil code would be upheld before other courts in the Republic of Italy and that the returns generated from the relevant Loan Agreements may be prejudiced.

It should be noted that paragraph 2 of article 120 of the Consolidated Banking Act, concerning compounding of interest accrued in the context of banking transactions, has been recently amended by Article 17-bis of Law Decree number 18 of 14 February 2016 (as converted into law by Law number 49 of 8 April 2016), providing that interests (other than defaulted interests) shall not accrue on capitalised interests. Paragraph 2 of article 120 of the Consolidated Banking Act also requires the *Comitato Interministeriale per il Credito e il Risparmio* (**CICR**) to establish the methods and criteria for the compounding of interest. Decree no. 343 of 3 August 2016 of the CICR, implementing paragraph 2 of Article 120 of the Consolidated Banking Act, has been published in the Official Gazette No. 212 of 10 September 2016. Given the novelty of this new legislation and the absence of any jurisprudential interpretation, the impact of such new legislation may not be predicted as at the date of this Prospectus.

In this respect FCAB has represented in the Warranty and Indemnity Agreement that each Loan Agreement was entered into and is in compliance with article 1283 of the Italian civil code and has consequently undertaken to indemnify the Issuer in respect of any losses, costs and expenses that may be incurred by the Issuer as a consequence of any breach of such representation.

The Families Plan

On 1 April 2015, the Italian Banking Association (**ABI**) and some consumers associations signed a convention (the **ABI Convention**) concerning the temporary suspension of payments of the principal quota of instalments due by individuals to the banking system in order to help those families stricken by the financial crisis (**Families Plan**).

The Families Plan is in addition to the Fund (“*Fondo di solidarietà per i mutui per l'acquisto della prima casa*” – please see the section headed “*Consideration relating to the Portfolio*”).

The Families Plan provides the possibility for individuals (upon certain conditions have been met) to request, within 31 December 2017, the suspension (only for one time and for a period not longer than 12 months) of the principal component of the instalments (the **Suspension**).

The granting of the Suspension does not cause the application of any fees or default interest for the suspension period, except when the relevant borrower is in breach of its obligation to pay the interest component of the loan instalments at their original scheduled due dates.

As a consequence of the Suspension, the reimbursement plan will be extended for a period equal to the Suspension. The borrower shall, in any case, continue to pay, at their original scheduled due dates, the interest component of the loan instalments.

The Suspension applies to:

- (a) loans granted for the purchase of real estate property to be used as the borrower's main residence (“*abitazione principale*”), only upon the occurrence of the event listed in point 3 (c) of ABI Convention (e.g. suspension of the working relationship or reduction of the working time for a period of at least 30 days); and
- (b) consumer’s loans granted to individuals in accordance with the provision of article 121 of the Consolidated Banking Act, having a duration higher than 24 months and a so-called “French” amortisation plan, regardless of the type of contractual interest rate.

In particular, it should be noted that, pursuant to the ABI Convention, also the loans which have been securitised in accordance with the provisions of the Securitisation Law may benefit of the Suspension.

In addition, the ABI Convention specifically sets out the case in which the Suspension shall not be granted (e.g. loans having late instalments for more than 90 days or loans which have already benefited of other suspensions for a period of 12 months).

The Suspension can be granted upon the occurrence, in the 24 months preceding the request of such Suspension, of one of the following events:

- (a) closing down of a permanent employment relationship (*rapporto di lavoro subordinato*), other than in the event of consensual termination (*risoluzione consensuale*) of such employment relationship or in the events in which the termination is due to the bypass of the age limit, with the consequent right to benefit of an old-age pension (*pensione di anzianità*), or in the events of resignation not for “*giusta causa*” or in the events of termination of the employment relationship for “*giusta causa*” or “*giustificato motivo soggettivo*”;
- (b) closing down of the employment relationships under article 409, paragraph 3, of the Italian civil procedure code, other than the cases of consensual termination, withdrawal of the employer for “*giusta causa*” or withdrawal of the employee not for “*giusta causa*”;
- (c) suspension of the employment relationship or reduction of the working time for a period of at least 30 days, also before the issuing of the relevant measures authorizing an income support (*sostegno al reddito*);
- (d) death or cases of loss of self –sufficiency (*condizioni di non autosufficienza*).

In any case, it should be noted that banks and the financial intermediaries may, at their discretion, grant to their customers suspensions at more favorable conditions than the ones provided under the Families Plan.

Finally, banks and financial intermediaries shall bring into effect the ABI Convention within 60 days from its execution.

It should, however, be noted that under the Servicing Agreement certain limits to the renegotiation activities to be carried out by the Servicer have been set out.

Bank recovery and resolution directive

The directive providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (Directive 2014/59/EU) (the **Bank Recovery and Resolution Directive** or **BRRD**) entered into force on 2 July 2014.

The BRRD is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe and (c) a resolution action is in the public interest: (i) sale of business -which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution -which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control); (iii) asset separation -which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in -which gives resolution authorities the power to write down certain claims of unsecured creditors of a failing institution and to convert certain unsecured debt claims to equity.

The BRRD also provides for a Member State as a last resort, after having assessed and exploited the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

The BRRD Directive applies, *inter alia*, to (i) credit institutions, (ii) investment firms, and (iii) financial institutions that are established in the European Union when the financial institution is a subsidiary of a credit institution or investment firm and is covered by the supervision of the parent undertaking on a consolidated basis.

The Bank Recovery and Resolution Directive was implemented in Italy through the adoption of two Legislative Decrees by the Italian Government, namely, Legislative Decrees No. 180/2015 and 181/2015 (together, the **BRRD Decrees**), both of which were published in the Italian Official Gazette (*Gazzetta Ufficiale*) on 16 November 2015. Legislative Decree No. 180/2015 is a stand-alone law which implements the provisions of BRRD relating to resolution actions, while Legislative Decree No. 181/2015 amends the existing Consolidated Banking Act and deals mainly with recovery plans, early intervention and changes to the creditor hierarchy. The BRRD Decrees entered into force on the date of publication on the Italian Official Gazette (i.e. 16 November 2015), save that: (i) the bail-in tool has applied since 1 January 2016; and (ii) a "depositor preference" granted for deposits other than those protected by the deposit guarantee scheme and those of individuals and SME's will apply from 1 January 2019.

It should be noted that the powers set out in the BRRD may impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors. Given the recent enactment of the Bank Recovery and Resolution Directive in Italy, as at the date of this Prospectus it is not possible to precisely assess the potential impact of the BRRD Directive and the Italian BRRD Decrees on the Securitisation.

Liquidity Coverage Ratio and High Quality Liquid Assets

Further to the introduction of the Liquidity Coverage Ratio (**LCR**) under the CRR, a delegated act has been adopted in October 2014 and published in the Official Journal of the European Union in January 2015 (the **Delegated Act**). The Delegated Act sets out rules governing what assets can be considered as high quality liquid assets (**HQLA**) and how the expected cash outflows and inflows are to be calculated under stressed conditions. HQLA are assets that can be sold on private markets with no loss or little loss of value, even in stressed conditions. With specific reference to securitisation transactions, the Delegated Act - recognizing the good liquidity performance of certain securitisations and in order to ensure consistency across financial sectors - identifies certain criteria to be complied with by securitisation instruments to be eligible as level 2B assets for credit institutions' liquidity buffers.

Neither the Issuer, the Originator, the Arrangers nor the Representative of the Noteholders or any party of the Transaction gives any representation or warranty as to whether the Securitisation complies with the specific requirements set out under the Delegated Act and, accordingly, as to the eligibility of the Notes as level 2B assets for credit institutions' liquidity buffers.

In general, prospective investors in the Notes should make their own independent decision whether to invest in any of the Notes and whether an investment in the any of the e Notes is appropriate or proper for them in their particular circumstances and in light of, *inter alia*, this specific matter, based upon their own judgment and upon advice from such own advisers as they may deem necessary and/or by seeking guidance from their relevant national regulator. No predictions can be made as to the precise effect of such matter on any investor or otherwise.

ECB Asset-Backed Securities Purchase Programme

On 4 September 2014 the ECB launched its asset-backed securities purchase programme (the **ABSPP**). The operational details and technical modalities have been provided by the Governing Council of the ECB on 2 October 2014. According to the ABSPP the ECB will be entitled to purchase in both primary and secondary markets senior and guaranteed mezzanine tranches of asset-backed securities complying with specific eligibility criteria set forth by the ECB.

None of the Issuer, the Originator and the Arrangers and any other party to the Transaction gives any representation or warranty as to whether the ECB will ultimately confirm the eligibility of the Rated Notes for the purpose of the ABSPP and none of the Issuer, the Originator, the Arrangers and the Arrangers and any other party to the Transaction will have any liability or obligation in relation thereto if the Rated Notes are deemed ineligible for such purposes.

Restructuring arrangements in accordance with Law No. 3 of 27 January 2012

Following the enactment of Italian Law No. 3 of 27 January 2012 (as amended by Decree of the Italian Government No. 179 of 18 October 2012 coordinated with the conversion Italian Law No. 221 of 17 December 2012), a debtor who is neither subject nor eligible to be subject to ordinary insolvency procedures in accordance with the Bankruptcy Law is entitled to enter into a restructuring arrangement with his/her creditors provided that (i) he/she has not been entered into any such restructuring arrangement in the last five years; (ii) the previous restructuring arrangements have not been annulled or revoked for reasons directly or indirectly ascribable to him/her; (iii) he/she has not provided a documentation suitable to reconstruct and figure out his/her patrimonial and economic situation.

Such law applies, therefore, to debtors who are not eligible to be adjudicated bankrupt under the Bankruptcy Law and who are in a state of over-indebtedness, being a situation recognisable when the “continuing imbalance between the debtor’s obligations and his/her highly liquid assets” determines “the relevant difficulties of performing his/her obligations” or the “definitive non capability of duly performing such obligations”.

A debtor in a state of over-indebtedness is entitled to submit to his/her creditors, with the assistance of a competent body (*Occ-Organismi per la Composizione della Crisi*), a draft restructuring arrangement providing that, among others, those creditors not adhering to such arrangement and those creditors having security interests over the debtor's assets will be repaid in full.

Such draft arrangement must set out, among others, the revised terms for payments due to the creditors, the security interests which may be created to secure such payments and the conditions for the dismissal of the debtor's assets. If the debtor's assets and income are not sufficient to ensure the implementation of the draft arrangement, the draft arrangement must be endorsed by one or more third-parties who undertake to provide, also by way of security, additional assets or income.

Subject to certain conditions, the draft arrangement may provide for a moratorium on payments due to those secured creditors not adhering to such arrangement for a period of up to one year since the court's certification ("*omologa*").

Upon filing of the draft arrangement and the supporting documents with the competent court, the judge appointed for the procedure is entitled to order a hearing to the extent that the relevant arrangement meets the requirements provided for by the applicable law. The draft arrangement and the decree are subject to appropriate publication and communication to creditors. During the hearing, the judge awards an automatic stay with respect to the enforcement actions over the assets of the relevant debtor until the date on which the court's certification ("*omologa*") becomes final. The automatic stay however will not apply to those creditors having title to receivables which cannot be attached.

A favourable vote of creditors representing at least 60 (sixty) per cent. of the relevant claims is required for the approval of the draft restructuring arrangement.

Once the draft restructuring arrangement is approved, the competent body shall deliver to all creditors a report on the approval procedure attaching the restructuring arrangement and the relevant creditors may challenge such arrangement within 10 (ten) days of receipt of such report.

Upon expiry of such term, the competent body will deliver the relevant report (including any challenge received and a feasibility assessment of the draft restructuring arrangement) to the competent judge who will be entitled, subject to appropriate final verification, to certify (*omologa*) the restructuring arrangement.

Once the restructuring arrangement has been certified, should the debtor be subject to bankruptcy afterwards (indeed, the debtor could become eligible for bankruptcy due to a modification of the size of the enterprise) the payments, agreements and, in general, any deeds enacted under the certified restructuring agreement are not subject to claw back.

The competent body will be in charge of supervising the due performance of the obligations arising from the relevant restructuring arrangement. Such arrangement, however, may be terminated or declared null and void in specific circumstances provided for by applicable law.

It is worth noting that such legislation provides also for:

- (a) a specific restructuring procedure for consumers. The restructuring plan of the consumer is not submitted to the approval of the creditors but only to the competent Court which shall evaluate the feasibility and suitability of the plan, also taking into account the consumer conduct; and
- (b) a liquidation procedure alternative to the restructuring arrangement. This procedure might apply, *inter alia*, when: (i) the restructuring plan is not carried out by the debtor; (ii) the debtor does not satisfy the claims for taxes and welfare duties; and (iii) frauds against creditors are committed following the certification of the plan by the Court.

On 15 July 2015 the Bank of Italy has published on its web-site a public consultation concerning such law which concluded on 17 August 2015.

Given that this legislation has only been recently introduced, the impact thereof on the cashflows deriving from the Portfolio and, as a consequence, on the amortisation of the Notes may not be predicted as at the date of this Prospectus.

Eligible Investments

The amounts standing to the credit of the Accounts may be invested in Eligible Investments upon instruction of the Cash Manager, in accordance with the Cash, Allocation Management and Payments Agreement. The investments must comply with appropriate rating criteria, as set out in the definition of “Eligible Investments”. However, it may happen that, irrespective of any such rating, such investments will be irrecoverable due to the insolvency of the debtor under the investment.

Such risk is mitigated by the provisions that, in case of downgrade of an Eligible Investment below the rating levels set out in the definition of Eligible Investments, the Issuer shall (i) in case of Eligible Investments consisting of securities, liquidate such securities within 10 (ten) calendar days (unless a loss would result from such liquidation, in which case such securities shall be allowed to mature), or (ii) in case of Eligible Investments consisting of deposits, transfer such deposits into another account opened with an Eligible Institution, within 30 (thirty) calendar days from the date on which the institution ceases to be an Eligible Institution.

None of the Originator, the Arrangers or any other party to the Transaction Documents will be responsible for any loss or shortfall deriving therefrom.

Historical, financial and other information

The historical, financial and other information set out in the sections headed “*The Credit and Collection Policies*”, “*The Servicing Agreement*”, “*The Originator, the Servicer, the Corporate Servicer, the Commingling Reserve Facility Provider and the Subscriber*” and “*The Portfolio*” below, including information in respect of collection rates, represents the historical experience of FCAB. There can be no assurance that the future experience and performance of FCAB, as Servicer of the Portfolio, will be similar to the experience shown in this Prospectus.

Administration and reliance on third parties

The ability of the Issuer to make payments in respect of the Notes will depend upon the due performance by the parties to the Transaction Documents of their respective various obligations under the Transaction Documents to which they are each a party. In particular, without limitation, the punctual payment of amounts due on the Notes will depend on the ability of the Servicer to service the Portfolio and to recover the amounts relating to Defaulted Receivables (if any). In addition, the ability of the Issuer to make payments under the Notes may depend to an extent upon the due performance by the Originator of its obligations under the Warranty and Indemnity Agreement in respect of the Portfolio. The performance of such parties of their respective obligations under the relevant Transaction Documents is dependent on the solvency of each relevant party. In each case, the performance by the Issuer of its obligations under the Transaction Documents is also dependent on the solvency of, *inter alios*, FCAB. In particular, the Issuer is subject to the risk that, in the event of insolvency of FCAB, the Collections and the Recoveries then held by the Servicer and not yet credited into the Collections Account are lost. For the purpose of reducing such risk, the Issuer has taken certain actions, such as requiring the Servicer to transfer any Collections and Recoveries to the Collections Account on the Business Day on which such amounts are so received or recovered. See for further details the sections headed “*Description of the Transaction Documents - The Servicing Agreement*” and “*Description of the Transaction Documents - The Cash Allocation, Management and Payments Agreement*”. In this respect it should be also noted that Law Decree number 91 of 24 June 2014 (as converted into law by Law number 116

of 11 August 2014), by introducing the new paragraph 2-ter to article 3 of the Securitisation Law, has limited the commingling risk in respect of collections collected, on behalf of the relevant company incorporated under the Securitisation Law, by the servicers and/or sub-servicers of the relevant securitisation transaction. See for further details the section headed “*Selected Aspects of Italian Law*”.

In the event of the termination of the appointment of the Servicer under the Servicing Agreement, and to the extent a Back-up Servicer has not been previously appointed, it would be necessary for the Issuer to appoint a substitute servicer (acceptable to the Representative of the Noteholders). Such substitute servicer would be required to assume responsibility for the services required to be performed under the Servicing Agreement for the Loans. The ability of a substitute servicer to fully perform the required services would depend, *inter alia*, on the information, software and records available at the time of the relevant appointment. There can be no assurance that a substitute servicer will be found or that any substitute servicer will be willing to accept such appointment or that a substitute servicer will be able to assume and/or perform the duties of the Servicer pursuant to the Servicing Agreement. In such circumstances, the Issuer could attempt to sell all, or part, of the Receivables, but there is no assurance that the amount received on such a sale would be sufficient to repay in full all amounts due to the Noteholders. In order to mitigate the above risk, the Issuer has appointed the Back-Up Servicer Facilitator in order to facilitate the appointment of a substitute servicer upon occurrence of certain events affecting the Servicer. The Representative of the Noteholders has no obligation to assume the role or responsibilities of the Servicer or to appoint a substitute servicer.

Legal proceedings

The group of which FCAB is the holding company is subject to a variety of claims and FCAB is party to a certain number of legal proceedings arising in the ordinary course of business. Although the outcome of such claims is inherently uncertain and several litigants claim relatively large sums in damages, FCAB has represented and warranted that, as at the date of the Warranty and Indemnity Agreement, to its knowledge, it is not involved in any litigation, the outcome of which might have adverse effects on the financial position and results of operations of FCAB and therefore jeopardise its ability to perform the obligations under any of the Transaction Documents to which it is a party. In such respect please see paragraph “*Administration and reliance on third parties*” above.

Claw-back of the transfer of the Receivables

The transfer of the Receivables under the Master Receivables Purchase Agreement is subject to claw-back by the Insolvency Receiver as follows: (i) if the sale is not undervalued (i.e. the value of the Receivables is not deemed to exceed the Purchase Price by more than 25%), within three months following the transfer if: (a) the Originator was insolvent at the time of the purchase of the Portfolio; and (b) the Insolvency Receiver can prove that the Issuer was, or ought to have been, aware of such insolvency; or (ii) if the sale is undervalued (i.e. the value of the Receivables is deemed to exceed the Purchase Price by more than 25%), within six months following the transfer if: (a) the Originator was insolvent at the time of the purchase of the Portfolio; and (b) the Issuer cannot prove that it was not, nor should it have been aware, of such insolvency.

According to the Master Receivables Purchase Agreement and with respect of the assignment of the each Pool, the Originator has provided or will provide, as the case may be, the Issuer with, *inter alia*, (i) a certificate of the *sezione fallimentare* of the competent Court (if made available by the competent Court and, with respect to each Additional Pool, to the extent not already provided in the preceding 3 (three) months), stating that no insolvency proceeding has been commenced against the Originator, and (ii) a certificate of the competent companies’ register, stating that no insolvency proceeding is pending against the Originator. Furthermore, under the Warranty and Indemnity Agreement, the Originator has represented that it was solvent as at the Initial Execution Date and such representation shall be deemed to be repeated as at each (1) Completion Date and (2) Settlement Date.

In addition, in case of sale of the Portfolio (a) following the service of a Trigger Notice or (b) in the event of an early redemption of the Notes pursuant to Condition 8.4 (*Optional redemption*) or 8.5 (*Optional*

redemption for taxation or regulatory reasons), the payment of the relevant purchase price may be subject to claw-back pursuant to article 67, paragraph 1 or 2, of the Bankruptcy Law. In order to mitigate such risk, the Intercreditor Agreement provides that (i) the relevant purchaser shall produce evidence of its solvency satisfactory to the Representative of the Noteholders, and (ii) the relevant sale price will be calculated on the basis of a third-party bank's or financial institution's evaluation of the Portfolio.

Claw-back of other payments made to the Issuer

According to article 4, paragraph 3, of the Securitisation Law, payments made by a Borrower to the Issuer are not subject to any claw-back action according to article 67 of the Bankruptcy Law. Furthermore, pursuant to the same provision, payments made by Borrowers in relation to Receivables in the context of the Securitisation under the Securitisation Law will not be subject to declaration of ineffectiveness pursuant to article 65 of the Bankruptcy Law.

Save for as described above, all other payments made to the Issuer by any party under a Transaction Document in the one year or six-month, as applicable, suspect period prior to the date on which such party has been declared bankrupt or has been admitted to compulsory liquidation may be subject to claw-back action according to article 67 of the Bankruptcy Law. The relevant payment will be set aside and clawed back if, respectively, the Issuer is not able to demonstrate that it was not aware of the insolvency of the relevant party, or the Insolvency Receiver of the relevant party is able to demonstrate that the Issuer was aware of the insolvency of the relevant party. The question as to whether or not the Issuer had actual or constructive knowledge of the state of insolvency at the time of the payment is a question of fact with respect to which a court in its discretion may consider all relevant circumstances.

Credit ratings assigned to the Rated Notes

Each credit rating to be assigned to the Rated Notes upon their issue reflects the Rating Agencies' assessment only of the likelihood of timely payment of interest and the ultimate repayment of principal on or before the Final Maturity Date, not that such payments will be paid when expected or scheduled. These ratings are based, among other things, on the Rating Agencies' determination of the value of the Portfolio, the reliability of the payments on the Portfolio and the availability of credit enhancement.

The ratings do not address, *inter alia*, the following:

- the possibility of the imposition of Italian or European withholding tax; or
- the marketability of the Rated Notes, or any market price for the Rated Notes; or
- whether an investment in the Rated Notes is a suitable investment for a prospective investor.

Ratings are not a recommendation to buy, sell or hold any security. Ratings do not comment on the adequacy of market price, the suitability of any security for a particular investor or the Tax-exempt nature or taxability of payments made in respect of any security.

Any Rating Agency may reduce or withdraw its rating if, in the sole judgment of that Rating Agency, the credit quality of the Rated Notes has declined or is in question. If any rating assigned to the Rated Notes is reduced or withdrawn, the market value of the Rated Notes may be affected.

