- **Drivalia customers will be able to obtain an initial online estimate of their used car, totally free of charge and without any commitment, by the experts at Noicompriamoauto.it.**

Turin, 19 May 2023

Drivalia, the rental, leasing and mobility company of CA Auto Bank Group, has entered into a **partnership in Italy with Noicompriamoauto.it** - part of AUTO1 Group, Europe's leading digital automotive platform for buying and selling used cars - to support customers who need to sell their cars easily and quickly.

Thanks to this partnership, Drivalia's customers will be able to get the selling price of their used car directly online, easily, quickly and free of charge, and finalize the sale at one of the more than 60 branches of Noicompriamoauto.it in Italy, receiving the payment by bank transfer, promptly and directly to their account.

In this way, Drivalia's customers will be able to sell their used car without stress or risk, saving time thanks to the support of Italian- and European-level industry specialists. In this way, Drivalia encourages the transition to its innovative rental or subscription solutions, such as **CarCloud**, the subscription renewable every month without time constraints or penalties, and **Be Free EVO**, the formula for subscribing to a car for up to 24 months, with the flexibility of a short-term rental.

Drivalia

Drivalia is the rental, leasing and mobility company of the CA Auto Bank group, in turn part of Crédit Agricole Consumer Finance. Established in 2022, following the rebranding of the Leasys Rent operations, Drivalia intends to become one of the leading players in the new mobility sector in Europe.

The company offers a comprehensive and innovative system of mobility services. Drivalia launched CarCloud, the first car subscription in Italy. In June 2019, the company launched the Mobility Stores, physical outlets where customers can access all of the company's mobility services. With the opening of the first totally electrified Mobility Store in Torino Caselle airport in 2020, followed by many others, Drivalia has become a key operator also in sustainable mobility. In fact, thanks to the over 1,600 charging stations installed in all the Stores, Drivalia has Italy's largest private electrified network. In 2023, the electrification project will continue also in the European countries in which Drivalia operates.
