

Sustainability: 12 EcoVadis Medals for Drivalia in Europe

- **6 Silver medals for the subsidiaries in France, Greece, Norway, the Netherlands, Poland, and Finland, recognized for their ESG performance.**
- **Added to these are 6 Bronze medals awarded to the Headquarters in Italy and the subsidiaries in Belgium, Denmark, Ireland, Portugal, and the United Kingdom.**
- **EcoVadis is one of the world's largest and most trusted providers of business sustainability ratings.**

Turin, September 11 2025

Drivalia's sustainability strategy has achieved prestigious recognition at a European level. The CA Auto Bank Group's mobility company has been awarded **12 medals by EcoVadis**, a testament to **the ESG (Environmental, Social, and Governance) performance** of its Headquarters in Italy and its subsidiaries across Europe. These awards, from one of the most authoritative global providers of business sustainability ratings, confirm Drivalia's growth path, founded on environmental and social responsibility.

Leading the European success are the **6 Silver medals** awarded to the subsidiaries in **France, Greece, Norway, the Netherlands, Poland, and Finland**. This significant achievement places them among the top-performing companies globally according to EcoVadis's rigorous standards.

Completing the medal count are the **6 Bronze medals** won by the **Headquarters in Italy**, as well as the subsidiaries in **Belgium, Denmark, Ireland, Portugal, and the United Kingdom**. This attests to the adoption of a structured and measurable approach to sustainability, in line with the Group's overall strategy.

EcoVadis's assessments are based on recognized international standards, such as the Global Reporting Initiative (GRI), the United Nations Global Compact, and the ISO 26000 guidelines. The analysis covers **four key pillars: Environment, Labor & Human Rights, Ethics, and Sustainable Procurement**. Receiving these recognitions means joining a select group of companies that stand out for their long-term vision and their ability to integrate ESG principles into their business model.

The 12 EcoVadis medals are a confirmation of the strategy of Drivalia and, more broadly, of the CA Auto Bank Group, whose commitment to sustainability is deeply rooted in its identity. As a pan-European leader in financing and mobility services, the Group's mission is to offer innovative, inclusive, and responsible solutions to support the transition towards a low-emission and more sustainable mobility ecosystem.

Drivalia

Drivalia, a rental, leasing and mobility company of the CA Auto Bank group, provides a full range of mobility solutions, from electric car sharing to innovative car subscriptions and rentals of all durations. Drivalia deals with all-round mobility, offering innovative mobility plans that combine flexibility, a digital experience, an on-demand approach, and sustainability. In June 2019, the Company launched the Mobility Store network, physical outlets where customers can

have access to all its mobility services. With the opening of the first fully electrified Mobility Store at Torino Caselle airport in 2020, followed by many others, Drivalia has become a leading operator also in sustainable mobility. In fact, thanks to the more than 1,900 charging stations installed at all its stores to date, the Company has the largest private electrified network in Italy. The electrification process will proceed in all the European countries where Drivalia operates also in 2025.