In addition, EU regulated investors (such as investment firms, insurance and reinsurance undertakings, UCITS funds and certain hedge fund managers) are restricted from using a rating issued by a credit rating agency established in the European Union for regulatory purposes unless such credit rating agency is registered, or endorsed by a rating agency, under the CRA Regulation. As of the date of this Prospectus, both the Rating Agencies are incorporated in the European Union and have been registered in compliance with the requirements of Regulation (EC) No 1060/2009 (as subsequently amended, the **CRA Regulation**).

Tax treatment of the Issuer

Taxable income of the Issuer is determined in accordance with Italian Presidential Decree No. 917 of 22 December 1986. Pursuant to the regulations issued by the Bank of Italy on 15 December 2015 (*Istruzioni per la redazione dei bilanci e dei rendiconti degli Intermediari finanziari, degli Istituti di pagamento, degli Istituti di Moneta Elettronica, delle SGR e delle SIM*), the assets, liabilities, costs and revenues of the Issuer in relation to the securitisation of the Portfolio will be treated as off-balance sheet assets, liabilities, costs and revenues, to be reported in the notes to the financial statements. Based on the general rules, the net taxable income of a company resident in Italy should be calculated on the basis of accounting, subject to such adjustments as are specifically provided for by applicable income tax rules and regulations. However, no taxable income should accrue to the Issuer in the context of the transfer to the Issuer of the Portfolio and the securitisation transaction. This opinion has been expressed by scholars and tax specialists and has been confirmed by the tax authority (Circular No. 8/E issued by the Italian tax authority (*Agenzia delle Entrate*) on 6 February 2003) on the grounds that the net proceeds generated by the securitised assets may not be considered as legally available to an issuer insofar as any and all amounts deriving from the underlying assets are specifically destined to satisfy the obligations of such issuer to the noteholders, the originator and any other creditors of the issuer in respect of the securitisation of the underlying assets in compliance with applicable laws.

It is, however, possible that the Ministry of Economy and Finance or another competent authority may issue further regulations, letters or rulings relating to Securitisation Law which might alter or affect the tax position of the Issuer as described above in respect of all or certain of its revenues and/or items of income also through the non-deduction of costs and expenses.

Registration Tax

If the Issuer were to obtain a judgment from an Italian court in respect of a breach of any transaction document or were to enforce a foreign judgment in Italy in respect of any such breach, a registration tax at a fixed amount of €200 or at a rate of up to three per cent. of the amount awarded pursuant to any such judgment may be payable.

In addition, each Transaction Document may be subject to registration tax at a fixed amount of €200 or at a rate of up to three per cent. of the amount indicated in each transaction document where a case of use (*caso d'uso*) or an *enunciazione* will occur.

For the purposes of the Italian registration tax, a “case of use” occurs when a document is: (i) deposited with a judiciary office for administrative purposes only (e.g. the mere production of a document in court does not represent a “case of use”); or (ii) deposited with a government agency or local authority, unless such deposit is mandatory by law or regulation or is required in order for the relevant government agency or local authority to comply with its own obligations. In addition, reference in a document which is submitted for registration to another document (*enunciazione*) would entail the registration of such second document provided that all the parties to the document to which reference is made are also parties to the document submitted for registration.

In such a case, the Italian tax authorities may ask for the cross-referenced transaction documents to be filed with the competent Italian registration tax office and, consequently, the application of registration tax to such Transaction Documents according to the ordinary rules. The rule applies at Italian tax authorities’ request and only to the extent that the document filed with the registration tax office and the transaction document which has been mentioned therein are entered into by the same parties.

The same rule also applies in case of cross-references into a judicial decision of a transaction document which has not been subject to registration tax in Italy.

In cases where the transaction documents filed with the registration tax office as a consequence of a *caso d'uso* or *enunciazione* regulate supplies falling within the scope of VAT (even if VAT-exempt), registration tax would be levied at the fixed rate of Euro 200.

Substitute tax under the Notes

Payments of interest and other proceeds under the Notes may in certain circumstances, described in the section headed "*Taxation in the Republic of Italy*" of this Prospectus, be subject to a Decree 239 Deduction. In such circumstance, interest payment relating to the Notes of any Class may be subject to a Decree 239 Deduction. Decree 239 Deduction, if applicable, is levied at the rate of 26 per cent., or such lower rate as may be applicable under the relevant double taxation treaty. In the event that any Decree 239 Deduction or any other deduction or withholding for or on account of tax is imposed in respect of payments to Noteholders of amounts due pursuant to the Notes, the Issuer will not be obliged to gross-up or otherwise compensate Noteholders for the lesser amounts the Noteholders will receive as a result of the imposition of any such deduction or withholding, or otherwise to pay any additional amounts to any of the Noteholders.

For further details see the section headed "*Taxation in the Republic of Italy*".

Change of law

The structure of the transaction and, *inter alia*, the issue of the Notes and the rating assigned to the Rated Notes are based on Italian and English law, on tax and administrative practice in effect at the date hereof and having due regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given as to any possible change to Italian or English law, tax or administrative practice after the Second Re-tranching Date.

Fixed and floating security

Security given under the English law Deed of Charge, although expressed as fixed security, may take effect as a floating charge and thus on enforcement certain creditors may rank ahead of the Security granted to the Representative of the Noteholders as a matter of English law. Such creditors could include unsecured creditors (to the limited extent provided in the Enterprise Act 2002), potential statutorily defined preferential creditors of the Issuer (but, under English law, only with respect to obligations in respect of occupational pension schemes, employee remuneration or levies on coal and steel production) and/or an administrator of the Issuer to the extent of English law administration expenses. However, given the restrictions on activities of the Issuer (see Condition 5.2 (*Restrictions on activities*)) and its limited activity outside of Italy (see Condition 5.11 (*Residency and centre of main interests*)) is unlikely to have such creditors or incur such expenses.

Political and economic developments in the Republic of Italy and in the European Union

The financial condition, results of operations and prospects of the Republic of Italy and companies incorporated in the Republic of Italy may be adversely affected by events outside their control, namely European law generally, any conflicts in the region or taxation and other political, economic or social developments in or affecting the Republic of Italy generally. The unforeseen potential developments concerning such events and related issues could adversely affect the value of the Rated Notes or have other consequences for the Rated Noteholders.

It should be noted that, since the beginning of May 2010, the sovereign debt-related difficulties in several Euro-zone countries have determined the decline of the credit quality of certain EU Member States, including Cyprus, Greece, Italy, Portugal and Spain, as also reflected by downgrades suffered by such Countries. The large sovereign debts and fiscal deficits in European countries and its impact on Euro-zone banks' funding have raised concerns regarding the stability and overall standing of the Euro-zone and the suitability of the Euro as a single currency given the diverse economic and political circumstances in individual Member

States. These and other concerns could lead the potential reintroduction of national currencies in one or more Euro-zone countries or, in particularly dire circumstances, the possible dissolution of the Euro entirely. Should the Euro dissolve entirely, the legal and contractual consequences for the Noteholders would be determined by laws in effect at such time.

In addition, on 23 June 2016, the UK held a referendum on the country's membership of the European Union (Brexit). On 29 March 2017 the United Kingdom notified the European Council of its intention to withdraw from the European Union within the meaning and for the purposes of Article 50(2) of the Treaty on European Union. Article 50(2) requires that, in the light of the guidelines provided by the European Council, the Union shall negotiate and conclude an agreement with the United Kingdom, setting out the arrangements for its withdrawal from the European Union, taking account of the framework for its future relationship with the Union. Article 50 requires that such agreement shall be negotiated in accordance with Article 218(3) of the Treaty on the Functioning of the European Union and concluded on behalf of the Union by the Council, acting by a qualified majority, after obtaining the consent of the European Parliament. Under Article 50(3) of the Treaty, the EU Treaties shall cease to apply to United Kingdom from the date of entry into force of the withdrawal agreement or, failing that, two years after the notification referred to in Article 50(2), unless the European Council, in agreement with the Member State concerned, unanimously decides to extend this period. Absent such extension, and subject to the terms of any withdrawal agreement, the United Kingdom shall withdraw from the European Union no later than 29 March 2019. The consequences of Brexit are uncertain, with respect to the European Union integration process, the relationship between the United Kingdom and the European Union, and the impact on economies and European businesses.

The occurrence of such adverse scenario might result in higher levels of financial market volatility, bond impairments, increased bond spreads and other difficult to predict spill-over effects. In particular, the Rated Notes' credit rating is potentially exposed to the risk of reductions in the sovereign credit rating of Italy. On the basis of the methodologies used by rating agencies, further downgrades of Italy's credit rating may have a potential knock-down effect on the credit rating of the Rated Notes.

Volcker Rule

The Issuer is being structured so as not to constitute a "covered fund" for purposes of the regulations adopted to implement Section 619 of the Dodd-Frank Act (such statutory provision together with such implementing regulations, the **Volcker Rule**). The Volcker Rule generally prohibits "banking entities" (which is broadly defined to include U.S. banks and bank holding companies and many non-U.S. banking entities, together with their respective subsidiaries and other affiliates) from (i) engaging in proprietary trading, (ii) acquiring or retaining an ownership interest in or sponsoring a "covered fund" and (iii) entering into certain relationships with such funds. The Volcker Rule became effective on July 21, 2012, and final regulations implementing the Volcker Rule were adopted on 10 December 10 2013 and became effective on 1 April 2014. Conformance with the Volcker Rule and its implementing regulations is required by 21 July 2015 (or which will conclude as late as 21 July 2017 for certain so-called "legacy funds" that would not apply here). In the interim, banking entities must make good-faith efforts to conform their activities and investments to the Volcker Rule. Under the Volcker Rule, unless otherwise jointly determined otherwise by specified federal regulators, a "covered fund" does not include an issuer that may rely on an exclusion or exemption from the definition of "investment company" under the Investment Company Act of 1940, as amended (the **Investment Company Act**) other than the exclusions contained in Section 3(c)(1) and Section 3(c)(7) of the Investment Company Act. The general effects of the Volcker Rule remain uncertain. Any prospective investor in the certificates, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisors regarding such matters and other effects of the Volcker Rule.

Neither the Issuer, the Originator, the Arrangers nor the Representative of the Noteholders or any party of the Transaction gives any representation or warranty as to whether the Securitisation complies with the specific requirements set out under the Volcker Rule.

In general, prospective investors in the Notes should make their own independent decision whether to invest in any of the Notes and whether an investment in the any of the e Notes is appropriate or proper for them in their particular circumstances and in light of, *inter alia*, this specific matter, based upon their own judgment and upon advice from such own advisers as they may deem necessary and/or by seeking guidance from their relevant national regulator. No predictions can be made as to the precise effect of such matter on any investor or otherwise.

Eurosystem eligibility criteria

The Senior Notes have been structured in a manner so as to allow Eurosystem eligibility. However, this does not necessarily mean that the Senior Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria and, in accordance with its policies, will not be given prior to issue of the Senior Notes. If the Senior Notes are accepted for such purposes, Eurosystem may amend or withdraw any such approval in relation to the Senior Notes at anytime. Neither the Issuer, the Arrangers nor any other party to the Transaction Documents (i) gives any representation or warranty as to whether Eurosystem will ultimately confirm that the Senior Notes are eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem for such purpose; and (ii) will have any liability or obligation in relation thereto if the Senior Notes are at any time deemed ineligible for such purposes.

Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory capital charge to certain investors in securitisation exposures and/or the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Rated Notes are responsible for analysing their own regulatory position and none of the Issuer, the Arrangers nor any other party to the Transaction Documents makes any representation to any prospective investor or purchaser of the Rated Notes regarding the regulatory capital treatment of their investment in the Rated Notes on the Re-tranching Date or at any time in the future.

In particular, in Europe, investors should be aware that on 26 June 2013, the European Parliament and the European Council adopted the Directive 2013/36/EC (the **CRD IV** and the CRR repealing in full the so-called capital requirements directive (being an expression making reference to Directive 2006/48/EC and Directive 2006/49/EC).

Pursuant to article 67 of the CRD IV, an institution is subject to administrative penalties and other administrative measures if, *inter alia*, it is exposed to the credit risk of a securitisation position without satisfying the conditions set out in Article 405. Article 405 specifies that an EU regulated credit institution, other than when acting as originator, sponsor or original lender, may assume an exposure in the context of a securitisation in its trading or non-trading book only if the originator, sponsor or original lender has explicitly disclosed to such credit institution that it will retain, on an ongoing basis, a material net economic interest not lower than 5 per cent. in the securitised exposure.

The CRR (including Article 405) is directly applicable and became effective on 1 January 2014. The CRD IV has been implemented in Italy by the Bank of Italy Instructions (*Disposizioni di Vigilanza per le Banche*) entered into force in 1 January 2014.

Similar requirements to those set out in articles 405 and following of the CRR are imposed on (a) EU-regulated alternative investment fund managers by chapter 3, section 5 of the AIFMR and, in particular, Article 51 and (b) EU insurance and reinsurance companies by Article 254 of the Solvency II Regulation.

In the Subscription Agreements, FCAB, in its capacity as Originator, has undertaken that:

- (a) so long as the risk retention requirements under the CRR, the AIFMR and the Solvency II Regulation will be applicable to the Securitisation, it will retain a material net economic interest of at least 5 per cent. in the Securitisation in accordance with option (1) (a) of Article 405, the Bank of Italy Instructions, option (1) (a) of Article 51 and option (2) (a) of Article 254;
- (b) the Notes retained in compliance with the above shall not be subject to any credit risk mitigation or any short protection or other hedge, as to the extent required by articles 405-410 (inclusive) of CRR, chapter 3, section 5 of the AIFMR and Article 254 of the Solvency II Regulation;
- (c) it shall not change the manner in which the net economic interest set out above is held until the earlier of: (i) the Final Maturity Date and (ii) the date on which the risk retention requirements under the CRR, the AIFMR and the Solvency II Regulation will be no longer applicable to the Securitisation, unless a change is required due to exceptional circumstances and such change is not used as a means to reduce the amount of retained interest in the Securitisation;
- (d) it will notify the Issuer, the Arrangers and the Representative of the Noteholders of any change, made pursuant to paragraph (c) above, to the manner in which the net economic interest set out above is held;
- (e) it shall disclose that it continues to fulfil the obligation to retain the material net economic interest of at least 5 per cent. in the Securitisation in accordance with option (1) (a) of Article 405, the Bank of Italy Instructions, option (1) (a) of Article 51 and option (2) (a) of Article 254; and
- (f) it shall make available to each Noteholder, upon its reasonable request, the further information which from time to time may be deemed necessary under articles from 405 to 409 of the CRR in accordance with the market practice, as may prevail from time to time.

Article 406 of the CRR further requires an EU regulated credit institution, before investing, and as appropriate thereafter, for each of its individual exposure in securitisation transaction, to carry out a due diligence in respect of each such exposure and the relevant securitisation, to implement formal policies and procedures appropriate for such activities to be conducted on an on-going basis, to regularly perform its own stress tests appropriate to its exposure and to monitor on an ongoing basis and in a timely manner performance information on such exposures. Failure to comply with one or more of the requirements set out in article 406 of the CRR will result in the imposition of a higher capital requirement in relation to the relevant exposure by the relevant EU regulated credit institution. In such respect, article 409 of the CRR requires originators, sponsors and original lenders to ensure that prospective investors have readily available access as at the time of the issuance of the notes and on an ongoing basis to all information necessary to comply with their due diligence and monitoring obligations and all relevant data necessary to conduct comprehensive and well informed stress tests on the underlying exposures.

It should be noted that the European authorities have adopted and finalised two new regulations related to securitisation (being Regulation (EU) 2017/2402 and Regulation (EU) 2017/2401) which will apply in general from 1 January 2019. Amongst other things, the regulations include provisions intended to implement the revised securitisation framework developed by the Basel Committee on Banking Supervision (with adjustments) and provisions intended to harmonise and replace the risk retention and due diligence requirements (including the corresponding guidance provided through technical standards) applicable to certain EU regulated investors. There are material differences between the coming new requirements and the current requirements including with respect to the matters to be verified under the due diligence requirements, as well as with respect to the application approach under the retention requirements and the originator entities eligible to retain the required interest. Further differences may arise under the corresponding guidance which will apply under the new risk retention requirements, which guidance is to be made through new technical standards. However, securitisations established prior to the application date of 1 January 2019 that do not

involve the issuance of securities (or otherwise involve the creation of a new securitisation position) from that date should remain subject to the current requirements and should not be subject to the new risk retention and due diligence requirements in general.

Prospective investors should therefore make themselves aware of the changes and requirements described above (and any corresponding implementing rules of their regulator), where applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes. The matters described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

Similar provisions to those described above are imposed on EU-regulated alternative investment fund managers by chapter 3, section 5 of AIFMR. In particular, the AIFMR requires, *inter alia*, alternative investment fund managers to ensure that the sponsor or originator of a securitisation transaction meets certain underwriting and originating criteria in granting credit, and imposes more extensive due diligence requirements on alternative investment fund managers investing in securitisations than the ones are imposed on prospective investors under the CRR. Similarly, the Solvency II Regulation contains due diligence requirements in relation to the underlying assets for insurance and reinsurance companies investing in securitisations at Article 256.

FCA Bank S.p.A., in its capacity as Originator, (i) has made available on the Issue Date, (ii) has undertaken in the Subscription Agreements to make available on the Issue Date, on the First Re-tranching Date and on the Second Re-tranching Date, and on a monthly basis through the Monthly Report, the information required by article 409 of the CRR necessary to prospective investors for the purposes above (including, in particular, the information regarding the net economic interest from time to time held by the Originator in the Securitisation) and (ii) has expressly authorised the Calculation Agent to include in the Investor Report such information contained in the Monthly Report, provided that the Calculation Agent will include such information in the Investor Report on the basis and to the extent of the information received by the Servicer in the Monthly Report. It is understood that the Investor Report shall be deemed to have been produced on behalf of the Originator, under the Originator's full responsibility, with reference to the information that the Originator has the obligation to make available (or cause to make available, if the case) to investors under article 409 of the CRR.

To date there is limited guidance, and no regulatory or judicial determination, on the interpretation and application of the CRD IV and CRR. Until additional guidance is available and such determinations are made, there remains a degree of uncertainty with respect to the interpretation and application of the provisions of the CRD IV and CRR and, in particular, what will be required to demonstrate compliance with Article 405 to national regulators.

Similar requirements to those set out above are also expected to be implemented for UCITS in the future.

The CRD IV, the CRR, chapter 3, section 5 of the AIFMR, Article 254 of the Solvency II Regulation and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Arrangers, the Subscriber, the Originator or any other party makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory capital treatment of their investment on the Issue Date or at any time in the future or compliance of the Securitisation with the relevant investors' supervisory regulations.

Implementation of, and amendments to, the Basel II framework may affect the regulatory capital and liquidity treatment of the Notes

The regulatory capital framework published by the Basel Committee on Banking Supervision (the **Basel Committee**) in 2006 (the **Basel II framework**) has not been fully implemented in all participating countries. The implementation of the framework in relevant jurisdictions may affect the risk-weighting of the Notes for investors who are or may become subject to capital adequacy requirements that follow the framework.

It should also be noted that the Basel Committee has approved significant changes to the Basel II framework (such changes being commonly referred to as **Basel III**), including new capital and liquidity requirements intended to reinforce capital standards and to establish minimum liquidity standards for credit institutions. In particular, the changes refer to, amongst other things, new requirements for the capital base, measures to strengthen the capital requirements for counterparty credit exposures arising from certain transactions and the introduction of a leverage ratio as well as short-term and longer-term standards for funding liquidity (referred to as the **Liquidity Coverage Ratio** and the **Net Stable Funding Ratio**). It is intended that member countries will implement the new capital standards and the new Liquidity Coverage Ratio as soon as possible (with provision for phased implementation, meaning that the measures will not apply in full until January 2019) and the Net Stable Funding Ratio from January 2018. The European authorities have indicated that they support the work of the Basel Committee on the approved changes in general and, in particular, the European Commission has implemented the changes through the CRD IV. The changes may have an impact on incentives to hold the Notes for investors that are subject to requirements that follow the revised framework and, as a result, they may affect the liquidity and/or value of the Notes.

In general, investors should consult their own advisers as to the regulatory capital requirements in respect of the Notes and as to the consequences to an effect on them of any changes to the Basel II framework (including the Basel III changes described above) and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

U.S. Risk Retention Requirements

Section 941 of the Dodd-Frank Act amended the Exchange Act to generally require the “securitizer” of a “securitization transaction” to retain at least 5 per cent. of the “credit risk” of “securitized assets”, as such terms are defined for purposes of that statute, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. Final rules implementing the statute (the **U.S. Risk Retention Rules**) came into effect on 24 December 2016 with respect to non-RMBS securitisations. The U.S. Risk Retention Rules provide that the securitizer of an asset backed securitisation is its sponsor. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The Seller does not intend to retain at least 5 per cent. of the credit risk of the Issuer for the purposes of the U.S. Risk Retention Rules, but rather intends to rely on an exemption provided for in Section __.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitization transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as Risk Retention U.S. Persons); (3) neither the sponsor nor the issuer is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Seller has advised the Issuer that it has not acquired, and it does not intend to acquire more than 25 per cent. of the assets from an affiliate or branch of the Seller or the Issuer that is organised or located in the United States.

The Notes provide that they may not be purchased by Risk Retention U.S. Persons except with the express written consent of the Seller in the form of a U.S. Risk Retention Waiver and where such purchase falls within the exemption provided for in Section __.20 of the U.S. Risk Retention Rules. Prospective investors should note that the definition of “U.S. person” in the U.S. Risk Retention Rules is different from the definition of “U.S. person” under Regulation S. The definition of U.S. person in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to clauses (b) and (h), which are different than comparable provisions from Regulation S.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, “U.S. person” means any of the following:

- (a) Any natural person resident in the United States;
- (b) Any partnership, corporation, limited liability company, or other organisation or entity organised or incorporated under the laws of any State or of the United States;
- (c) Any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);
- (d) Any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);
- (e) Any agency or branch of a foreign entity located in the United States;
- (f) Any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);
- (g) Any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) Any partnership, corporation, limited liability company, or other organisation or entity if:
 - (i) Organised or incorporated under the laws of any foreign jurisdiction; and
 - (j) Formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Securities Act;

Consequently, the Notes may not be purchased by any person except for (a) persons that are not Risk Retention U.S. Persons or (b) persons that have obtained a U.S. Risk Retention Waiver from the Seller and where such purchase falls within the exemption provided for in Section 20 of the U.S. Risk Retention Rules. Each holder of a Note or a beneficial interest acquired in the initial syndication of the Notes, by its acquisition of a Note or a beneficial interest in a Note, will be deemed to represent to the Issuer, the Seller and the Arranger that it (1) either (i) is not a Risk Retention U.S. Person or (ii) it has obtained a U.S. Risk Retention Waiver, (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein).

The Seller has advised the Issuer that it will not provide a U.S. Risk Retention Waiver to any investor if such investor’s purchase would result in more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) (as determined by fair value under US GAAP) of all Classes of Notes to be sold or transferred to Risk Retention U.S. Persons on the Note Issuance Date.

Failure on the part of the Seller to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action against the Seller which may adversely affect the Notes and the ability of the Seller to perform its obligations under the Transaction Documents. Furthermore, a failure by the Seller to comply with the U.S. Risk Retention Rules could negatively affect the value and secondary market liquidity of the Notes.

Potential conflicts of interest

Conflict of interest may exist or may arise as a result of any party to the Securitisation (i) having previously engaged or in the future engaging in transactions with other parties to the Securitisation, (ii) having multiple roles in the Securitisation, and/or (iii) carrying out other transactions for third parties.

Without limiting the generality of the foregoing, under the Securitisation (i) FCAB will act as Originator, Servicer, Subscriber, Commingling Reserve Facility Provider and Corporate Servicer, (ii) Securitisation Services S.p.A. will act as Representative of the Noteholders, Corporate Administrator and Back-up Servicer

Facilitator, (iii) Elavon Financial Services DAC will act as Cash Manager, Account Bank, Principal Paying Agent and Calculation Agent, and (iv) Banca IMI, Crédit Agricole Corporate & Investment Bank, Milan branch and UniCredit Bank AG, London Branch, will each act as Arranger.

In addition, the Originator may hold and/or service receivables arising from loans other than the Receivables and providing general financial services to the Borrowers. Even though under the Servicing Agreement the Servicer has undertaken to renegotiate the terms of the Loans and/or enter into settlement agreements with the Borrowers only having regard primarily to the interests of the Issuer and the Noteholders, it cannot be excluded that, in certain circumstances, a conflict of interest may arise with respect to other relationships with the same Borrowers.

Other business relationships

Each of the Arrangers, and their respective holding companies, subsidiaries, branches, associates (including, without limitation, any joint venture parties) are involved in a wide range of commercial and investment banking and other activities (including investment management, sales and trading of securities related activities) out of which may from time to time arise interests in the Issuer and/or in the Originator, including their related financial instruments. Such interests may include: (i) rendering, previously, currently and/or in the future, investment banking, financial advisory and commercial and/or lending banking services to the Issuer and/or to the Originator, including their affiliates and group companies, and/or other companies or business entities in the same industry and/or interested in pursuing the same kind of transaction; (ii) holding equity interests and being entitled to appoint board members and/or other corporate bodies members in companies involved into the Securitisation at any level and/or in companies which might be competitors of the Issuer and/or the Originator, including their affiliates and/or parent and group companies.

Forward-looking statements, including estimates, any other projections and forecasts in this Prospectus, are necessarily speculative and subjective in nature and some or all of the assumptions underlying the projections may not materialise or may vary significantly from actual results.

Such statements are subject to risks and uncertainties that could cause the actual results to differ materially from those expressed or implied by such forward-looking statements. Prospective investors are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this Prospectus and are based on assumptions that may prove to be inaccurate. No one undertakes any obligation to update or revise any forward-looking statements contained herein to reflect events or circumstances occurring after the date of this Prospectus.

The Issuer believes that the risks described above are the principal risks inherent in the transaction for holders of the Rated Notes but the inability of the Issuer to pay interest or repay principal on the Rated Notes of any such Class of Notes may occur for other reasons and the Issuer does not represent that the above statements of the risks of holding the Rated Notes are exhaustive. While the various structural elements described in this Prospectus are intended to lessen some of these risks for holders of the Rated Notes, there can be no assurance that these measures will be sufficient or effective to ensure payment to the holders of the Rated Notes of such Classes of interest or principal on such Rated Notes on a timely basis or at all.

STRUCTURE DIAGRAM

The following structure diagram is taken from, and is qualified in its entirety by, the remainder of this Prospectus. Words and expressions defined elsewhere in this Prospectus shall have the same meanings in this structure diagram.

THE PORTFOLIO

The principal source of payment of interest on the Notes and Variable Return (if any) on the Class M2 Note, as well as repayment of principal on the Notes, will be collections and recoveries made in respect of an initial pool and additional pools of monetary receivables and other connected rights arising from auto loans (*finanziamenti*) granted by FCAB (respectively, the **Initial Pool** and the **Additional Pools** and, together, the **Portfolio**) and transferred to the Issuer pursuant to the terms of the Master Receivables Purchase Agreement.

On 26 April 2016, the Originator sold the Initial Pool to the Issuer pursuant to the Master Receivables Purchase Agreement and the Initial Purchase Agreement, without recourse (*pro soluto*) in accordance with articles 1 and 4 of the Securitisation Law and the provisions of the Factoring Law referred to under such articles. The Purchase Price of the Initial Pool, equal to Euro 949,993,900.99, was paid by the Issuer to the Originator on the Issue Date using the proceeds of the issue of the Notes. On 29 June 2016, the Discount Rate applicable to the Initial Pool was changed retrospectively and, as a result, an additional amount equal to Euro 46,980,770.27 was paid by the Issuer to the Originator as adjustment of the Purchase Price of the Initial Pool on the First Re-tranching Date using part of the proceeds of the re-tranching of the Notes. On 7 July 2016 and on 7 October 2016, the Originator sold two Additional Pools to the Issuer pursuant to the Master Receivables Purchase Agreement and the relevant Additional Purchase Agreement, without recourse (*pro soluto*) in accordance with articles 1 and 4 of the Securitisation Law and the provisions of the Factoring Law referred to under such articles. The Purchase Price of such Additional Pools was paid by the Issuer to the Originator on the immediately following Payment Date using the Principal Available Funds applicable for such purpose in accordance with the Pre-Trigger Notice Principal Priority of Payments. On 7 November 2016, the Originator sold an Additional Pool to the Issuer pursuant to the Master Receivables Purchase Agreement and the relevant Additional Purchase Agreement, without recourse (*pro soluto*) in accordance with articles 1 and 4 of the Securitisation Law and the provisions of the Factoring Law referred to under such articles. The Purchase Price of such Additional Pool was paid by the Issuer to the Originator on the First Re-tranching Date using the Principal Available Funds applicable for such purpose in accordance with the Pre-Trigger Notice Principal Priority of Payments and, to the extent such Principal Available Funds were not sufficient to pay the relevant Purchase Price in full, on the same date using part of the proceeds of the re-tranching of the Notes. Between 9 January 2017 and 6 March 2018, the Originator sold Additional Pools to the Issuer pursuant to the Master Receivables Purchase Agreement and the relevant Additional Purchase Agreement, without recourse (*pro soluto*) in accordance with articles 1 and 4 of the Securitisation Law and the provisions of the Factoring Law referred to under such articles. On 27 March 2018, the Originator sold an Additional Pool to the Issuer pursuant to the Master Receivables Purchase Agreement and the relevant Additional Purchase Agreement, without recourse (*pro soluto*) in accordance with articles 1 and 4 of the Securitisation Law and the provisions of the Factoring Law referred to under such articles. The Purchase Price of such Additional Pools will be paid by the Issuer to the Originator on the Second Re-tranching Date using the Principal Available Funds applicable for such purpose in accordance with the Pre-Trigger Notice Principal Priority of Payments and, to the extent such Principal Available Funds were not sufficient to pay the relevant Purchase Price in full, on the same date using part of the proceeds of the re-tranching of the Notes. During the Revolving Period, the Originator may offer on a monthly basis to the Issuer, pursuant to the Master Receivables Purchase Agreement, further Additional Pools and, provided that (i) the relevant offer meets the Cumulative Portfolio Limits contained in the Master Receivables Purchase Agreement, (ii) none of the Purchase Termination Events has occurred, the Issuer will purchase, without recourse (*pro soluto*) in accordance with articles 1 and 4 of the Securitisation Law and the provisions of the Factoring Law referred to under such articles, such further Additional Pools. The Purchase Price of each further Additional Pool will be paid by the Issuer to the Originator on the immediately following Payment Date using the Principal Available Funds applicable for such purpose in accordance with the Pre-Trigger Notice Principal Priority of Payments.

The Issuer will, on the Second Re-Tranching Date, issue the additional principal amount of each relevant Class of Notes (other than the Class B Notes, the Class C Notes, the Class E Notes and the Class M1 Notes) and the principal amount of the Class E Notes on the basis of (i) the Net Present Value, as at the Additional Portfolio Transfer Effective Date of 24 March 2018, of the Receivables comprised in the Portfolio, and (ii)

the amount of the Collections received by the Issuer between the Monthly Report Date immediately preceding the Additional Portfolio Transfer Effective Date (excluded) of the Additional Pool transferred by the Originator to the Issuer on 27 March 2018 and such Additional Portfolio Transfer Effective Date (included).

The arrangements entered into or to be entered into by the Issuer on or prior to the Second Re-tranching Date, taken together with the structural features of the Securitisation (including the Portfolio and the proceeds expected to be received therefrom, the Cash Reserve, the Commingling Reserve, the Security, the Conditions of the Notes and the rights and benefits set out in the Transaction Documents), have characteristics that demonstrate capacity to produce funds to service any payment which become due and payable in respect of the Notes in accordance with the Conditions. However, both the characteristics of the Portfolio and the other assets and rights available to the Issuer under the Securitisation and the risks to which the Issuer and the Notes may be exposed should be regarded. Prospective holders of the Notes should consider the detailed information set out elsewhere in this Prospectus, including without limitation under the section “*Risk Factors*” above.

FCA Bank is both the holding company of a group of companies composed of FCA Bank and its consolidated subsidiaries (the **FCA Bank Group**), which is one of the largest car finance and leasing groups in Europe, and the Italian operational arm of the FCA Bank Group. FCA Bank was granted a banking licence by the Bank of Italy in December 2014 and was enrolled in the register of banks and in the register of banking groups on 14 January 2015. As at 31 December 2016, FCA Bank's authorised share capital was €700,000,000 divided into 700,000,000 ordinary shares with a nominal value of €1 each. FCA Bank's shareholders are FCA Italy S.p.A. (formerly Fiat Group Automobili S.p.A. and Fiat Auto S.p.A.) (**FCA Italy**), a wholly-owned subsidiary of Fiat Chrysler Automobiles N.V. (**FCA**) and Crédit Agricole Consumer Finance S.A. (**Crédit Agricole Consumer Finance**), a wholly-owned subsidiary of Crédit Agricole S.A. (**Crédit Agricole**, and together with its subsidiaries, **Crédit Agricole Group**) operating in the consumer credit sector. FCA Italy and Crédit Agricole Consumer Finance each hold 50 per cent. of FCA Bank's issued share capital pursuant to a joint venture agreement (the **JVA**).

HISTORY AND DEVELOPMENT

The FCA Bank Group comprises subsidiaries that have been operating in the financing business for a number of years. FCA Italy has extended credit to its customers directly since the early part of the 1920s. Until the mid-1980s, the existing international retail and wholesale finance activities were carried out by Fiat Credit International and its European subsidiaries. In Italy, the financial services activities were carried out by various companies, headed by Fiat Sava S.p.A. Subsequently, and prior to 1996, the activities now conducted by the FCA Bank Group were part of Fidis S.p.A., which was a publicly-listed company. Fiat S.p.A. (Fiat) was its major shareholder with a 52 per cent. shareholding, while the remaining 48 per cent. of the shares was held by the public. In February 1996, Fiat launched a public tender offer for the publicly-held portion and subsequently de-listed Fidis S.p.A. In the same year, Fiat reorganised and transferred control of Fidis S.p.A. to Fiat Auto S.p.A. (currently FCA Italy S.p.A.), its car division.

In May 2003, Fidis Retail Italia S.p.A., currently FCA Bank S.p.A. (FRI), then a recently-incorporated corporation, was de-merged from FCA Italy, with a 51 per cent. stake transferred to Synesis Finanziaria S.p.A., a company owned by a pool of major Italian banks. FRI managed, through its subsidiaries, the retail financing activities of FCA Italy in Europe.

On 24 July 2006, a JVA between FCA Italy and Crédit Agricole Consumer Finance was announced. A stock purchase agreement was signed on 14 October 2006 and the transaction was approved by the European Antitrust Commission on 5 December 2006. On 28 December 2006, the JVA was executed and became effective, providing for a minimum term of eight years and the possibility of being indefinitely extended thereafter. On the same date:

- (a) FCA Italy exercised a call option on the 51 per cent. stake of FRI formerly owned by Synesis Finanziaria S.p.A.;
- (b) FRI's wholly-owned Italian subsidiary, Fiat SAVA S.p.A., was merged into FRI;
- (c) FRI was included in the special register of financial intermediaries held by the Bank of Italy under Article 107 of Italian Legislative Decree No. 385 of 1 September 1993, as amended (the Italian Banking Law);
- (d) all of FCA Italy's equity interests in companies operating in the dealer network financing and fleet rental sectors in Europe were brought together under FRI;
- (e) FCA Italy financed a share capital increase in order to provide the Joint Venture with financial resources adequate for the increased portfolio and in line with the foreseen expansion of volumes; and

- (f) FCA Italy sold to Sofinco S.A. (currently Crédit Agricole Consumer Finance) 50 per cent. of the share capital of FRI.

The name of FCA Bank was then changed the day after to Fiat Auto Financial Services S.p.A. and subsequently to Fiat Group Automobiles Financial Services S.p.A., when Fiat Auto S.p.A. changed its name to Fiat Group Automobiles S.p.A.

On 1 January 2009, FCA Bank changed its name to FGA Capital S.p.A and subsequently, on 14 January 2015, to FCA Bank S.p.A..

In July 2008, the FCA Bank Group signed a co-operation agreement with Jaguar and Land Rover, on the basis of which it has gradually been developing a comprehensive range of financial products (both retail financing and dealer network financing) for Jaguar and Land Rover dealers and customers in certain European countries, with a minimum term up to 31 January 2014 which has been extended up to 31 December 2017 for the mainland European countries.

Since October 2009 and in connection with the global alliance between Fiat and Chrysler Group LLC (**Chrysler** or the **Chrysler Group**), the FCA Bank Group has entered into an agreement to finance the Chrysler group retail financing and dealer network financing business in Europe.

Since December 2006, FCA Italy, Crédit Agricole and Crédit Agricole Consumer Finance, as the original parties to the JVA, have entered into numerous amendment agreements (the **JVA Amendments**) to, amongst other things, extend the duration of the JVA up to 31 December 2021, with the possibility of subsequent automatic renewals for additional three-year periods, unless a termination notice is served in the period from 1 January 2019 to 30 June 2019. The parties agreed to extend the term of the JVA in order to ensure the long-term sustainability of FCA Bank Group, which will continue to benefit from the financial support of the Crédit Agricole Group. For the purposes of good order, the parties executed a restated and consolidated version of the JVA on 8 November 2013 (the **Restated JVA**).

The Restated JVA confirms the contractual agreements undertaken in the JVA Amendments and provides, inter alia, for the shares of FCA Bank to be subject to a lock-up period of five years. Such lock-up period, commencing on 1 January 2014 and ending on 31 December 2018, is in compliance with Article 2355-bis, first paragraph, of the Italian Civil Code. On 12 December 2013, FCA Bank filed an amended version of its by-laws reflecting the lock-up of its shares for the aforementioned period with the companies' register of Turin.

On 21 January 2014, Fiat announced the acquisition of the remaining equity interests in Chrysler Group LLC from VEBA Trust, following which the Chrysler group became a wholly-owned subsidiary of Fiat.

The FCA Group was formed as a result of the merger (the **Merger**) of Fiat into Fiat Investments N.V., a Dutch public limited liability company (naamloze vennootschap) established on 1 April 2014 for the purposes of carrying out the reorganisation of the Fiat Group. Fiat Investments N.V. was subsequently renamed Fiat Chrysler Automobiles N.V. on 12 October 2014, upon the completion of the Merger.

With effect from 15 December 2014, Fiat Group Automobiles S.p.A. changed its name to FCA Italy S.p.A.

Having obtained its banking license in December 2014, on 14 January 2015, FCA Bank was enrolled in the register of banks and the register of banking groups with registration number 5764 and bank code 3445.

On 7 November 2016, FCA Bank acquired a majority interest in Ferrari Financial Services GmbH (FFS GmbH), an indirect subsidiary of Ferrari N.V. (**Ferrari**), for €18.6 million, pursuant to an agreement entered into by the parties in 2016. Thus, FCA Bank laid the groundwork for significant business growth: the alliance with Ferrari for the provision of financial services in Europe. FFS GmbH's mission is to finance purchases of Ferraris in Germany, Switzerland and United Kingdom and, to that end, it has a substantial credit portfolio.

The acquisition completed the alliance between FCA Bank and Ferrari. As early as 2015, an agreement had been signed whereby FCA Bank would provide financing both to Ferrari dealers in all the markets served by the FCA Bank and, at the retail level, to end buyers, except in markets covered by FFS GmbH. Now, FCA Bank provides Ferrari's customers with a full range of services.

Thus, a new avenue was opened for two new important challenges, the progressive integration of FFS GmbH in the FCA Bank Group and the provision of financing, in cooperation with Ferrari's specialists, to a highly demanding clientele that settles for nothing less than excellence. Integration can occur by taking advantage of possible operational synergies, albeit without losing sight of the specific needs and totally peculiar characteristics of Ferrari buyers.

The consummation in 2016 of this transaction confirms the payoff of the “Growth and Diversification” strategy, which is allowing the bank to take different opportunities in the market so as enhance its standing in the automotive and financial market.

On 25 May 2016, the board of directors of FCA Bank analysed and preliminarily approved a project involving the potential transformation of certain of its current subsidiaries into foreign branches of FCA Bank, including, amongst others, the transformation of FCA Capital Ireland p.l.c into an Irish branch of FCA Bank.

The project, which is not expected to have a material impact on the FCA Bank Group’s business and geographical presence, is aimed at simplifying the FCA Bank Group structure and, in certain jurisdictions, its implementation is on-going and remains subject to the obtaining of the relevant regulatory approvals.

As part of such project, the cross-border merger (the Merger) of FCA Capital Ireland plc with and into FCA Bank was completed and became effective on 1 January 2017 (the **Effective Date**) following the obtaining of the required authorisations from the Bank of Italy and the European Central Bank as well as the execution of the deed of merger relating to the Merger.

Pursuant to the Merger, as of the Effective Date, FCA Capital Ireland p.l.c. ceased to exist as a legal entity and FCA Bank, under universal succession, succeeded to and assumed by operation of law all of the obligations, rights, interests, assets and liabilities of FCA Capital Ireland plc and, contemporaneously, all such obligations, rights, interests, assets and liabilities were allocated automatically to FCA Bank S.p.A., Irish branch.

Following the Merger, as of the Effective Date, the business, activities and operations of FCA Capital Ireland p.l.c. are carried out by FCA Bank S.p.A., Irish branch.

FCAB is currently rated by Fitch long-term BBB+ (Stable Outlook) and short-term F2, by Standard&Poor’s long-term BBB- (Stable Outlook) and short-term A-2, by Moody’s long-term A3 (senior unsecured and deposit) and Baa1(cr) (counterparty risk assessment) and short-term P-2.

GROUP STRUCTURE

FCAB is an independent company, not subject to management and control by any company or entity.

The Board of directors is composed as at the date of this Prospectus of ten Directors, appointed by the Joint Venture partners:

- P. Dumont (Chairman)	- G.Carelli(CEO)
- V.Wanquet	- A. Faina
- B. Manuelli	- R. Palmer
- G. Maioli	- Alfredo Altavilla
- A. Giorio	- P.De Vincentiis

Of the ten directors, four are appointed from among candidates indicated by the shareholder **FCA Italy**, four are appointed from among candidates indicated by the shareholder Crédit Agricole Consumer Finance and two are independent Directors. The Chief Executive Officer (CEO) is appointed by the board of directors from among the directors indicated by the shareholder **FCA Italy** and is responsible for day-to-day management of the Joint Venture, within the limits of the powers delegated to him by the board of directors. The Chief Financial and Risk Officer (CFRO) is appointed by the board of directors following designation by the shareholder Crédit Agricole Consumer Finance.

The FCAB Group has three main business lines:

1. Retail financing and leasing;
2. Dealer network financing; and

3. Long-term rental activities.

The integration of these activities allows FCAB to provide the dealer networks with highly competitive and integrated financing products for its retail customers, fleet rental products for its corporate clients and products to meet each dealer's own financing needs (i.e. floorplan, working capital).

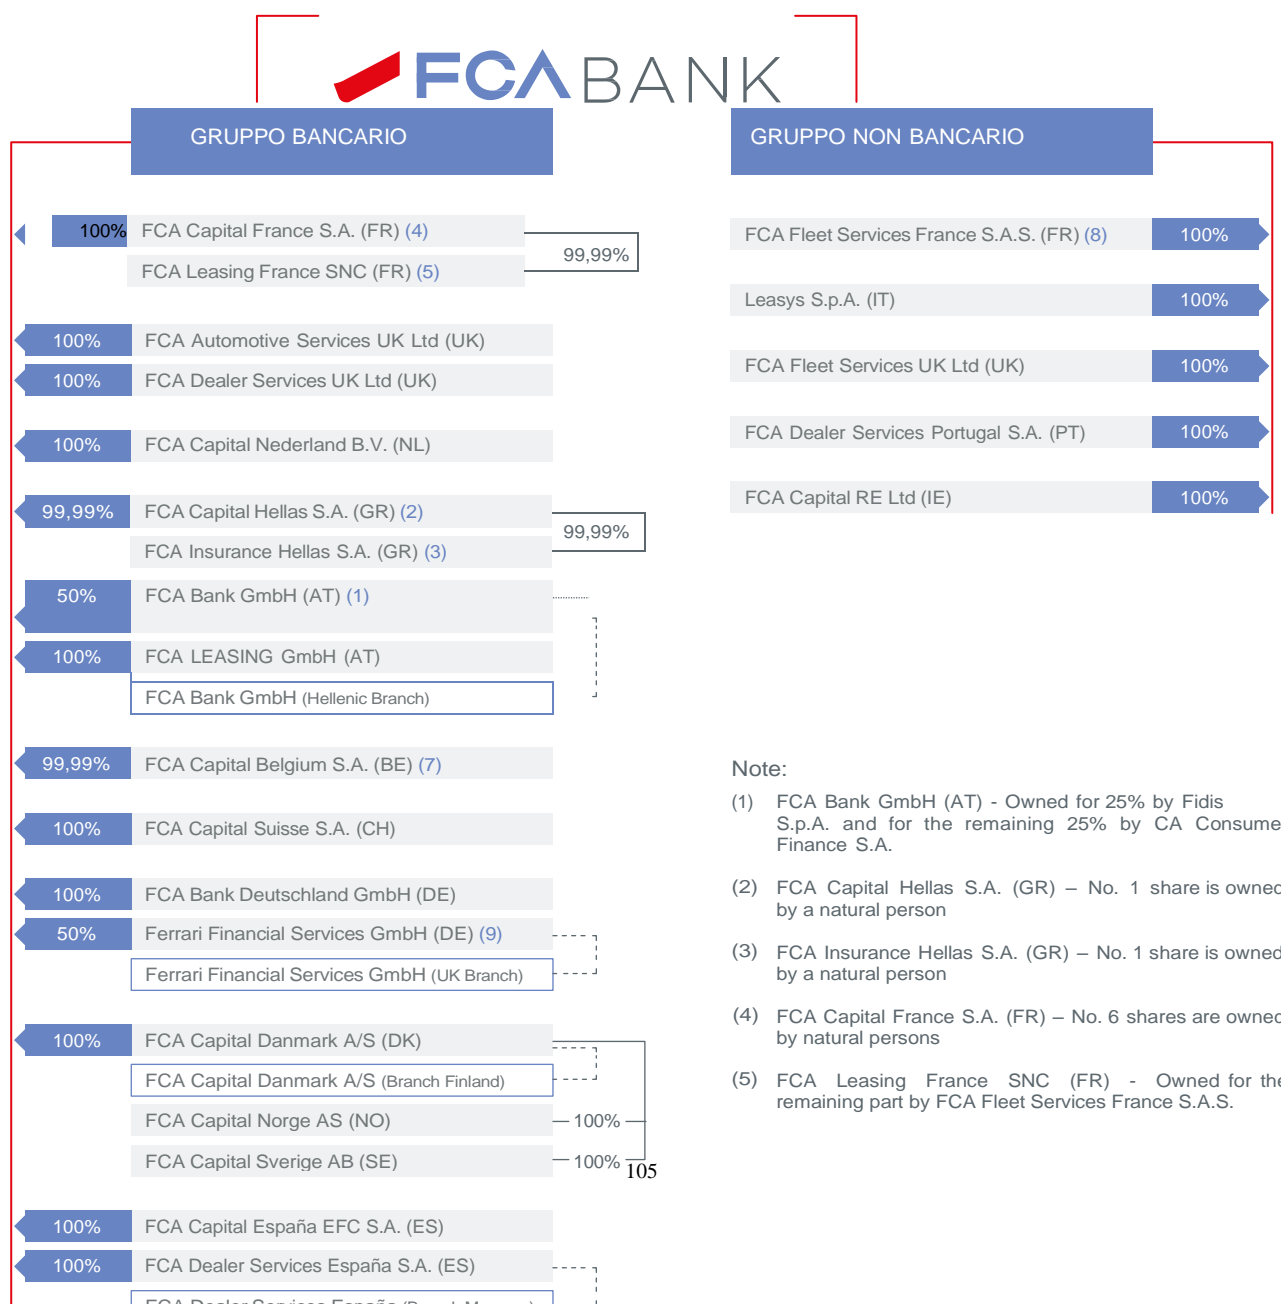

FCAB's business model is based on the concept of centralised planning and control and decentralised execution and operations. Control over key business areas is exercised centrally, most crucially in the case of credit risk and underwriting procedures, recovery and arrears procedures, and finance and treasury.

FCAB competes with the consumer finance arms of the major domestic banks in each of the countries in which it operates. The markets in which FCAB operates are highly fragmented, however, and FCAB considers that its integration of dealer network financing services and retail and corporate financing services gives it a competitive advantage.

The FCA Bank Group is the exclusive partner of the various brands with which it cooperates in case of financial promotional campaigns (i.e. vehicles sold with promotional interest rate financing, where the brand pays to the financing institution the difference between the promotional interest rate and the market rate).

Securitisation transactions represent an alternative source of funding for the FCA Bank Group at competitive financing rates. The FCA Bank Group is currently managing 10 securitisation transactions. As at 31 December 2016, the FCA Bank Group had subscribed the total nominal amount of the junior notes, and some of the mezzanine and senior notes (in the latter case, also in connection with ECB open market transactions according to which a posting of collateral is required) issued under securitisation transactions originated within the FCA Bank Group, while the FCA Bank Group funding deriving from securitisations totalled 16% per cent. of the liabilities.

The FCA Bank Group services the securitised receivables and, in carrying out this role, acts in accordance with the same guidelines and procedures that it applies in relation to servicing its own loan portfolio.

The information contained herein relates to FCA Bank S.p.A. and has been obtained from it. The delivery of this Prospectus shall not create any implication that there has been no change in the affairs of FCA Bank S.p.A. since the date hereof, or that the information contained or referred to herein is correct as of any time subsequent to such date.

THE CREDIT AND COLLECTION POLICIES

Pursuant to the Servicing Agreement the Issuer has appointed FCA Bank S.p.A as Servicer to carry out certain management, collections and recoveries activities and services in relation to the Receivables comprised in the Portfolio. In particular, pursuant to the Servicing Agreement, the Servicer has undertaken to administer the Portfolio and to perform its obligations in relation thereto in accordance with the Servicing Agreement, all applicable laws and regulations, the Credit and Collection Policies and any specific instructions that may be given to it by the Issuer from time to time (see section headed “*Description of the Transaction Documents - The Servicing Agreement*”).

Dealer Appointment and Management

The Receivables that are securitised under the Securitisation have been originated by FCAB’s automotive financing business through Car Sellers authorised in Italy by FCA S.p.A., Jaguar Italia S.p.A., Land Rover Italia S.p.A. (collectively, the **Dealers**) or by FCA S.p.A. distribution outlets (the **FCA Outlets**) owned and controlled by FCA.

The performance of the Dealers in the loan origination function is monitored closely by FCAB. Each Dealer has been allocated a representative of FCAB who normally visits on a weekly basis.

Since 2000, FCAB has implemented a strategy of dealer segmentation in Italy in order to monitor and improve its incentive scheme more effectively. All Dealers are classified into separate groups according to their performance in procuring customers. FCAB encourages Dealers to improve their performance by granting pricing incentives to those who meet certain targets and reducing or terminating co-operation with underperforming Dealers.

Loan Origination

Borrowers apply for Loans through a Dealer or through a FCA Outlet in order to finance the purchase price of a new or used car. Dealers and FCA Outlets are authorised to offer Loans to potential purchasers on behalf of FCAB subject to approval by FCAB of the relevant credit application.

Dealers and FCA Outlets use a loan application programme (called **FINWEB**) to provide FCAB with the loan application details via an integrated ICT network. The Dealer or personnel at the FCA Outlet fill in the loan application form on screen and transmit the customer and the loan data to FCAB’s central processing department electronically (data entry is made by the Dealers).

Identification documents (driving licence, ID cards or passport and fiscal code for individuals, documents produced by the chamber of commerce not older than 90 days for companies) and income documents are submitted by the Dealers to FCAB and are checked internally by FCAB personnel in charge of loan approval before approval to verify that data input by the Dealers was correct (where the application is automatically approved by FCAB’s IT system (see below), documentation checks are postponed after the application approval but, in any event, before the loan disbursement).

Once the application details (borrower and loan data) are input by the Dealers into ‘FINWEB’, the request is processed by an intelligent decisional tool, whose content has been developed internally by FCAB (called Strategy One - or S1).

S1:

1. Automatically starts searches and checks with several credit bureaux and databases on the potential customer and his/her guarantor and checks whether the application is compliant with internal credit policy rules;
2. Transfers the application details to FCAB's internal credit scorecard to receive a credit risk assessment (Score) of the application;
3. Transfers the application details to the FCAB internal anti-fraud scorecard to calculate a score highlighting the probability of fraud of the application;
4. Based on the results of previous steps, the internal credit policy rules and the dealer segmentation risk matrix, returns three main results: request accepted, request refused or request to be reviewed (manual checks to be made/supplemental documentation to be collected by FCAB personnel) and defines the approval level of the loan application.

Approval Process

All credit applications are currently processed internally by FCAB in Turin. Depending on the size of the Loan applied for, one or more credit analysts assess the application. Higher value loan applications are referred to more experienced credit analysts.

In determining the level of authorisation required to approve a Loan application, the credit analyst will take into account the total amount of the Loan applied for (calculated on the basis of the initial principal amount plus all interest payable during the life of the Loan) together with all other credit facilities already extended to the same applicant. Internal controls are in place to prevent credit analysts from processing applications concerning connected persons or applications for which they have insufficient authorisation.

The table below shows the current authorisation limits for credit approval.

Four main criteria form the basis of the credit decision as to whether to accept or reject an application: (a) the credit score, (b) the credit bureau enquiries (c) the strategy decisional tool for credit rules application and (d) the review of the documentary evidence of the applicant Borrower's personal information.

Credit Score

FCAB has had a credit scoring system in place since 1988. The credit scoring takes into account several variables, such as occupation, marital status, type of accommodation, time in current employment, duration of the contract, amount of down payment, age of vehicle, information from credit bureaux, and others. The variables are statistical indicators of the probability of default of the customers, so the scoring system estimates the credit risk of the application.

FCAB portfolio is divided into business segments, based on:

1. Product: Retail/Leasing
2. Applicant: Individuals/Partnership Companies/Equity Companies
3. Good: New/Used
4. New Cars: Yearly nominal rate=0/Duration and Down Payment
5. Used Cars until to February 2017: Vehicle age
6. Used Cars since 16th February 2017: Vehicle age and contract duration<= Or >7 years

which turn into 8 acceptance scorecards based on:

1. Financial variables
2. Socio-demographic variables
3. Variables related to the product to be purchased
4. Credit Bureaux

JLR Individuals portfolio is scored through the CRIF Bureau Score, which is the main variable also in FCAB Score cards. JLR Companies portfolio is scored through statistical models.

The credit scoring system is developed and monitored by FCAB Credit Department at FCAB (quarterly monitoring of stability and performance).

The scoring system assigns a numerical score to each variable, resulting in a final numerical score for the loan application which corresponds to a probability of default. According to the score of the application, compared to the cut-off level, an application is automatically classified as follows:

The approval area (above cut off – ACO – low risk) or

The investigation area (ACM – medium risk) or

The rejection area (below cut off – BCO – high risk)

Loan Applications in the **Rejection area** are: a) Rejected b) Should no negative evidence be found in any credit bureaux or credit rules, FCAB credit analysts competent for the approval may manually review the applications and, based on credit analysis, exceptionally override score results (within the override limits set by FCAB).

Applications in the **Investigation area** should be manually reviewed by FCAB credit analysts: a) If negative evidence is found in credit bureaux or credit rules, the loan applications are rejected b) Should no negative evidence be found in any credit bureaux or credit rules, the applications are accepted (subject to results of manual credit analysis).

Applications in the **Approval area** can be: (a) Automatically approved by the system, in case no negative evidence is found in any credit bureaux and the applications are compliant with FCAB internal credit rules, the customer is an individual and the loan amount is below certain levels (see approval levels) (b) In case of negative evidence from credit bureaux or in case applications are not totally compliant with FCAB internal credit rules, applications are manually processed by the FCAB credit analyst and may be accepted; (c) In case no negative evidence are found the application are compliant with FCAB internal credit rules, the customer is a company and the loans is above certain amounts, the loan application is subject to approval by FCAB personnel (see approval levels).

Credit Bureaux

As part of the credit approval process, FCAB obtains a credit reference in respect of the applicant from two credit reference bureaux, **CRIF and CTCPlus** (*Consorzio Tutela Credito*). The results of the credit bureau reference are also included as variables on the credit scoring system. The loan origination system has a direct link to CRIF and CTCPlus, the result of the enquiry is shown automatically on the application.

Instruments used are described below:

FCAB Database – customer's behaviour is checked on existing loans and previous loans granted to the customer by FCAB. The main parameters taken into account are: (a) arrears on current or past loans and (b) previous request from the same customer rejected in the past. Should the customer be flagged as "bad payer" by S1, this would result in an higher level of approval;

CRIF provide information on all credit facilities which an applicant has entered into, whether performing or delinquent, with a month-by-month payment history.

CTCPlus (*Consorzio di Tutela del Credito*) – CTC gives information on any credit facilities of the applicant which, throughout its life, exhibited more than three arrears, together with indications of the current status of the financing (cured subject to legal proceedings or written-off by the lender). Its database contains approximately one million debtors which have been in arrears on their credit facilities during the preceding years.

Other Check List

SCIPAFI is the prevention public system that lets to check data contained in the main identity and income documents. The holder of the System is Ministry of Economy and Finance (MEF) managed by Consap SpA (Company owned by MEF). Since February 2016, using CTCPlus, FCAB introduced the enquiry of Scipafi to check identity and income documents improving the fraud prevention check. The Automatic Approval is obtained only if, in addition to all credit rules «positive» also the Scipafi checks are positive.

PEPs : Automatic controls for Politically Exposed People and Anti-Terrorism have been introduced according to the regulations of the Bank Authority.

FCAB also searches the *Registro dei Protesti* for entries in the Borrower's name. This database records information concerning cheques and bills of exchange (*cambiali*) that are unpaid by Italian citizens and in respect of which a protest for non-payment is made.

FCAB's personnel in charge of the approval are required to manually review applications with negative evidence on credit bureaux or not compliant with FCAB's internal credit rules and acquire further information/documentation, so as to confirm or override (in limited circumstances) automatic rejection from S1. Applicants in respect of whom FCAB receives a negative reference from any of the credit bureaux or who are listed in the *Registro dei Protesti* are rejected.

Documentary evidence

A Loan application may not be analysed if the dealer doesn't confirm the signing of the data protection form and may not be approved by a credit analyst unless documentary evidence of income and a copy of the applicant Borrower's ID card has been received. The following documents must then be submitted subsequent to the approval of the Loan application:

1. original direct debit form duly completed (where appropriate);
2. confirmation that any guarantee documentation is duly executed;
3. duly executed Loan Agreement.

A fraud scorecard, based on 20 variables, has been developed internally by FCAB and is constantly monitored. The new model was developed in 1st half 2016, and it was implemented in the operational system in September 2016. It's applied on Employees and Self Employed customers (not on Companies). The application fraud score is automatically calculated by S1. FCAB's personnel is automatically informed by S1 in case the application shows a high risk of potential fraud. In this case, FCAB's personnel reviews documentation and makes supplemental controls/acquires further documentation to early detect and prevent fraud.

Loan to Value Requirements

FCAB normally lends a maximum of 100% per cent. of the “ready-to-drive” price of the vehicle, which comprises the list price inclusive of any purchaser option less any discount granted to the customer. It is calculated inclusive of VAT and any “ready-to-drive” costs.

The target for an initial down payment is a function of the product type and the applicant’s credit quality.

Lending Policy

The Lending Policy is approved by the board of directors of the Originator, according to the proposals of the Credit HQ department that is responsible for the general lending policies underlying the credit approval process including the on-going reassessment of existing credit policies in light of changes in circumstances. The Credit HQ department also approve the introduction of new products as members of the NPA Committee.

The local credit Policy and any variation thereof (while remaining within the perimeter as determined by this document), proposed by the Market, is subject to authorisation by the Headquarter Internal Credit Committee.

The proposals of the Credit department are submitted to the approval of FCAB’s board of directors.

Credit Review

As part of FCAB’s commitment to quality control and on-going improvement, a credit review is carried out by the RPC department on quarterly basis, or, in case of different frequency, following the annual market control plan. The credit review consists of a review of a representative sample of the Loans focusing on the following:

1. the correctness and completeness of the data entered by the Dealers and the personnel at the FCA Outlets;
2. completeness of the supporting documentation submitted;
3. compliance with underwriting controls and procedures in accordance with the Credit Policies; and
4. an evaluation of the credit worthiness of the sampled Borrowers.

In addition, specific credit reviews are undertaken on samples selected on the basis of specific criteria to target parts of the portfolio identified by management.

The findings of credit reviews are reported to the head of “Credit Acceptance” and the managing director of FCAB. Where necessary (i.e. in the event of a lending team not attaining a minimum credit review score), this results in the implementation of a specific retraining programme.

Loan origination and description of the products

The FCAB Group offers itself as a preferred partner for the structuring, sale and management of financial products for customers for new and used automobiles and light commercial vehicles. The Group offers three types of financial services:

1. **Hire Purchase or Retail loans (HP)** – these loans are aimed at private clients. They are generally fixed rate and are intended to finance the purchase of new or used vehicles with a variable number of pre-defined instalments payable over the contractual duration of the loan
2. **Leasing** – the vehicle is made available to the client in return for a monthly payment. At the end of the pre-agreed period, typically 36 - 48 months, the vehicle is purchased by the client or the dealer at a pre-agreed price. In some cases, additional maintenance and assistance services are also provided
3. **Personal Contract Purchase (PCP)** – also known in Italy as “Più” – a financing programme that aims to provide clients with a way to manage their mobility requirements. The finance is repaid in pre-defined instalments over a given period. This is followed by a larger, final repayment. When the final repayment falls due, the client is given the option of

Concluding the loan by making the final repayment

Refinancing the final repayment through a new loan

Ending the contract by returning the vehicle to the dealer in settlement of the final repayment

The weight of new originations in 2016 of the three products on the total business is in line with the previous years, being around 90.14 per cent. for retail loans, 5.52 per cent. Leasing and 4.34 per cent. PCP.

Collections

Borrowers pay monthly instalments due under the relevant loan contracts. Payment dates are quite evenly spread throughout the month.

Payment Methods

The Loan Agreements provide that Borrowers may repay Loans in any of the following ways:

- (a) by bank direct debit (**SEPA Direct Debit**);
- (b) by Banco Posta direct debit (**Postal SEPA Direct Debit**);
- (c) via Post Office payment slips (**Bollettini Postali**).

Borrowers paying by direct debit (SEPA Direct Debit or Postal SEPA Direct Debit) made up 91 per cent. of the total portfolio as at 31 December 2016. FCAB promotes this payment option as the preferred payment method to all new borrowers and observes that 93 per cent. of all new borrowers financed in 2016 agreed to pay by direct debit (SEPA Direct Debit or Postal SEPA Direct Debit).

Borrowers paying via the Post Office payment slips made up 13.04 per cent. of the Portfolio as at the Additional Portfolio Transfer Effective Date of 24 March 2018.

A very limited number of Borrowers pay instalments by way of bank cheques, bank transfers and other negotiable instruments notwithstanding their agreement to pay by one of the three methods set out above even though this is not provided for in the Loan Agreements.

Borrowers paying via the Postal Office payment slips are not eligible for securitisation purposes under the Eligibility Criteria. For the purposes hereof, **Eligibility Criteria** means the criteria set out in schedule 3 to the Receivables Purchase Agreement that must be satisfied by each Receivable on an individual basis.

SEPA Direct Debit

Borrowers paying by SEPA Direct Debit provide the Originator with their bank details in order to set up their payment instructions. Due to the time required to set up this process, the first Instalment due on a Loan in respect of which payments are to be made by SEPA Direct Debit may be paid through the postal system (see the paragraph headed “Postal Payments” in this section).

The Servicer normally sends a computerised payment order every seven days to each Borrower’s bank through which SEPA Direct Debit payments are processed detailing the payments due from all the relevant Borrowers. These payment orders are normally sent out 30 days before the first relevant Instalment is due. Upon receipt of the payment order, the Borrowers’ banks credit an account of the Servicer with the amount due in full, regardless of whether the Borrower has sufficient cleared funds in its account. This amount is paid with a value date equal to the value date of the Instalments payable during the period to which the payment order refers. Every Business Day, the Servicer uses funds received from the Borrowers’ Banks to transfer the appropriate funds to the Issuer. The time between an Instalment being recorded as paid by the EDP FCAB System and the funds being transferred from the Servicer to the Issuer is expected normally to take one Business Day.

In the event that a Borrower does not have sufficient cleared funds in its account to make a SEPA Direct Debit payment, the relevant Borrower’s bank informs the Servicer of the non-payment and simultaneously retrieves the previously transferred amounts from the Servicer. On average, it takes four Business Days for the Borrower’s bank to inform the Servicer of non-payment. The Servicer sets-off these amounts from the payments due to the Issuer on the following day (see the paragraph headed “*Default in payment – Set-off*” in this section). When the Servicer is informed by a Borrower’s bank of a non-payment, it records the relevant Instalment due as being delinquent, otherwise Instalments paid through SEPA Direct Debit is recorded as paid on their due date for payment. The total time taken for an Instalment from a Borrower to be recorded as delinquent normally does not exceed seven Business Days for SEPA Direct Debit until maximum of eight weeks for customer complaints.

Postal SEPA Direct Debit

Banco Posta is the operative banking division of Poste Italiane S.p.A. (**Poste Italiane**) which is responsible for managing post office current accounts opened by both private and corporate clients. Clients who have already entered into a loan agreement with FCAB or who may wish to enter into a loan agreement with FCAB, may wish to repay loan instalments through the Postal SEPA Direct Debit method. In order to use the Postal SEPA Direct Debit, Clients would need to sign the direct debit form to enable FCAB to directly request Poste Italiane to authorise the debit of such instalments through Banco Posta on the account held by the Client (the **Banco Posta Accounts**). Upon the request of a loan, Clients shall provide FCAB with all the details of their Banco Posta Accounts (e.g. ABI, CAB and account number).

The request for debit authorisation is made via a dedicated direct line with Poste Italiane whereby FCAB formally notifies Poste Italiane of a Client’s request to pay the loan instalments through direct debit from its Banco Posta Account.

After receiving an electronic positive on-line response from Poste Italiane, FCAB shall carry out the collection requests for the loan instalments set out in the loan agreement through the Postal SEPA Direct Debit method, in the following manner:

- (i) FCAB shall send weekly collection requests to Poste Italiane;
- (ii) each such collection request shall be sent at least 30 days prior to the relevant instalment expiry date;

- (iii) transmission of the instalment details shall be effected through a direct host-to-host line with Poste Italiane. Poste Italiane shall then attempt to debit all instalments for which FCAB has sent a collection request from the relevant Client's Banco Posta Account on the relevant instalment expiry date.

In respect of Clients in relation to which the debiting was successful (having the relevant Banco Posta Account sufficient capacity), Poste Italiane shall:

- (a) credit a corresponding account held by FCAB with Poste Italiane;
- (b) prepare detailed electronic statements (*rendicontazione telematica*) of the collections credited for each Client, on a daily basis; on the day following receipt of such collection confirmation, the EDP FCAB System will register on the Clients' account statements (*estratti conto del debitore*) the collection made with value date (*data valuta*) equal to the relevant instalment's expiry.

Postal Payments

Borrowers using the Post Office to make payments may pay their instalments at any Post Office in Italy by using the Originator's pre-completed payment slips.

The Post Office where the payment is effected registers on-line. When payments are registered by the Central Post Offices, the instalments are credited to one of the two Postal Accounts held by the Servicer with the Central Post Office of Turin. Payment data is simultaneously sent by the Central Post Offices to the National Bancoposta Centre (*Centro Compartimentale Nazionale Bancoposta*) and this data is then forwarded, normally daily and on the same day, to the Servicer. On average, the time between the Borrower effecting payment and the Servicer receiving the file is nine days. At present, the Servicer uses the file received from the Post Office as final back up before recording the Instalments as paid by Borrowers. On receipt of the file, the Servicer records the payment or non-payment of expected postal payments. On average, the time it takes for the Servicer to register these payments is one day. The time between the Servicer receiving funds in its postal accounts and these funds being transferred by the Servicer to the Issuer is expected to take three to six local business days.

Payment slips which are not readable by the Post Office computer systems (currently, approximately 15 per cent. of the total number of payment slips and approximately 13 per cent. of the total value of postal payments) are forwarded by the Post Office to the Servicer. On average, the time between the Borrower effecting payment and the Servicer receiving the payment slips is 10 days. Payment information is then entered manually by the Servicer into the EDP FCAB System. On average, the time it takes for the Servicer to register these payments is three days. The Servicer uses this manually entered data to make the appropriate transfers to the Issuer. In this case, the time between the Servicer receiving funds in the Postal Accounts and the Servicer transferring those funds to the Issuer is not expected to exceed 21 days. Due to the potential time delay caused by the manual entry of payment slips, the Servicer waits up to 21 days before recording an Instalment due by postal payment as being delinquent.

Bank cheques and other negotiable instruments

Cheques and other negotiable instruments received by the Servicer are presented by the Servicer to one of the Banks on the local business day after receipt and are credited to one of the bank current accounts identified in schedule 7 of the Servicing Agreement (the **FCAB Banks Accounts**) subject to receipt of the underlying funds from the account of the Borrower (*salvo buon fine*). On the local business day the cheque or other negotiable instrument is credited to a FCAB Bank Account, the Servicer records the payment to the credit to the relevant Borrower's statement of account in the EDP FCAB System and from this date is deemed to have collected the relevant Collection for the purposes of the Servicing Agreement.

If the cheque or the other negotiable instrument is not honoured, the Servicer records the Instalment as Delinquent in the EDP FCAB System.

Servicer accounts

All moneys collected in respect of the Receivables in the Servicer's accounts used for SEPA Direct Debit collections, the Postal Accounts and the FCAB Bank Accounts are co-mingled with other moneys belonging to the Servicer not related to the Portfolio and, although the Issuer is able to claim against the Servicer for payment of amounts owed to it, it has no proprietary interest in the moneys held in any such accounts.

Default in payment – Set-off

In the event that, following the date on which a payment made by a Borrower is recorded as having been made in the EDP FCAB System in accordance with the arrangements described above, it is established that the relevant Borrower did not in fact have the funds to make the relevant payment, the Issuer will not be required to repay amounts to FCAB. The Servicer will set-off the relevant amount against Collections subsequently received and recorded, whether or not from the same Borrower.

Pre-payments

A Borrower may generally pre-pay a Loan, in whole or in part at any time. Once identified, pre-payments are then registered against a Borrower in the EDP FCAB System. To the extent that a Borrower makes a prepayment of a Loan within a Pool which is not registered in the EDP FCAB System at the Portfolio Transfer Effective Date, such prepayment will be treated by the Servicer as a Collection belonging to the Issuer, even though the prepayment may have been paid to the Originator before the Portfolio Transfer Effective Date.

Arrear Procedures

FCAB's collection policy for Loans in arrears is set centrally in Turin and executed by FCAB's "Credit & Customer Care". Recovery activities are performed through internal resources and external partners.

FCAB believes that competition between collection teams combined with performance-related incentive and compensation schemes are important factors in maximising the collection and recovery rates for Loans in arrears. Therefore FCAB uses a number of competing external agencies for telephone debt-collection and a further team of external agencies which specialise in face-to-face debt-collection. Each Borrower is allocated to different agencies at different stages of the process, but for a strictly limited time period only, before they are passed on to the next step of the process. Since fees are calculated as a percentage of recovered amounts, the agencies need to collect quickly and efficiently in order to earn fees. The external agencies are monitored constantly and contracts are only renewed with the agencies with the strongest comparative performance. Performance also determines the volume of delinquent receivables from time to time allocated to the agencies.

The external agencies also compete with FCAB's internal debt-collection team which intervenes at certain stages of the process as described in more detail below.

The whole process is monitored and controlled with CACS (Computer Aided Collection System) which was developed by American Management Systems, Inc. All relevant data for all accounts classified as delinquent are transferred from the main IT system to CACS on a daily basis. CACS processes and automatically allocates all delinquent accounts to the corresponding collection activities. The external agencies performance is monitored with a package realized by the "Credit & Customer Care" department of FCAB and data are transferred from FIN2000 legacy system with a weekly frequency.

The system recognises a payment as delinquent in different ways depending on the payment method chosen by the Borrower:

1. for Borrowers paying through the Post Office payment slips, delinquency occurs if payment is not received within 14 days of the due date; for Borrowers paying through the Postal SEPA, delinquency occurs if payment is not received within 8 (eight) days of the due date;
2. for Borrowers paying by bank direct debit, delinquency occurs as soon as notification of non-payment is received from the bank concerned (such notification is normally received no later than 5 (five) to 7 (seven) days from the due date).

As soon as a receivable is classified by the system as “delinquent”, it is referred to one of five external telephone debt-collection agencies. On average, 78 per cent of all outstanding delinquent receivables are collected at this point in the collection process; this figure does not comprise any voluntary and spontaneous payment (paid before and registered during the management) received by the customers during the collection period.

After 24 days the Borrower is referred to a specialised external debt-collection company which will send an agent to visit the Borrower. On average, 25 per cent of the delinquent receivables reaching this stage are collected at this point in the debt-collection process.

If the external debt-collection company remains unsuccessful after 28 days, the internal telephone debt-collection team will, for days make an attempt to collect from the Borrower. The extension of the management for 30 days is provided in the case where the borrower promises to pay for that period. The internal collection team will negotiate repayment plans (maximum repayment plans in 180 days). On average, 14 per cent of the delinquent receivables which reach this stage are collected at this point in the debt-collection process.

If the internal telephone debt - collection after 30+30 or after the repayment plans days remains unsuccessful, the Pre Legal recovery phase ends and the borrower will lose the possibility to pay his debt in instalments (DBT – *Decadenza dal beneficio del termine*); the recovery phase called “External Collection post DBT” will begin and the Borrower will be asked to pay the whole debt.

This phase is managed with internal structures (Collection Area Managers) and external partner (Home Collection Companies post DBT). The management of this specialised external debt collection companies takes 90 days.

The company sends formal notice for payment to the borrower and try to meet him at his home to obtain the payment of the debt.

An additional legal stage of 180 days is provided for the contracts with recoverability high.

If the external Collection Companies after DBT remains unsuccessful, the collection process ends and a skilled internal CCC team (Litigations &NPL) will evaluate the positions for sale or write-off. The recourse to law firms is expected only in special cases.

In case of bankruptcy, untraceable established customers, the collection process ends when the event becomes known.

Vintage Loss Analysis

The data below represents the historic losses on all Rateale Loan Agreements originated by FCAB from 2008 to 2017 for new and used cars Loans. The table shows the development of losses from the end of the year in which the Loans were originated.

The data below is expressed as gross losses borne by FCAB and excludes any recoveries made on the defaulted receivables. Gross losses are defined as total principal and interest payments due on Loans that reached the status of “Gross Write-off”. Until June 2014 it coincided with the achievement of 240 days overdue. Since June 2014 it coincides more with an unpaid ageing of 210 days due to an early DBT - *Decadenza dal beneficio del termine* – compared to the past) overdue expressed as a percentage of total principal and interest due on all contracts originated in the year.

Delinquency and Loss Analysis

The table below shows delinquency and steady state loss rates (expressed as percentages) for the Rateale Loan Agreements relating to new Cars (**Rateale New Car**) and used Cars (**Rateale Used Car**). Delinquencies are defined above in “Arrears Procedures” and are expressed as total principal plus interest payments due on delinquent contracts expressed as a percentage of the total principal plus interest payments due on the whole portfolio.

The Gross Write Off figure in the following table, is the percentage of Gross Write Off (rateale new and rateale used) on the related portfolio amount calculated on a yearly basis.

Gross Write-Off Definitions: as explained in the previous paragraph until the observation of June 2014 it coincided with the achievement of 240 days overdue.

Since June 2014 it coincides more with an unpaid ageing of 210 days due to an early DBT - *Decadenza dal beneficio del termine* – compared to the past).

In addition, on each Payment Date during the Revolving Period where a Notes Pre-Amortisation Event has occurred on the immediately preceding Calculation Date, the Issuer shall apply the Pre-Amortisation Principal Payment Amount to cause each Class A Note to be redeemed on such Payment Date in an amount equal to the Principal Payment Amount in respect of such Class A Note determined on the related Calculation Date.

8.4 Optional redemption

Provided that no Trigger Notice has been served on the Issuer, on any Payment Date during the Amortisation Period on which the Net Present Value of the Portfolio Outstanding Amount is equal to, or less than, 10 (ten) per cent. of the Net Present Value of the Portfolio Outstanding Amount as at the Additional Portfolio Transfer Effective Date of 24 March 2018, the Issuer may apply the proceeds of the sale of the whole Portfolio in accordance with the Master Receivables Purchase Agreement to redeem the Senior Notes (in whole but not in part), the Mezzanine Notes (in whole but not in part) and the Junior Notes (in whole or in part), at their Principal Amount Outstanding (plus any accrued but unpaid interest thereon), in accordance with the Post-Trigger Notice Priority of Payments, subject to the Issuer:

- (a) giving not more than 60 (sixty) calendar days' nor less than 20 (twenty) calendar days' notice (which notice shall be irrevocable) to the Representative of the Noteholders and to the Noteholders, with copy to the Servicer and the Rating Agencies, in accordance with Condition 17 (*Notices*) of its intention to redeem the Notes; and
- (b) prior to the notice referred to in Condition 8.4(a) above being given, delivering to the Representative of the Noteholders, with copy to the Servicer, a certificate duly signed by a director of the Issuer confirming that it will have the necessary funds (free and clear of any Security Interest of any third party) on such Payment Date to redeem at least the Senior Notes (in whole but not in part) and the Mezzanine Notes (in whole but not in part) and pay any amount required to be paid under the relevant Priority of Payments in priority thereto.

Under the terms of the Master Receivables Purchase Agreement, the Originator has been given an option right pursuant to article 1331 of the Italian civil code to repurchase *pro soluto* (in whole but not in part) the Portfolio from the Issuer, in order to finance the early redemption of the Notes, provided that such option right may be exercised in respect of any date during the Amortisation Period starting from the date on which the Net Present Value of the Portfolio Outstanding Amount is equal to, or less than, 10 (ten) per cent. of the Net Present Value of the Portfolio Outstanding Amount as at the Additional Portfolio Transfer Effective Date of 24 March 2018, and shall be subject to the other conditions set forth in the Master Receivables Purchase Agreement. The purchase price of the Receivables comprised in the Portfolio to be repurchased *pro soluto* from the Issuer will be determined in accordance with the criteria set forth in the Master Receivables Purchase Agreement and in particular, with regard to the Delinquent Receivables and the Defaulted Receivables, will be determined by an independent appraiser selected by the Issuer in consultation with the Originator in accordance with the terms of the Master Receivables Purchase Agreement. The independent appraiser so appointed shall determine the current value of such Delinquent Receivables and Defaulted Receivables in accordance with standard market practice, taking into account expected recoveries to be obtained from the Borrowers and the Guarantors and expected proceeds from the sale of such Delinquent Receivables and Defaulted Receivables.

8.5 Optional redemption for taxation or regulatory reasons

Provided that no Trigger Notice has been served on the Issuer, the Issuer may redeem the Senior Notes (in whole but not in part), the Mezzanine Notes (in whole but not in part) and the Junior Notes (in whole or in part) at their Principal Amount Outstanding (together with, in each case, accrued but unpaid interest thereon) on any succeeding Payment Date in accordance with the Post-Trigger Notice Priority of Payments:

- (a) after the date on which the Issuer is required to make any payment in respect of the Notes and the Issuer, would be required to make a Tax Deduction in respect of such payment (other than in respect of a Decree 239 Deduction);

- (b) after the date of a legislative or regulatory change in Italy (or the application or official interpretations thereof) which would cause the total amount payable in respect of the Portfolio to cease to be receivable by the Issuer, including as a result of any of the Borrowers being obliged to make a Tax Deduction in respect of any payment in relation to any Receivables,
- (c) the occurrence of a Regulatory Change Event; and
- (d) after the date of a legislative or regulatory change in Italy (or the application or official interpretations thereof) which would cause the Issuer to be no longer able to lawfully perform or comply with its obligations under or in respect of the Notes or any Transaction Document,

(each of such events, a **Redemption Event**),

subject to the Issuer:

- (e) giving not more than 60 (sixty) calendar days' nor less than 20 (twenty) calendar days' notice (which notice shall be irrevocable) to the Representative of the Noteholders and to the Noteholders, with copy to the Servicer and the Rating Agencies, in accordance with Condition 17 (*Notices*) of its intention to redeem the Notes (the **Redemption Notice**); and
- (f) prior to the notice referred to in paragraph 8.5(e) above being given,
 - (i) providing a legal opinion from a primary international law firm in form and substance satisfactory for the Representative of the Noteholders or other evidence satisfactory to the Representative of the Noteholders that the occurrence of a Redemption Event could not be avoided;
 - (ii) delivering to the Representative of the Noteholders, with copy to the Servicer, a certificate duly signed by a director of the Issuer confirming that it will have necessary funds (free and clear of any Security Interest of any third party) on such Payment Date to (A) redeem at least the Senior Notes (in whole but not in part) and the Mezzanine Notes (in whole but not in part) and pay any amount required to be paid under the relevant Priority of Payments thereto, and (B) to pay any additional taxes that will be payable by the Issuer, by reason of such early redemption of the Notes.

In the event of an early redemption of the Notes pursuant to this Condition 8.5 (*Optional redemption for taxation or regulatory reasons*), the Issuer may, or the Representative of the Noteholders may (or shall, if so directed by an Extraordinary Resolution of the Noteholders) direct the Issuer to, dispose of the Portfolio in accordance with the Intercreditor Agreement. The purchase price of the Receivables comprised in the Portfolio to be sold by the Issuer will be determined in accordance with the criteria set forth in the Intercreditor Agreement and in particular, with regard to the Delinquent Receivables and the Defaulted Receivables, will be determined by an independent appraiser selected by the Issuer in consultation with the Originator. The independent appraiser so appointed shall determine the current value of such Delinquent Receivables and Defaulted Receivables in accordance with standard market practice, taking into account expected recoveries to be obtained from the Borrowers and the Guarantors and expected proceeds from the sale of such Delinquent Receivables and Defaulted Receivables. In case of such disposal, subject to conditions set forth in the Intercreditor Agreement, the Originator will have the right to purchase the Portfolio with preference to any third party potential purchaser.

8.6 Conclusiveness of certificates

Any certificate given by or on behalf of the Issuer pursuant to Condition 8.4 (*Optional redemption*) or Condition 8.5 (*Optional redemption for taxation or regulatory reasons*) may be relied on by the Representative of the Noteholders without further investigation and shall be binding on the Noteholders and the Other Issuer Creditors.

8.7 Calculations on each Calculation Date

- (a) On or prior to each Calculation Date, the Issuer shall calculate or cause the Calculation Agent to calculate:
- (i) the amount of the Issuer Available Funds;
 - (ii) the aggregate principal payment (if any) due on each Class of Notes on the next following Payment Date and the Principal Payment Amount (if any) due on each Note of that Class;
 - (iii) the Principal Amount Outstanding of each Note of each Class on the next following Payment Date (after deducting any principal payment due to be made on that Payment Date in relation to each Note of such Class); and
 - (iv) the Pre-Amortisation Principal Payment Amount (if any).
- (b) The principal amount redeemable in respect of each Note of each Class (the **Principal Payment Amount**) on any Payment Date shall be calculated per Calculation Amount and shall be an amount equal to such proportion of the amount required as at that Payment Date to be applied towards redemption of such Class of Notes in accordance with the applicable Priority of Payments equal to the proportion that the Calculation Amount in respect of such Class of Notes bears to the aggregate Principal Amount Outstanding of all the Notes of such Class upon issue, rounded down to the nearest cent, provided that no amount of principal payable in respect of a Note may exceed the Principal Amount Outstanding of such Note. The Principal Payment Amount payable per Note of a particular Class on any Payment Date shall be an amount equal to the product of:

$$PP \times (D/CA)$$

(where “PP” is the Principal Payment Amount payable per Calculation Amount in respect of such Class of Notes on such Payment Date, “D” is the denomination of each Note of the relevant Class of Notes and “CA” is the Calculation Amount in respect of such Class of Notes).

8.8 Calculation by the Representative of the Noteholders

If the Issuer does not at any time for any reason calculate (or cause the Calculation Agent to calculate) the Issuer Available Funds, the amount thereof available for principal payments in respect of the Notes, the Principal Payment Amount in respect of each Note of each Class, the Pre-Amortisation Principal Payment Amount or the Principal Amount Outstanding in relation to each Note of each Class in accordance with this Condition and any other Transaction Documents, such amounts shall be calculated by (or on behalf of) the Representative of the Noteholders, without any liability accruing to the Representative of the Noteholders as a result, in accordance with this Condition (based on information supplied to it by the Issuer or the Calculation Agent) and each such calculation shall be deemed to have been made by the Calculation Agent on behalf of the Issuer.

8.9 Failure by the Servicer to deliver the Monthly Report to the Calculation Agent

If, prior to the delivery of a Trigger Notice, the Servicer fails to deliver the Monthly Report to the Calculation Agent within 2 (two) Business Days following the relevant Monthly Report Date (or such other term, as may be agreed between the Servicer and the Calculation Agent, which enables the Calculation Agent to timely prepare the Payment Report), the Calculation Agent or the Representative of the Noteholders (in the case of Condition 8 (*Calculation by the Representative of the Noteholders*)) shall consider, for the purpose of determining the Issuer Available Funds to be applied on the immediately following Payment Date and the delivery of the Payments Report, all the amounts then standing to the credit of the Collections Account, the Principal Funds Account and the Interest Funds Account (as resulting from the latest Account Bank Report), including, for the avoidance of any doubt, the amounts invested in Eligible Investments and, solely for the purpose of the immediately following Payment Date, only amounts payable from items *First* to *Eleventh* (included) of the Pre-Trigger Notice Interest Priority of Payments and item *First* of the Pre-Trigger Notice Principal Priority of Payments shall be deemed due and payable by the Issuer on such Payment Date. To the extent that the Issuer Available Funds so calculated are not sufficient to pay on the immediately following Payment Date amounts payable from items *First* to *Eleventh* (included) of the Pre-Trigger Notice Interest Priority of Payments and item *First* of the Pre-Trigger Notice Principal Priority of Payments, the Calculation Agent or the Representative of the Noteholders (in the case of Condition 8.8 (*Calculation by the Representative of the Noteholders*)) shall instruct the Account Bank to transfer to the Payments Account funds standing to the credit of the Cash Reserve Account in an amount sufficient to make such payments in full on the immediately following Payment Date. On the immediately following Calculation Date and subject to the timely receipt of the Monthly Report from the Servicer, the Calculation Agent or the Representative of the Noteholders (in the case of Condition 8.8 (*Calculation by the Representative of the Noteholders*)) shall, in determining the amounts due and payable on the immediately following Payment Date, make any necessary adjustment to take into account the difference (if any) between the provisional payments made on the immediately preceding Payment Date and the actual amounts that would have been due on that Payment Date.

Following the service of a Trigger Notice and in the event that the Issuer opts for the early redemption of the Notes under Condition 8.4 (*Optional redemption*) or 8.5 (*Optional redemption for taxation or regulatory reasons*), if the Servicer fails to deliver the Monthly Report to the Calculation Agent within the Monthly Report Date (or such later date as may be agreed between the Servicer and the Calculation Agent which enables the latter to prepare and deliver the Payments Report in a timely manner) (i) the Calculation Agent or the Representative of the Noteholders (in the case of Condition 8.7 (*Calculation by the Representative of the Noteholders*)) shall consider, for the purpose of determining the Issuer Available Funds to be applied on the immediately following Payment Date and the delivery of the Payments Report, all the amounts then standing to the credit of the Collections Account, the Principal Funds Account and the Interest Funds Account (as resulting from the latest Account Bank Report), including, for the avoidance of any doubt, the amounts invested in Eligible Investments, and (ii) all the amounts to be paid under the Post-Trigger Notice Priority of Payments shall be due and payable to the extent there are sufficient Issuer Available Funds to make such payments. It remains understood that, in the circumstances referred to in this Condition 8.8, the Calculation Agent or the Representative of the Noteholders (in the case of Condition 8.7 (*Calculation by the Representative of the Noteholders*)) shall not be in any way liable for any missing information in the Payments Report and for any damages or loss of any party deriving from the payments being made pursuant to this Condition 8.8, in accordance with the terms of the Cash, Allocation, Management and Payments Agreement.

8.10 Failure to prepare the Investor Report, Payments Report or Post-Trigger Notice Report

If the Calculation Agent fails to prepare the Payments Report or the Post-Trigger Notice Report or the Investor Report in accordance with the relevant provisions of the Cash, Allocation, Management and Payments Agreement, the relevant Payments Report or Post-Trigger Notice Report or Investor Report shall be (or caused to be) prepared by the Representative of the Noteholders and the provisions of Clause 6 of the Cash, Allocation, Management and Payments Agreement shall, *mutatis mutandis*, apply to the Representative of the Noteholders. Each such calculation shall be deemed to have been made by the Calculation Agent on behalf of the Issuer.

8.11 Notice of calculation of Principal Payment Amount and Principal Amount Outstanding

The Issuer shall cause each calculation of the Principal Payment Amount and Principal Amount Outstanding in relation to each Class of Notes to be notified immediately after calculation (through the Payments Report or the Post-Trigger Notice Report) to the Representative of the Noteholders, the Paying Agents and, for so long as the Rated Notes are listed on the Stock Exchange, the Stock Exchange and shall cause notice of each calculation of a Principal Payment Amount and Principal Amount Outstanding in relation to each Class of Notes to be given in accordance with Condition 17 (*Notices*) not later than two Business Days prior to each Payment Date.

8.12 Notice Irrevocable

Any such notice as is referred to in Condition 8.4 (*Optional redemption*), Condition 8.5 (*Optional redemption for taxation or regulatory reasons*) and Condition 8.11 (*Notice of calculation of Principal Payment Amount and Principal Amount Outstanding*) shall be irrevocable and, upon the expiration of notice pursuant to Condition 8.4 (*Optional redemption*) or Condition 8.5 (*Optional redemption for taxation or regulatory reasons*), the Issuer shall be bound to redeem the Notes at their Principal Amount Outstanding in accordance therewith.

8.13 No purchase by Issuer

The Issuer is not permitted to purchase any of the Notes at any time.

8.14 Cancellation

All Notes redeemed in full will be cancelled forthwith by the Issuer and may not be resold or reissued.

9. LIMITED RECOURSE AND NON PETITION

9.1 Noteholders not entitled to proceed directly against the Issuer

Only the Representative of the Noteholders may pursue the remedies available under the general law or under the Transaction Documents to obtain payment of the Obligations or enforce the Security and no Noteholder shall be entitled to proceed directly against the Issuer to obtain payment of the Obligations or to enforce the Security. In particular:

- (a) no Noteholder is entitled, otherwise than as permitted by the Transaction Documents, to direct the Representative of the Noteholders to enforce the Security and no Noteholder (nor any person on its behalf, other than the Representative of the Noteholders, where appropriate) is entitled to take any proceedings against the Issuer to enforce the Security;

- (b) no Noteholder (nor any person on its behalf, other than the Representative of the Noteholders) shall, save as expressly permitted by the Transaction Documents, have the right to take or join any person in taking any steps against the Issuer for the purpose of obtaining payment of any amount due from the Issuer;
- (c) until the date falling 2 (two) years and 1 (one) day after the date on which the Notes and any notes issued under any further securitisations undertaken by the Issuer have been redeemed in full or cancelled in accordance with their terms and conditions, no Noteholder (nor any person on its behalf, other than the Representative of the Noteholders when so directed by an Extraordinary Resolution of the Noteholders and only if the representatives of the noteholders of all further securitisation transactions carried out by the Issuer, if any, have been so directed by appropriate resolutions of their respective noteholders under the relevant transaction documents) shall initiate or join any person in initiating an Insolvency Event in relation to the Issuer, other than in the circumstances expressly referred to in the Rules of the Organisation of the Noteholders; and
- (d) no Noteholder shall be entitled to take or join in the taking of any corporate action, legal proceedings or other procedure or step which would result in the Priority of Payments not being complied with.

9.2 Limited recourse obligations of the Issuer

Notwithstanding any other provision of the Transaction Documents, all obligations of the Issuer to the Noteholders are limited in recourse as set out below:

- (a) each Noteholder will have a claim only in respect of the Issuer Available Funds and at all times only in accordance with the Priority of Payments and will not have any claim, by operation of law or otherwise, against, or recourse to, the Issuer's other assets or its contributed capital;
- (b) sums payable to each Noteholder in respect of the Issuer's obligations to such Noteholder shall be limited to the lesser of (a) the aggregate amount of all sums due and payable to such Noteholder; and (b) the Issuer Available Funds, net of any sums which are payable by the Issuer in accordance with the Priority of Payments in priority to such sums and *pro rata* with any *pari passu* sums payable to such Noteholder; and
- (c) on the Cancellation Date, the Noteholders shall have no further claim against the Issuer in respect of any such unpaid amounts and such unpaid amounts shall be cancelled and deemed to be discharged in full.

10.1 Payments through Monte Titoli

Payments of principal and interest in respect of the Notes deposited with Monte Titoli will be credited, according to the instructions of Monte Titoli, by or on behalf of the Issuer to the accounts with Monte Titoli of the banks and authorised brokers whose accounts are credited with those Notes, and thereafter credited by such banks and authorised brokers from such aforementioned accounts to the accounts of the beneficial owners of those Notes. Payments made by or on behalf of the Issuer according to the instructions of Monte Titoli to the accounts with Monte Titoli of the banks and authorised brokers (including Euroclear and Clearstream, Luxembourg) whose accounts are credited with those Notes will relieve the Issuer *pro tanto* from the corresponding payment obligations under the Notes.

The Issuer will cause at least 30 (thirty) days' prior notice of any change in or addition to the Agents or the Specified Offices of the Principal Paying Agent to be given in accordance with Condition 17 (*Notices*).

11. TAXATION

11.1 Payments free from Tax

All payments in respect of the Notes by or on behalf of the Issuer will be made without any Tax Deduction, other than a Decree 239 Deduction or any other Tax Deduction which may be required to be made by any applicable law.

11.2 No Payment of Additional Amounts

Neither the Issuer nor any person on its behalf shall be obliged to pay any additional amount to any Noteholder on account of any such Tax Deduction.

11.3 Tax Deduction not Trigger Event

Notwithstanding that the Representative of the Noteholders, the Issuer or the Paying Agents are required to make a Tax Deduction this shall not constitute a Trigger Event.

(b) **Breach of other obligations**

12.3 Conditions to delivery of Trigger Notice

Notwithstanding Condition 12.2 (*Delivery of Trigger Notice*), the Representative of the Noteholders shall not be obliged to serve a Trigger Notice unless it shall have been indemnified and/or secured to

12.4 Consequences of delivery of Trigger Notice

Upon the delivery of a Trigger Notice, all payments of principal, interest and other amounts in respect of the Notes of each Class shall become immediately due and payable without further action or formality at their Principal Amount Outstanding, together with any accrued interest and shall be payable in accordance with the order of priority set out in Condition 6.3 (*Post-Trigger Notice Priority of Payments*) and on such dates as the Representative of the Noteholders shall determine as being Payment Dates.

13. PURCHASE TERMINATION EVENTS

The occurrence of each and any of the following events on any date will constitute a purchase termination event (a **Purchase Termination Event**) in accordance with the Master Receivables Purchase Agreement:

Upon the occurrence of a Purchase Termination Event, the Revolving Period shall terminate and, as a consequence, no further Additional Pools may be transferred to the Issuer.

14. ENFORCEMENT

At any time after a Trigger Notice has been delivered, the Representative of the Noteholders may, at its discretion and without further notice take such steps and/or institute such proceedings as it thinks fit to enforce repayment of the Notes and payment of accrued interest thereon but it shall not be bound to do so unless directed by an Extraordinary Resolution of the holders of the Most Senior Class of Notes then outstanding and in such case, only if it shall have been indemnified and/or secured to its satisfaction against all Liabilities to which it may thereby become liable or which it may incur by so doing.

14.2 Directions to the Representative of the Noteholders

The Representative of the Noteholders shall not be bound to take any action described in Condition 14.1 (*Proceedings*) and may take such action without having regard to the effect of such action on any individual Noteholder or on any Other Issuer Creditor, provided that the Representative of the Noteholders shall not, and shall not be bound to, act at the request or direction of the Noteholders of any Class other than the Most Senior Class of Notes then outstanding unless:

Any such amendment or modification shall be binding on the Noteholders and, unless the Representative of the Noteholders otherwise agrees, the Issuer shall cause such amendment or modification to be notified to the Noteholders as soon as practicable thereafter;

- (ii) may, without the consent of the Noteholders, concur with the Issuer and any other relevant parties in making any amendment or modification (other than in respect of a Basic Terms Modification) to these Rules, the Conditions or to any of the Transaction Documents which, in the opinion of the Representative of the Noteholders, it may be proper to make, provided that the Representative of the Noteholders is of the opinion that such amendment or modification will not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes;

- (ix) in connection with matters in respect of which the Noteholders are entitled to direct the Representative of the Noteholders, the Representative of the Noteholders shall not be liable for acting upon any resolution purported to have been passed at any Meeting of holders of any Relevant Class of Notes in respect of which minutes have been drawn up and signed notwithstanding that subsequent to so acting, it transpires that the Meeting was not duly convened or constituted, such resolution was not duly passed or that the resolution was otherwise not valid or binding upon the relevant Noteholders;
- (x) may call for, and shall be at liberty to accept and place full reliance on as sufficient evidence of the facts stated therein, a certificate or letter of confirmation certified as true and accurate and signed on behalf of any common depository as the Representative of the Noteholders considers appropriate, or any form of record made by any such depository, to the effect that at any particular time or throughout any particular period any particular person is, was, or will be, shown in its records as entitled to a particular principal amount of Notes;
- (xi) may certify whether or not a Trigger Event is, in its opinion, materially prejudicial to the interests of the Noteholders or the holders of the Most Senior Class of Notes and any such certificate shall be conclusive and binding upon the Issuer, the Noteholders, the Other Issuer Creditors and any other relevant person;
- (xii) may determine whether or not a default in the performance by the Issuer of any obligation under the provisions of these Rules, the Notes, the Conditions or any other Transaction Document is capable of remedy and, if the Representative of the Noteholders certifies that any such default is, in its opinion, not capable of remedy, such certificate shall be conclusive and binding upon the Issuer, the Noteholders, the Other Issuer Creditors and any relevant person;

- (xiii) may assume, without enquiry, that no Notes are for the time being held by, or for the benefit, of the Issuer;
 - (xiv) shall be entitled to call for, and to rely upon, a certificate or any letter of confirmation or explanation reasonably believed by it to be genuine, of any party to the Intercreditor Agreement, any Other Issuer Creditor or any of the Rating Agencies in respect of any matter and circumstance for which a certificate is expressly provided for hereunder or under any Transaction Document or in respect of the ratings of the Rated Notes and it shall not be bound, in any such case, to call for further evidence or be responsible for any loss, liability, costs, damages, expenses or inconvenience that may be incurred by its failing to do so; and
 - (xv) may, in determining whether the exercise of any power, authority, duty or discretion under or in relation hereto or to the Notes, the Conditions or any Transaction Document, is materially prejudicial to the interests of the Noteholders, contact the Rating Agencies so to assess whether the then current ratings of the Rated Notes would not be downgraded, withdrawn or qualified and have regard to any other confirmation which it considers, in its sole and absolute discretion, as necessary and/or appropriate.
- (d) Any consent or approval given by the Representative of the Noteholders under these Rules, the Notes, the Conditions or any other Transaction Document may be given on such terms and subject to such conditions (if any) as the Representative of the Noteholders thinks fit and, notwithstanding anything to the contrary contained herein, in the Conditions or in any Transaction Document, such consent or approval may be given retrospectively.
 - (e) No provision of these Rules, the Notes, the Conditions or any Transaction Document shall require the Representative of the Noteholders to do anything which may be illegal or contrary to applicable law or regulations, or expend or risk its own funds, or otherwise incur any financial liability in the performance of any of its duties, or in the exercise of any of its powers or discretions, and the Representative of the Noteholders may refrain from taking any action if it has reasonable grounds to believe that it will not be reimbursed for any funds, or that it will not be indemnified or pre-funded against any loss or liability which it may incur as a result of such action.

3.5 Security

- (a) The Representative of the Noteholders shall be entitled to exercise all the rights granted by the Issuer in favour of the Representative of the Noteholders on behalf of the Noteholders and the Other Issuer Creditors under the Security.

The Noteholders and the Other Issuer Creditors irrevocably waive any right which they may have hereunder in respect of cash deriving from time to time from the Security and amounts standing to the credit of the Accounts which is not in accordance with the foregoing. The Representative of the Noteholders shall not be entitled to collect, withdraw or apply, or issue instructions for the collection, withdrawal or application of, cash deriving from time to time from the Security, under the Security, except in accordance with the foregoing, the Conditions and the Intercreditor Agreement.

3.6 Indemnity

It is hereby acknowledged that the Issuer has covenanted and undertaken under the Intercreditor Agreement to reimburse, pay or discharge (on a full indemnity basis) on demand, to the extent not already reimbursed, paid or discharged by any of the Other Issuer Creditors and without any obligation first to make demand upon the Noteholders or the Other Issuer Creditors, all adequately documented Liabilities properly incurred by or claimed against the Representative of the Noteholders or any entity to which the Representative of the Noteholders has delegated any power, authority or discretion in relation to the preparation and execution of, the exercise or the purported exercise of its powers, authority and discretion and performance of its duties under, and in any other manner in relation to, these Rules, the Notes, the Conditions, the Intercreditor Agreement or any other Transaction Document, in each case, including but not limited to, legal and travelling expenses (properly incurred and documented), and any stamp, issue, registration, documentary and other taxes or duties paid by the Representative of the Noteholders in connection with any action and/or legal proceedings brought or contemplated by the Representative of the Noteholders pursuant to the Transaction Documents against the Issuer, or any other person to enforce any obligation under these Rules, the Notes or the Transaction Documents, except insofar as the same are incurred as a result of gross negligence (*colpa grave*) or wilful misconduct (*dolo*) on the part of the Representative of the Noteholders or the above-mentioned appointed person.

The purchase price of the Receivables to be repurchased *pro soluto* from the Issuer will be determined in accordance with the criteria set forth in the Master Receivables Purchase Agreement and in particular, with regard to the Delinquent Receivables and the Defaulted Receivables, will be determined by an independent appraiser selected by the Issuer in consultation with the Originator. The independent appraiser so appointed shall determine the current value of such Delinquent Receivables and Defaulted Receivables in accordance with standard market practice, taking into account expected recoveries to be obtained from the Borrowers and the Guarantors and expected proceeds from the sale of such Delinquent Receivables and Defaulted Receivables.

The Payments Account, the Collections Account, the Principal Funds Account, Interest Funds Account, the Expenses Account, the Commingling Reserve Account and the Cash Reserve Account held with the Account Bank shall be opened in the name of the Issuer and shall be operated by the Account Bank and the amounts standing to the credit thereof shall be debited and credited in accordance with the provisions of the Cash Allocation, Management and Payments Agreement.

If the Cash Manager (having received written instructions from the Servicer) selects any Eligible Investments which comprise bonds, debentures, notes or other financial instruments, the Cash Manager shall on behalf of the Issuer prior to such selection open the Securities Account with the Account Bank for the deposit of such Eligible Investments. The Cash Manager, the Account Bank and the Issuer shall execute such documents and give such notices as may be required by the Representative of the Noteholders in connection therewith. The Issuer will at all times maintain with the Account Bank, as a separate account in the name of the Issuer and in the interests of the Noteholders and the Other Issuer Creditors, the Securities Account, which if opened, will be operated in accordance with the Cash Allocation, Management and Payments Agreement.

The Issuer may (with the prior approval of the Representative of the Noteholders and prior notice to the Rating Agencies) revoke its appointment of any of the Calculation Agent, Principal Paying Agent, the Cash Manager and Account Bank (each an **Agent**) by giving not less than three months' written notice regardless of whether a Trigger Event has occurred. In addition, the Other Issuer Creditors (including the Commingling Reserve Facility Provider in relation to all payments due to it, other than those in respect of repayment of principal and any return of the amounts standing to the credit of the Commingling Reserve Account) have agreed and acknowledged that the obligations owed by the Issuer to the Other Issuer Creditors are limited recourse obligations of the Issuer and that they will have a claim against the Issuer only to the extent of the Issuer Available Funds in each case subject to and as provided in the Intercreditor Agreement and the other Transaction Documents.

Under the terms of the Intercreditor Agreement, the Issuer has undertaken, following the service of a Trigger Notice, to comply with all directions of the Representative of the Noteholders, acting pursuant to the Conditions, in relation to the management and administration of the Portfolio.

To the extent that money-market funds constituting any Eligible Investments purchased from time to time by or on behalf of the Issuer pursuant to the Cash Allocation, Management and Payments Agreement are held for the account of the Issuer with a third party, the English law security created by the Deed of Charge will not confer a proprietary interest in such Eligible Investments so held.

The Deed of Charge, and any non-contractual obligations arising out of or in connection with it, is governed by and shall be construed in accordance with English law.

The Corporate Services Agreement

The Issuer's obligation to repay principal on the Commingling Reserve Facility will be limited solely to the amounts then standing to the credit of the Commingling Reserve Account and FCAB will not have any recourse to any of the Issuer Available Funds. These payments will be (i) made directly to FCAB; and (ii) outside of the applicable Priority of Payments.

The Commingling Reserve Facility will yield a return in an amount equal to the aggregate of (a) interest of (X) starting from (and including) the Issue Date until (but excluding) the Second Re-tranching Date, 2 per cent per annum calculated on actual/360 basis, and (Y) starting from (and including) the Second Retranching Date, 1 per cent per annum calculated on actual/360 basis, payable monthly (i) directly to the Commingling Reserve Facility Provider and (ii) in accordance with the applicable Priority of Payments; and (b) the aggregate of the dividends or other distributions actually received on the Commingling Reserve Account and on any other Eligible Investments made with monies originally standing to the credit of the Commingling Reserve Account with the exclusion of any distributions representing payment or repayment of principal in respect of such Commingling Reserve Account and Eligible Investments, which payments will be (i) made directly to the Commingling Reserve Facility Provider, and (ii) outside of the applicable Priority of Payments.

The Commingling Reserve Loan Agreement, and any non-contractual obligations arising out of or in connection with it, is governed by Italian law.

EXPECTED WEIGHTED AVERAGE LIFE OF CERTAIN CLASSES OF NOTES AND ASSUMPTIONS

The expected average life of the Notes cannot be predicted as the actual rate at which the Loans will be repaid and a number of other relevant factors are unknown.

Calculated estimates as to the expected average life of the Notes can be made based on certain assumptions. These estimates have certain inherent limitations. No representations are made that such estimates are accurate, that all assumptions relating to such estimates have been considered or stated or that such estimates will be realised.

The table below shows the expected average life of certain Classes of the Notes based on the following assumptions:

- (a) that no Trigger Event occurs;
- (b) that the Loans are subject to a constant rate of prepayment as shown in the table below;
- (c) there will be no yield on the Accounts and no profit or yield on the Eligible Investments;
- (d) the Issue Date was 16 May 2016, the First Re-tranching Date was 15 November 2016, the Second Re-tranching Date will be 16 April 2018 and that repayment of principal under the Senior Notes occurs from the Payment Date falling in June 2020;
- (e) no Notes Pre-Amortisation Event occurs;
- (f) there are no Defaulted Receivables or Delinquent Receivables;
- (g) that the clean-up call option will be exercised in accordance with the Master Receivables Purchase Agreement and Condition 8.4 (*Optional redemption*);
- (h) that no event under Condition 8.5 (*Optional redemption for taxation or regulatory reasons*) occurs;
- (i) no purchase, sale, indemnity or renegotiation on the Portfolio as a whole or on individual Receivables is made according to the Transaction Documents, the Instalments will not be reduced and the term of the Loans are not extended.

	Constant prepayment rate		
	0%	5%	15%
Expected weighted average life of Class A Notes (years)	3.52	3.42	3.24
Expected weighted average life of Class B Notes (years)	5.65	5.48	5.15
Expected weighted average life of Class C Notes (years)	5.67	5.50	5.17
Expected weighted average life of Class D Notes (years)	5.67	5.50	5.17
Expected weighted average life of Class E Notes (years)	5.67	5.50	5.17

Assumption (b) above is stated as an average annualised prepayment rate as the prepayment rate for one Interest Period may be substantially different from that for another. The constant prepayment rates shown above are purely illustrative and do not represent the full range of possibilities for constant prepayment rates.

The weighted average lives of certain Classes of the Notes shown above are subject to factors largely outside of the Issuer's control and consequently no assurance can be given that the assumptions and estimates above will prove in any way to be realistic and they must therefore be viewed with considerable caution.

TAXATION IN THE REPUBLIC OF ITALY

The following is a general description of current Italian law and practice relating to certain Italian tax considerations concerning the purchase, ownership and disposition of the Rated Notes. It does not purport to be a complete analysis of all tax considerations that may be relevant to your decision to purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of prospective beneficial owners of the Notes, some of which may be subject to special rules.

This description is based upon tax laws and practice of Italy in effect on the date of this Prospectus which are however subject to a potential retroactive change. Prospective noteholders should consult their tax advisers as to the consequences under Italian tax law, under the tax laws of the country in which they are resident for tax purposes and of any other potentially relevant jurisdiction of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes, including in particular the effect of any state, regional or local tax laws.

Income tax

Under the current legislation, pursuant to the combined provision of Article 6, paragraph 1, of Law 130, Articles 1 and 2 of Legislative Decree No. 239 of 1 April 1996, as amended and restated (“Law 239”) and Law Decree No. 66 of 24 April 2014 converted into Law No. 89 of 23 June 2014 (“Decree 66/2014”), payments of interest and other proceeds in respect of the Rated Notes:

- (a) will be subject to *imposta sostitutiva* at the rate of 26 per cent. in the Republic of Italy levied as final tax if made to beneficial owners who are: (i) individuals resident in the Republic of Italy for tax purposes; (ii) Italian resident non-commercial partnerships; (iii) Italian resident public and private entities, other than companies, not carrying out commercial activities as their exclusive or principal purpose (including the Italian State and public entities); and (iv) Italian resident entities exempt from corporate income tax.

Payments of interest and other proceeds in respect of the Rated Notes will not be included in the general taxable base of the above-mentioned individuals, partnerships and entities.

The *imposta sostitutiva* will be levied by the Italian resident qualified financial intermediaries that will intervene, in any way, in the collection of interest and other proceeds on the Rated Notes or in the transfer of the Rated Notes

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the *imposta sostitutiva*, on interest, premium and other income relating to the Notes if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Law No. 232 of 11 December 2016 (the **Finance Act 2017**);

- (b) will be subject to *imposta sostitutiva* at the rate of 26 per cent. in the Republic of Italy levied as provisional tax if made to beneficial owners who are: (i) individuals resident in the Republic of Italy for tax purposes; and (ii) non-commercial Italian resident public and private entities; any of them engaged in an entrepreneurial activity – to the extent permitted by law – to which the Rated Notes are connected;

- (c) will not be subject to the *imposta sostitutiva* if made to beneficial owners who are: (i) Italian resident corporations or commercial entities, commercial partnerships or permanent establishments in Italy of non resident corporations to which the Rated Notes are effectively connected; (ii) Italian resident collective investment funds, SICAVs, SICAFs, Italian resident pension funds referred to in Legislative Decree No. 124 of 21 April 1993, as further superseded by Legislative Decree 5 December 2005, No. 252 and Italian resident real estate investment funds established pursuant to Article 37 of the Consolidated Financial Act and Article 14-*bis* of law No. 86 of 25 January 1994 and Italian real estate SICAFs; (iii) Italian resident individuals who have entrusted the management of their financial assets, including the Rated Notes, to an Italian authorised financial intermediary and have opted for the so-called “*risparmio gestito regime*” according to Article 7 of Legislative Decree No. 461 of 21 November 1997 - the “Asset Management Option” and (iv), non Italian resident with no permanent establishment in Italy to which Rated Notes are effectively connected, provided that:
- (i) they are (i) resident of a country which allows an adequate exchange of information with Italy, which are those countries allowing for an adequate exchange of information with the Italian tax authorities, as currently listed in ministerial decree of 4 September 1996, as amended from time to time in accordance with Article 11, paragraph 4, of Law 239, or, in the case of qualifying institutional investors not subject to tax, they are established in such a country, (ii) supranational entities set up in accordance with an international treaty executed by Italy, or (iii) central banks of foreign countries, or other entities also managing the official reserves of such countries; and
 - (ii) the Rated Notes are deposited directly or indirectly: (i) with a bank or an Italian securities dealing firm (**SIM**) resident in Italy; (ii) with the Italian permanent establishment of a non-resident bank or brokerage company which is electronically connected with the Italian Ministry of Economy and Finance; or (iii) with a non-resident entity or company which has an account with a centralised clearance and settlement system which has a direct relationship with the Italian Ministry of Economy and Finance; and
 - (iii) as for recipients characterizing under category (i)(a) above, the banks or brokers mentioned in (ii) above receive a self-declaration from the beneficial owner of the interest which states that the beneficial owner is a resident of that country. The self-declaration must be in conformity with the model approved by the Ministry of Economy and Finance (approved with Decree of the Ministry of Economy and Finance 12 December 2001, published on the Ordinary Supplement No. 287 to the Official Journal No. 301 of 29 December 2001) and its further amendments and is valid until revoked by the investor. A self-statement does not have to be filed if an equivalent self-declaration has already been submitted to the same intermediary for the same or different purposes; in the case of institutional investors not subject to tax, the relevant self-declaration shall be produced by the management company; and
 - (iv) the banks or brokers mentioned in (ii) and (iii) above receive all necessary information to identify the non-resident beneficial owner of the deposited Rated Notes and all necessary information in order to determine the amount of interest that such beneficial owner is entitled to receive.

Non-resident holders are subject to the 26 per cent. tax (*imposta sostitutiva*) on interest and other proceeds on the Rated Notes if any or all of the above conditions (i), (ii), (iii) and (iv) are not satisfied. In this case, *imposta sostitutiva* may be reduced under double taxation treaties, where applicable.

Italian resident individuals and certain other persons holding Rated Notes not in connection with an entrepreneurial activity who have opted for the Asset Management Option are subject to a annual substitute

tax levied at the rate of 26 per cent. (the **Asset Management Tax**) on the increase in value of the managed assets accrued at the end of each tax year (which increase would include interest and other proceeds accrued on the Rated Notes). The Asset Management Tax is applied on behalf of the taxpayer by the managing authorised intermediary.

Interest and other proceeds accrued on the Rated Notes held by Italian resident corporations, commercial partnerships, individual entrepreneurs as well as Italian resident public and private entities, other than companies, holding Rated Notes in connection with entrepreneurial activities or permanent establishments in Italy of non-resident corporations to which the Rated Notes are effectively connected, are included in the taxable base for the purposes of: (i) corporate income tax (*imposta sul reddito delle società*, “IRES”); or (ii) individual income tax (*imposta sul reddito delle persone fisiche*, “IRPEF”) plus local surtaxes, if applicable; under certain circumstances, such interest is included in the taxable basis of the regional tax on productive activities (*imposta regionale sulle attività produttive*, “IRAP”).

Where the holder of the Rated Notes is an Italian resident investment fund, a SICAF or a SICAV (together the **Fund**), interest payments relating to the Rated Notes are not subject to *imposta sostitutiva* but must be included in the management results of the Fund accrued at the end of each tax period. The Fund will not be subject to taxation on such result, but a substitutive tax, up to 26 per cent., will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders.

Italian resident pension funds are subject to 20 per cent annual substitute tax (the **Pension Fund Tax**) on the increase in value of the managed assets accrued at the end of each tax year.

Any positive difference between the nominal redeemable amount of the Rated Notes and their issue price is deemed to be interest for capital income (*redditi di capitale*) tax purposes. In general terms, income from capital is treated as a separate classification of tax liability only for tax-payers who are not engaged in entrepreneurial activities in Italy.

Capital gain tax

Any capital gain realised upon the sale for consideration or redemption of Rated Notes would be treated for the purpose of corporate income tax and of individual income tax as part of the taxable business income of the holders of the Rated Notes (and, in certain cases, depending on the status of the holders of the Rated Notes, may also be included in the taxable basis of IRAP), and therefore subject to tax in Italy according to the relevant tax provisions, if derived by the holders of the Rated Notes who are:

- (a) Italian resident corporations;
- (b) Italian resident commercial partnerships;
- (c) permanent establishments in Italy of foreign corporations to which the Rated Notes are effectively connected; or
- (d) Italian resident individuals carrying out a commercial activity, as to any capital gains realised within the scope of their commercial activity.

Pursuant to Legislative Decree No. 461 of 21 November 1997, any capital gain realised by Italian resident individuals holding Rated Notes not in connection with an entrepreneurial activity and by certain other persons upon the sale for consideration or redemption of the Rated Notes would be subject to an *imposta sostitutiva* at the rate of 26 per cent. Under the tax declaration regime, which is the standard regime for taxation of capital gains realised by Italian resident individuals not engaged in an entrepreneurial activity, *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by Italian resident individual noteholders holding Rated Notes not in

connection with an entrepreneurial activity pursuant to all disposals on Rated Notes carried out during any given fiscal year. These individuals must report the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax declaration to be filed with the Italian tax authority for such year and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.

As an alternative to the tax declaration regime, Italian resident individual noteholders holding Rated Notes not in connection with an entrepreneurial activity may elect to pay *imposta sostitutiva* separately on the capital gains realised upon each sale or redemption of the Rated Notes (the **Risparmio Amministrato** regime). Such separate taxation of capital gains is permitted subject to: (i) the Rated Notes being deposited with Italian banks, società di intermediazione mobiliare (SIM) or certain authorised financial intermediaries; and (ii) an express election for the *Risparmio Amministrato* regime being timely made in writing by the relevant noteholder. The financial intermediary, on the basis of the information provided by the taxpayer, accounts for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of Rated Notes, net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authority on behalf of the taxpayer, deducting a corresponding amount from proceeds to be credited to the noteholder. Under the *Risparmio Amministrato* regime, where a sale or redemption of Rated Notes results in a capital loss, such loss may be deducted from capital gains subsequently realised in the same tax year or in the following tax years up to the fourth. Under the *Risparmio Amministrato* regime, the noteholder is not required to report capital gains in its annual tax declaration.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not engaged in an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from Italian capital gain taxes, including the *imposta sostitutiva*, on capital gains realised upon sale or redemption of the Notes, if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Finance Act 2017. Any capital gains realised by Italian resident individuals holding Rated Notes not in connection with an entrepreneurial activity who have elected for the Asset Management Option will be included in the calculation of the annual increase in net value of the managed assets accrued, even if not realised, at year end, subject to the Asset Management Tax to be applied on behalf of the taxpayer by the managing authorised intermediary. Under the Asset Management Option, any depreciation of the managed assets accrued at year end may be carried forward against an increase in the net value of the managed assets accrued in any of the four succeeding tax years. Under the Asset Management Option, the noteholder is not required to report capital gains realised in its annual tax declaration.

Any capital gains realised by an holder of Rated Notes which is a Fund (as defined above) will be included in the results of the relevant portfolio accrued at the end of the tax period. The Fund will not be subject to taxation on such result, but a substitutive tax, up to 26 per cent., will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders.

Any capital gains realised by the holders of the Rated Notes who are Italian resident pension funds will be included in the calculation of the taxable basis of Pension Fund Tax.

The 26 per cent. *imposta sostitutiva* may in certain circumstances be payable on capital gains realised upon sale for consideration or redemption of Rated Notes by non Italian resident persons or entities without a permanent establishment in Italy to which the Rated Notes are effectively connected, if the Rated Notes are held in Italy.

However, pursuant to Article 23 of Presidential Decree of 22 December 1986, No. 917, any capital gains realised, by non-Italian residents without a permanent establishment in Italy to which the Rated Notes are

effectively connected, through the sale for consideration or redemption of Rated Notes are not subject to taxation in Italy to the extent that the Rated Notes are listed on a regulated market in Italy or abroad and in certain cases subject to filing of a non-residency declaration, even if the Rated Notes are held in Italy.

In case the Rated Notes are not listed on a regulated market in Italy or abroad:

- (a) non Italian resident beneficial owners of the Rated Notes with no permanent establishment in Italy to which the Rated Notes are effectively connected are exempt from *imposta sostitutiva* in the Republic of Italy on any capital gains realised upon sale for consideration or redemption of the Rated Notes if they are resident, for tax purposes, in a country which allows an adequate exchange of information with Italy, which are those countries listed in ministerial decree of 4 September 1996, as amended from time to time in accordance with Article 11, paragraph 4, of Law 239 or, in the case of qualifying institutional investors not subject to tax, they are established in such a country (see Article 5, paragraph 5, letter a) of Italian Legislative Decree No. 461 of 21 November 1997); in this case, if non Italian residents without a permanent establishment in Italy to which the Rated Notes are effectively connected have opted for the *Risparmio Amministrato* regime or the Asset Management Option, exemption from Italian capital gains tax will apply upon condition that they file in due course with the authorised financial intermediary an appropriate self-declaration (autocertificazione) stating that they meet the requirements indicated above; and
- (b) in any event, non Italian resident persons or entities without a permanent establishment in Italy to which the Rated Notes are effectively connected that may benefit from a double taxation treaty with the Republic of Italy, providing that capital gains realised upon the sale or redemption of the Rated Notes are to be taxed only in the country of tax residence of the recipient, will not be subject to *imposta sostitutiva* in the Republic of Italy on any capital gains realised upon sale for consideration or redemption of Rated Notes; in this case, if non-Italian residents without a permanent establishment in Italy to which the Rated Notes are effectively connected have opted for the *Risparmio Amministrato* regime or the Asset Management Option, exemption from Italian capital gains tax will apply upon the condition that they file in due course with the authorised financial intermediary appropriate documents which include, *inter alia*, a statement issued by the competent tax authorities of the country of residence of the non Italian residents.

Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November 2006, as subsequently amended, the transfers of any valuable asset (including shares, notes or other securities) as a result of death or donation are taxed as follows:

- (a) when the beneficiary is the spouse or a relative in direct lineage, the value of the Notes transferred to each beneficiary exceeding Euro 1,000,000 is subject to a 4 per cent. rate;
- (b) when the beneficiary is a brother or sister, the value of the Notes exceeding Euro 100,000 for each beneficiary is subject to a 6 per cent. rate;
- (c) when the beneficiary is a relative within the fourth degree or is a relative-in-law in direct and collateral lineage within the third degree, the value of the Notes transferred to each beneficiary is subject to a 6 per cent. rate;
- (d) in any other case, the value of the Notes transferred to each beneficiary is subject to an 8 per cent. rate.

The transfer of the Notes by donation is subject to gift tax at the same rates as in case of inheritance. If the transfer is made in favour of persons with severe disabilities, the tax is levied at the rates mentioned above on the value exceeding, for each beneficiary, €1,500,000.

Tax monitoring

According to the Legislative Decree No. 167 of 28 June 1990, converted with amendments into Law No. 227 of 4 August 1990, as amended from time to time, individuals, non-profit entities and certain partnerships (società semplici or similar partnerships in accordance with Article 5 of Presidential Decree No. 917 of 22 December 1986) resident in Italy for tax purposes under certain conditions, are required to report for tax monitoring purposes in their yearly income tax the amount of investments (including the Notes) directly or indirectly held abroad.

The requirement applies also where the persons above, being not the direct holder of the financial instruments, are the actual owner of the instrument.

Furthermore, the above reporting requirement is not required to comply with respect to Notes deposited for management with qualified Italian financial intermediaries, with respect to contracts entered into through their intervention of qualified Italian financial intermediaries, upon condition that the items of income derived from the Notes have been subject to tax by the same intermediaries and with respect to foreign investments which are only composed by deposits and/or bank accounts when their aggregate value never exceeds a €15,000 threshold throughout the year.

Stamp duty

Article 13, paragraph 2-ter, of the First Part of the Tariff attached to Presidential Decree No. 642 of 26 October 1972 (**Stamp Duty Law**), as amended by Law Decree No. 201 of 6 December 2011, converted into Law No. 214 of 22 December 2011, and by Law No. 147 of 27 December 2013 introduced a stamp duty on the value of the financial products and/or financial instruments included in the statement sent to the clients as of 1 January 2012 (**Statement Duty**). The Statement Duty is levied at the rate of 0.2 per cent. on the market value or – if no market value figure is available – the nominal value or redemption amount of the Notes held. The Statement Duty cannot exceed € 14,000.00 for investors other than individuals). . The relevant taxable basis shall be determined as of the sending of each periodic statement and, therefore, shall be liquidated taking into account the period of the relevant statement. The statement is deemed to be sent to the clients once a year, irrespective of any legal or contractual obligation to do so.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June 2012 of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

FOREIGN ACCOUNT TAX COMPLIANCE ACT

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a foreign financial institution (as defined by FATCA) may be required to withhold on certain payments it makes (foreign passthru payments) to persons that fail to meet certain certification, reporting or related requirements. A number of jurisdictions including the Republic of Italy have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (IGAs), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to 1 January 2019 and Notes issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

SELLING RESTRICTIONS

Pursuant to the Subscription Agreements, each of the Issuer and the Subscriber has undertaken that it has complied and will comply with all applicable laws and regulations in each country or jurisdiction in which it

purchases, offers, sells or delivers the relevant Notes or has in its possession or distribute this Prospectus or any related offering material, in all cases at its own expense.

Each of the Issuer and the Subscriber has also represented and warranted that it has not made or provided and undertaken not to make or provide any representation or information regarding the Issuer, the Originator or the Notes save as contained in or consistent with this Prospectus or as approved for such purpose by the Issuer or the Originator or which is a matter of public knowledge.

EEA Standard Selling Restriction

Pursuant to the Subscription Agreements, in relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**), each of the Issuer and the Subscriber has represented, warranted and undertaken that, with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**), it has not made and will not make an offer of the relevant Notes to the public in that Relevant Member State prior to the publication of a prospectus in relation to the relevant Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of the relevant Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive); or
- (c) at any time in any other circumstances falling within article 3(2) of the Prospectus Directive.

For the purposes of this provision, the expression an “*offer of Notes to the public*” in relation to the Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “*Prospectus Directive*” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State and the expression “*Amending Prospectus Directive*” means Directive 2010/73/EU.

The Notes are not intended to be offered, sold or otherwise made available to any retail investor in the European Economic Area. For these purposes, a **retail investor** means a person who is one (or more) of: (a) a retail client as defined in point (11) of Article 4 (1) of Directive 2014/65/EU (**MiFID II**); (b) a customer within the meaning of Directive 2002/92/EC (**IMD**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) a person who is not a qualified investor as defined in the Prospectus Directive. Accordingly, none of the Issuer, the Arranger or the Class A Notes Subscriber expects to be required to prepare, and none of them has prepared, or will prepare, a “key information document” in respect of the Notes for the purposes of Regulation (EU) No 1286/2014 of 26 November 2014 on key information documents for packaged retail and insurance-based investment products (the **PRIIPs Regulation**).

An investment in the Notes is only suitable for financially sophisticated investors who are capable of evaluating the merits and risks of such investment and who have sufficient resources to be able to bear any losses which may result from such investment. It should be remembered that the price of securities and the income from them can go down as well as up.

United States of America

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code of 1986 and regulations thereunder.

Pursuant to the Subscription Agreements, each of the Issuer and the Subscriber has agreed that it will not offer, sell or deliver the relevant Notes, (a) as part of their distribution at any time or (b) otherwise, until 40 days after the completion of the offering of the Notes, within the United States or to, or for the account or benefit of, any U.S. person, and that it will send to each distributor, dealer or person receiving a selling concession, fee or other remuneration to which it sells the relevant Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, any U.S. person.

In addition, until 40 days after the commencement of the offering of the Notes, any offer or sale of the Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

United Kingdom

Pursuant to the Subscription Agreements, each of the Issuer and the Subscriber has represented, warranted and undertaken that:

- (a) *Financial promotion*: it has only communicated or caused to be communicated, and will only communicate or cause to be communicated, any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any relevant Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (b) *General compliance*: it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Italy

Pursuant to the Subscription Agreements, each of the Issuer and the Subscriber has represented, warranted and undertaken that it has not offered, sold or delivered, and will not offer, sell or deliver, and has not distributed and will not distribute and has not made and will not make available in the Republic of Italy any relevant Notes, copy of this Prospectus nor any other offering material relating to the relevant Notes other than to “qualified investors” (“*investitori qualificati*”) as referred to in article 100 of the Financial Laws Consolidation Act and article 34-ter, paragraph 1, letter (b) of the CONSOB regulation No. 11971 of 14 May 1999 (as amended and integrated from time to time, **CONSOB Regulation**) and in accordance with any applicable Italian laws and regulations.

Any offer of the Notes to qualified investors in the Republic of Italy shall be made only by banks, investment firms or financial intermediaries permitted to conduct such business in accordance with the Consolidated Banking Act, to the extent that they are duly authorised to engage in the placement and/or underwriting of financial instruments in the Republic of Italy in accordance with the relevant provisions of the Financial Laws Consolidation Act, CONSOB Regulation No. 16190 of 29 October 2007, the Consolidated Banking Act and any other applicable laws and regulations.

In addition, each of the Issuer and the Subscriber has undertaken to comply with any other applicable laws and regulations or requirement imposed by CONSOB, the Bank of Italy (including the reporting requirements, where applicable, pursuant to article 129 of the Consolidated Banking Act and the implementing guidelines of the Bank of Italy, as amended from time to time) and/or any other Italian authority.

General

Pursuant to the Subscription Agreements, each of the Issuer and the Subscriber has acknowledged that (i) no action has or will be taken by it which would allow an offering (nor a “*offerta al pubblico di prodotti finanziari*”) of the relevant Notes to the public in the Republic of Italy unless in compliance with the relevant Italian securities, tax and other applicable laws and regulations; (ii) the relevant Notes may not be offered, sold or delivered by it and neither this Prospectus nor any other offering material relating to the relevant Notes will be distributed or made available by it to the public in the Republic of Italy. Individual sales of the Notes to any persons in the Republic of Italy will only be made by each Relevant Party in accordance with Italian securities, tax and other applicable laws and regulations and no application has been made by it to obtain an authorisation from CONSOB for the public offering of the Notes in the Republic of Italy.

REGULATORY DISCLOSURE AND RETENTION UNDERTAKING

On 26 June 2013, the European Parliament and the European Council adopted the Directive 2013/36/EC (the **CRD IV**) and the Regulation (EU) 575/2013 (the **CRR**) repealing in full the so-called capital requirements directive (being an expression making reference to Directive 2006/48/EC and Directive 2006/49/EC).

Pursuant to article 67 of the CRD IV, an institution is subject to administrative penalties and other administrative measures if, *inter alia*, it is exposed to the credit risk of a securitisation position without satisfying the conditions set out in article 405 of the CRR (**Article 405**). Article 405 specifies that an EU regulated credit institution, other than when acting as originator, sponsor or original lender, may assume an exposure in the context of a securitisation in its trading or non-trading book only if the originator, sponsor or original lender has explicitly disclosed to such credit institution that it will retain, on an ongoing basis, a material net economic interest not lower than 5 per cent. in such securitisation.

The CRR (including Article 405) is directly applicable and became effective on 1 January 2014. The CRD IV has been implemented in Italy by the Bank of Italy Instructions (*Disposizioni di Vigilanza per le Banche*) entered into force in 1 January 2014.

Similar requirements to those set out in articles 405 and following of the CRR (a) are imposed on EU-regulated alternative investment fund managers by chapter 3, section 5 of Regulation (EU) No 231/2013 from 22 July 2013 (the **AIFMR**) and, in particular, article 51 thereof (**Article 51**) and (b) on EU insurance and reinsurance companies by Article 254 of the Solvency II Regulation (**Article 254**), so long as such legislation (as amended, re-enacted, recast or replaced) is applicable to Securitisation.

In the Subscription Agreements, FCA Bank S.p.A., in its capacity as Originator, has undertaken that:

- (a) so long as the risk retention requirements under the CRR and the AIFMR will be applicable to the Securitisation, it will retain a material net economic interest of at least 5 per cent. in the Securitisation in accordance with option (1) (a) of Article 405 (i.e. “*retention of no less than 5 per cent of the nominal value of each of the tranches sold or transferred to the investors;*”), the Bank of Italy Instructions, option (1) (a) of Article 51 and option (2) (a) of Article 254;
- (b) the Notes retained in compliance with the above shall not be subject to any credit risk mitigation or any short protection or other hedge, as to the extent required by articles 405-410 (inclusive) of CRR, Article 51 of the AIFMR and Article 254 of the Solvency II Regulation;
- (c) it shall not change the manner in which the net economic interest set out above is held until the earlier of: (i) Final Maturity Date and the (ii) date on which the risk retention requirements under the CRR, the AIFMR and the Solvency II Regulation will be no longer applicable to the Securitisation, unless a change is required due to exceptional circumstances and such change is not used as a means to reduce the amount of retained interest in the Securitisation;
- (d) it will notify the Issuer, the Arrangers and the Representative of the Noteholders any change, made pursuant to paragraph (c) above, to the manner in which the net economic interest set out above is held;
- (e) it will disclose that it continues to fulfil the obligation to retain the material net economic interest of at least 5 per cent. in the Securitisation in accordance with option (1) (a) of Article 405, the Bank of Italy Instructions, option (1) (a) of Article 51 and option (2) (a) of Article 254;

- (f) it will make available to each Noteholder, upon its reasonable request, the further information which from time to time may be deemed necessary under articles from 405 to 409 of the CRR in accordance with the market practice, as may prevail from time to time.

In particular, the Originator has undertaken to retain no less than 5 per cent. of the nominal value of the Notes of each Class.

Article 406 of the CRR further requires an EU regulated credit institution, before investing, and as appropriate thereafter, for each of its individual exposure in securitisation transaction, to carry out a due diligence in respect of each such exposure and the relevant securitisation, to implement formal policies and procedures appropriate for such activities to be conducted on an on-going basis, to regularly perform its own stress tests appropriate to its exposure and to monitor on an ongoing basis and in a timely manner performance information on such exposures. Failure to comply with one or more of the requirements set out in article 406 of the CRR will result in the imposition of a higher capital requirement in relation to the relevant exposure by the relevant EU regulated credit institution. In such respect, article 409 of the CRR requires originators sponsors and original lenders to ensure that prospective investors have readily available access as at the Issue Date and on an ongoing basis to all information necessary to comply with their due diligence and monitoring obligations and all relevant data necessary to conduct comprehensive and well informed stress tests on the underlying exposures.

Similar provisions to those described above are imposed on EU-regulated alternative investment fund managers by chapter 3, section 5 of AIFMR and chapter 8 of the Solvency II Regulation.

FCA Bank S.p.A., in its capacity as Originator, (i) has made available on the Issue Date and on the First Re-tranching Date, and will make available on the Second Re-tranching Date, (ii) has undertaken in the Subscription Agreements to make available, on a monthly basis through the Monthly Report, the information required by article 409 of the CRR necessary to prospective investors for the purposes above (including, in particular, the information regarding the net economic interest from time to time held by the Originator in the Securitisation) and (iii) has expressly authorised the Calculation Agent to include in the Investor Report such information contained in the Monthly Report, provided that the Calculation Agent will include such information in the Investor Report on the basis and to the extent of the information received by the Servicer in the Monthly Report. It is understood that the Investor Report shall be deemed to have been produced on behalf of the Originator, under the Originator's full responsibility, with reference to the information that the Originator has the obligation to make available (or cause to make available, if the case) to investors under article 409 of the CRR.

SELECTED ASPECTS OF ITALIAN LAW

The Securitisation Law

The Securitisation Law was enacted on 30 April 1999 and was conceived to simplify the securitisation process and to facilitate the increased use of securitisation as a financing technique in Italy.

It applies, *inter alia*, to securitisation transactions involving a “true” sale (by way of non-gratuitous assignment) of receivables, where the sale is to a company created in accordance with article 3 of the Securitisation Law and all amounts paid by the debtors in respect of the receivables are to be used by the relevant company exclusively to meet its obligations under notes issued to fund the purchase of such claims and all costs and expenses associated with the securitisation transaction.

Ring-fencing of the assets

Under the terms of article 3 of the Securitisation Law, the assets relating to each securitisation transaction will, by operation of law, be segregated for all purposes from all other assets of the company which performs the securitisation (including any other assets purchased by such company pursuant to the Securitisation Law). Prior to and on a winding up of such a company such receivables will only be available to holders of the notes issued to finance the acquisition of the relevant receivables and to certain creditors claiming payment of debts incurred by the company in connection with the securitisation of the relevant receivables. In addition, the receivables relating to a particular transaction will not be available to the holders of notes issued to finance any other securitisation transaction or to general creditors of the issuer company.

The segregation principle set out in the second paragraph of article 3 of the Securitisation Law has been extended by Law Decree number 91 of 24 June 2014, as converted into law by Law number 116 of 11 August 2014 (**Law 116/2014**) in order to include not only the relevant receivables but also (i) any monetary right arising, in the context of the relevant securitisation transaction, in favour of the company incorporated under the Securitisation Law, (ii) the cash-flows deriving from the relevant receivables and such monetary rights and (iii) the financial instruments acquired in the context of the relevant securitisation transaction with such cash-flows.

In addition, Law 116/2014 has introduced the new paragraphs 2-bis and 2-ter to article 3 of the Securitisation Law, pursuant to which the segregation principle of amounts standing to the credit of the accounts opened in the context of securitisation transactions has been strengthened and the commingling risk in respect of collections collected, on behalf of the relevant company incorporated under the Securitisation Law, by the servicers and/or sub-servicers of the relevant securitisation transaction has been limited. In particular, in accordance with the new paragraphs 2-bis and 2-ter to article 3 of the Securitisation Law:

- (a) the amounts credited into the accounts opened by companies incorporated as special purpose vehicles pursuant to article 3 of the Securitisation Law with the servicers or with the depositary bank of securitisation transactions, on which the amounts paid by the assigned debtors as well as any other amount due to the relevant special purpose vehicle under the securitisation may be credited, may be utilized only to fulfil the obligations of the relevant special purpose vehicle against the noteholders and the other creditors under the securitisation and to pay the expenses to be borne in connection with the securitisation. Should any proceeding under Title IV of the Consolidated Banking Act, or any other insolvency procedure apply to the relevant servicer or depositary bank, the amounts credited on such accounts and the sums deposited during the course of the relevant insolvency procedure (i) will not be subject to the suspension of payments; and (ii) will be immediately and fully returned to the special purpose vehicle in accordance with the provisions of the relevant agreement and without the need to for the filing of any petition in the relevant insolvency proceeding and outside any distribution plan; and

- (b) in respect of the accounts opened by the servicers and the sub-servicers with banks, and into which the amounts paid by the assigned debtors may be credited, the creditors of the relevant servicer or sub-servicer may exercise claims only in respect of the amounts credited on such accounts that exceed the amounts due to the relevant special purpose vehicle. Should any insolvency procedure apply to the relevant servicer or sub-servicer, the amounts credited on such segregated accounts and the sums deposited during the course of the relevant insolvency procedure will be immediately and fully returned to the special purpose vehicle in accordance with the provisions of the relevant agreement and without the need to file any petition in the relevant insolvency proceeding and outside any distribution plan.

Under Italian law, however, any creditor of the Issuer would be able to commence insolvency or winding-up proceedings against the Issuer in respect of any unpaid debt.

The assignment

The assignment of the receivables is governed by the Securitisation Law.

According to article 4, first paragraph, of the Securitisation Law, article 58 paragraphs 2, 3 and 4 of the Consolidated Banking Act is applicable to the assignment of receivables made pursuant to the Securitisation Law. The prevailing interpretation of this provision, which view has been strengthened by article 4 of the Securitisation Law, is that the assignment can be perfected against the originator of the relevant receivables, the debtors in respect of the assigned debts, and third party creditors by way of publication of the relevant notice of sale in the Official Gazette and, in the case of the debtors, registration in the companies register, so avoiding the need for individual notification to be served on each debtor. However, please note that in the presence of a contractual undertaking of the seller to notify the borrowers of the assignment of the receivables, enforceability of the assignment *vis-à-vis* the borrowers may be obtained only upon notification.

Pursuant to article 4, first paragraph, of the Securitisation Law, the notice of sale in the Official Gazette of the assignment of those receivables which have the characteristics set out under article 1 of the Factoring Law (i.e. receivables arising out of contracts executed by the originator in the ordinary course of its business) may be simplified by including only information regarding the originator, the assignee and the date of assignment. As an alternative, the perfection of the assignment of such receivables may be governed by article 5, paragraph 1, 1-*bis* and 2 of the Factoring Law, according to which the enforceability of the assignment against third parties is obtained by having the payment of the relevant purchase price with date certain at law.

According to article 4, second paragraph, of the Securitisation Law, as from the date of the publication of the notice in the Official Gazette or the date certain at law of payment (in whole or in part) of the purchase price for the assigned receivables:

- (a) no legal action may be brought in respect of the assigned receivables or the sums derived therefrom, other than for the purposes of enforcing the rights of the holders of the notes issued for the purpose of financing the acquisition of the relevant receivables and to meet the costs of the transaction;
- (b) notwithstanding any provision of law providing otherwise, no set-off may be exercised by the debtors between the amounts due by them under the assigned receivables and any debtors' claims towards the originator arising after such date;
- (c) the assignment becomes enforceable against:
- (i) any other assignee of the originator who has failed to render its purchase of receivables enforceable against any third party prior to such date;

- (ii) any creditors of the originator who have not obtained, prior to the date of the publication of the notice in the Official Gazette, an attachment order (*pignoramento*) in respect of any of the receivables and then only to the extent of the receivables already attached.

Assignments executed under the Securitisation Law are subject to revocation on bankruptcy under article 67 of the Bankruptcy Law but only in the event that the adjudication of bankruptcy of the relevant party is made within three months of the securitisation transaction or, in cases where paragraph 1 of article 67 applies, within six months of the securitisation transaction.

According to article 4, paragraph 3, of the Securitisation Law, payments made by an assigned debtor to a securitisation company are not subject to any claw-back action according to article 67 of the Bankruptcy Law. Furthermore, pursuant to the same provision, payments made by assigned debtors in relation to the relevant receivables assigned in the context of a securitisation transaction carried out pursuant to the Securitisation Law will not be subject to declaration of ineffectiveness pursuant to article 65 of the Bankruptcy Law.

Consumer credit provisions

(a) Consumer credit provisions and enactment of Law Decree 141

The Portfolio includes Loans which qualify as “consumer loans”, i.e. loans extended to individuals acting outside the scope of their entrepreneurial, commercial, craft or professional activities. In Italy consumer loans are regulated by, amongst others: (i) articles 121 to 126 of the Consolidated Banking Act and (ii) some provisions of the Consumer Code. Consumer protection legislation has been subject to a full revision by the enactment of law decree 13 August 2010 number 141 (as subsequently amended **Legislative Decree 141**) which transposed in the Italian legal system EC Directive 2008/48 on credit agreements for consumers. Legislative Decree 141 has become enforceable on 19 September 2010.

(b) Legislative Decree 141 and existing credit consumer agreements

Even if Legislative Decree 141 does not provide anything on the matter, on the basis of both article 30 of the Directive and the implementing measures of Legislative Decree 141, it can be stated that the provisions set by Legislative Decree 141 do not apply to agreements existing on the date on which latter entered into force, except for some provisions, applicable to open-end credit agreements only.

(c) Scope of application

Prior to the entry into force of Legislative Decree 141, consumer loans were only those granted for amounts respectively lower and higher than the maximum and minimum levels set by the *Comitato Interministeriale per il Credito e il Risparmio (CICR)* (the inter-ministerial committee for credit and savings), such levels being fixed at €30,987.41 and €154.94 respectively. Currently article 122 of the Consolidated Banking Act rules that provisions concerning consumer loans apply to loans granted for amounts from €200 (included) to €75,000 (included); moreover, the same article 122 sets a list of other deeds and agreement which shall not be considered as consumer loans.

(d) Right of withdrawal

Pursuant to article 125-*ter* of the Consolidated Banking Act, consumers have a period of 14 calendar days in which to withdraw from the credit agreement without giving any reason. That period of withdrawal shall begin (a) either from the day of the conclusion of the credit agreement, or (b) from the day on which the consumer receives the contractual terms and conditions and information to be

provided to it pursuant to paragraph 1 of article 125-*bis* of the Consolidated Banking Act, if that day is later than the date referred to under point (a). In case the consumer enforces its right of withdrawal, within thirty days following the date of enforcement the consumer shall pay to the lender any amount outstanding under the relevant consumer loan, plus matured interest and non recoverable expenses paid by the lender to the public administration in connection with the granting of the relevant consumer loan. If the credit agreement has been negotiated by distance marketing, withdrawal periods as calculated under article 67-*duodecies* of the Consumer Code will apply. Pursuant to article 125-*quater* of the Consolidated Banking Act, a consumer may always withdraw from an open-end credit agreement without paying any penalty or expense to the lender. Before the enactment of Legislative Decree 141, rights of withdrawal in favour of consumers under consumer loan agreements were limited to specific cases, such as in case of consumer credit agreement concluded to finance acquisition of goods or services pursuant to a distance contract.

With regard to the analysis of other provisions of the Consolidated Banking Act on consumer credit agreements, please refer to the section above entitled “*Risk Factors*”, under the paragraph “*Italian consumer protection legislation*”.

The Issuer

According to the Securitisation Law, the Issuer shall be a *società di capitali*.

The enforcement proceedings in general

The enforcement proceedings can be carried out on the basis of final judgments or other legal instruments known collectively as *titoli esecutivi*.

Save where the law provides otherwise, the enforcement must be preceded by service of the order for the execution (*formula esecutiva*) and the notice to comply (*atto di precetto*).

The notice to comply (*atto di precetto*) is a formal notice by a creditor to his debtor advising that the enforcement proceedings will be initiated if the obligation specified in the title is not fulfilled within a given period (not less than ten days but not more than 90 days from the date on which the notice to comply (*atto di precetto*) is served). If delay would be prejudicial, the court may reduce or eliminate this period upon a justified request of the creditor.

Enforcement of an obligation to pay an amount of money is performed in different ways, according to the kind of the debtor’s assets the creditor wants to seize. Therefore and mentioning the most important only, the Italian code of civil procedure provides for different rules concerning respectively:

- distraint and forced liquidation of mobile goods in possession of the debtor;
- distraint and forced liquidation of debtor’s receivables or mobile goods in possession of third parties; and
- distraint and forced liquidation of real estate properties.

The Italian code of civil procedure provides for some common provisions applicable to any form of enforcement of an obligation to pay an amount of money and specific rules applicable to each form of enforcement.

Distraint and forced liquidation of assets are carried out in the following steps:

- first, the debtor’s goods are seized;

- second, other creditors may intervene;
- third, the debtor's assets are liquidated; and
- fourth, the creditor is paid, or the proceeds from the liquidation of the debtor's assets are distributed amongst the creditors.

Seizure of assets is the necessary first step in forcing the liquidation of a property, when it is not already held in pledge.

Enforcement proceedings of mobile goods in possession of the debtor

With reference to the seizure and forced liquidation of mobile goods in possession of the debtor, seizure begins with the application of the lawyer to the bailiff to proceed at the debtor's house/office or other place and to seize all the debtor's movable assets he will find there. The bailiff may look for the movables assets to seize in the debtor's house or in other places related to him and he is free to evaluate assets found and keep them seized. However, certain items of personal property cannot be seized.

After the seizure, the bailiff writes a record that contains the injunction to the debtor to refrain from any act that would interfere with the liquidation of the seized property and the description of the movables beings seized. Normally the debtor is named as custodian of the assets since any interference by causing the destruction, deterioration, or removal of seized property is a criminal offence.

After the seizure, the bailiff must deposit the record and the title executed and the notice to comply in the chancery of the execution judge. In this moment the chancellor will open the file of the execution.

After the deposit of the written petition above, the judge sets the hearing to define the formalities of the sale. At that hearing the parties can pass their proposals about the formalities of the sale. This hearing is also the last possibility for the parties to raise remedies against the enforcement procedure. If there are no oppositions to the procedure or if the parties reach an agreement about the oppositions, the judge provides for the sale. The judge may choose to delegate the sale to a commission agent. In the delegation, the judge sets the lowest price of the sale and the total amount that must be obtained from the sale. Otherwise the judge may choose to realise the sale by auction.

After the sale, if there is only one secured creditor without others creditors intervened in the execution, the judge will pay the secured creditor's principal debt and the interests and also the costs of the enforcement proceedings with the sale's proceeds. If there are more than one secured creditor or if there are intervened creditors, they may prepare a project of distribution and propose it to the judge. If the judge agrees, he provides consequently for the distribution. If there is no agreement between the creditors the judge provides for the distribution on the basis of the ranking of the creditors.

In addition to securing the creditor's rights, seizure serves the purpose of identifying the property to be liquidated. When movables in the possession of the debtor are seized, the bailiff must draw up a protocol describing the seized assets and indicating their value. When real estates are seized, distraint is recorded in the land registry, and the value should be set by a special technician appointed by the judge.

The seized assets are entrusted to a custodian. Although the debtor himself may be appointed custodian, he normally may neither use seized property nor keep rents, profits, interest, and similar revenues. Seizure also covers rents, profits, interest, and other revenues of the seized property.

The debtor may avoid the seizure by paying the amount due to the bailiff for delivery to the creditor. Such payment does not constitute recognition of the debt and the debtor is not precluded from bringing an action for restitution of the amount, should he prove that the enforcement procedure was wrongfully instituted.

If the value of seized property exceeds the amount of the debt and costs, the judge, after hearing the creditor and any creditors who have intervened, may order that part of the properties are released.

The creditor may select the property that is to be liquidated. He may select various types of property and may bring proceedings in more than one district. However, if he selects more properties than necessary to satisfy his right, the debtor may apply to have this selection restricted. The creditor who requested the seizure must apply for the sale by auction of the seized assets within a deadline of 90 (ninety) days, otherwise the seizure lapses.

Normally, the debtor's distrained property is sold (*vendita forzata*). Sometimes, however, property may be assigned to the creditors in lieu of sale (*assegnazione forzata*). Seized property may be sold or assigned solely on the motion of the creditor who started the enforcement proceeding or of one of the intervening creditors who possesses an authority to execute. Unless the property is perishable, a motion to sell or assign it may not be made until at least ten days after distraint, but within 90 (ninety) days.

The creditor who applies for the sale has the duty to anticipate court expenses and the sale fees.

Seized movable property may be sold through acquiring sealed bids (*vendita senza incanto*) or auction (*vendita con incanto*). Seized property may as well be offered for sale in several lots. Once the required amount has been obtained, the sale is discontinued.

Seized property may also be assigned to the creditors instead of being sold. Property may be assigned to discharge the debtor's obligation to the assignees up to the value of the assigned property. If the property is worth more than the amount of the debt, the assignees must pay the balance.

Unless the debtor's assets are assigned to the creditors in satisfaction of their claims, the proceeds of the liquidation must be distributed. The proceeds include:

- (a) money received upon the sale or assignment of the debtor's assets;
- (b) rents, profits, interest, and other revenues accruing from the debtor's assets during the period of distraint; and
- (c) penalties or damages paid to the Court by the defaulting purchasers or assignees.

Distribution of the proceeds is made according to the following steps:

- costs and expenses of the proceeding are paid first;
- preferred creditors are paid in the order of their degree of priority;
- unsecured creditors who commenced or intervened into the proceeding in due time are paid: they share equally, in proportion to the amount of their claims, if there are insufficient funds to satisfy them;
- creditors who intervened after the hearing set for the authorisation of the liquidation of assets: they share the balance in proportion to their claims; and
- any surplus is returned to the debtor.

If there is any dispute concerning the distribution of proceeds, the judge will hear the parties and decide. In this case distribution of the proceeds is suspended except to the extent to which it can be effected without prejudicing the rights of the claimants.

Subrogation

Legislative Decree 141 has introduced in the Consolidated Banking Act article 120-*quater*, which provides for certain measures for the protection of consumers' rights and the promotion of the competition in, *inter alia*, the Italian loan market. Legislative Decree 141 repealed article 8 (except for paragraphs 4-*bis*, 4-*ter* and 4-*quater*) of the Bersani Decree, replicating though, with some additions, such repealed provisions. The purpose of article 120-*quater* of the Consolidated Banking Act is to facilitate the exercise by the borrowers of their right of subrogation of a new bank into the rights of their creditors in accordance with article 1202 (*surrogazione per volontà del debitore*) of the Italian civil code (the **Subrogation**), providing in particular that, in case of a loan, overdraft facility or any other financing granted by a bank, the relevant borrower can exercise the Subrogation, even if the borrower's debt towards the lending bank is not due and payable or a term for repayment has been agreed for the benefit of the creditor. If the Subrogation is exercised by the borrower, a new lender will succeed to the former lender also as beneficiary of all existing ancillary security interests and guarantees. Any provision of the relevant agreement which may prevent the borrower from exercising such Subrogation or render the exercise of such right more cumbersome for the borrower is void. The borrower shall not bear any notarial or administrative cost connected to the Subrogation.

Furthermore, paragraph 7 of article 120-*quater* of the Consolidated Banking Act provides that, in case the Subrogation is not perfected within 30 working days from the date on which the original lender has been requested to cooperate for the conclusion of the Subrogation, the original lender shall indemnify the borrower for an amount equal to 1 per cent. of the loan or facility granted, for each month or fraction of month of delay. The original lender has the right to ask for indemnification from the subrogating lender, in case the latter is to be held liable for the delay in the conclusion of the Subrogation.
