

Drivalia Renews Its Partnership with the Pinacoteca Agnelli: Art and Sustainable Mobility Meet in Turin

Turin, October 28, 2025

Drivalia, the mobility company of the **CA Auto Bank Group**, renews its collaboration with the **Pinacoteca Agnelli**, one of Turin's iconic artistic and cultural landmarks. This partnership combines **sustainable mobility and beauty**, a bond strengthened further on the occasion of the International Contemporary Art Fair Artissima 2025, scheduled to take place in Turin from October 31 to November 2.

Located inside the Lingotto, the **Pinacoteca Agnelli** is a museum that connects the priceless masterpieces of its Permanent Collection with exhibitions and projects by leading international artists. Since 2022, the Pinacoteca has undergone renovations, expanding its exhibition spaces to include the spectacular Pista 500, the iconic rooftop circuit of the former FIAT factory.

As **Mobility Partner**, Drivalia will support the Foundation in promoting sustainability and sharing — values that connect the two organizations. In particular, the company will make available to the Pinacoteca an electric Fiat 500 from its fleet, fostering **sustainable and accessible mobility** and reaffirming its commitment to institutions that enhance local culture and creativity.

Drivalia

Drivalia, a rental, leasing and mobility company of the CA Auto Bank group, provides a full range of mobility solutions, from electric car sharing to innovative car subscriptions and rentals of all durations. Drivalia deals with all-round mobility, offering innovative mobility plans that combine flexibility, a digital experience, an on-demand approach, and sustainability. In June 2019, the Company launched the Mobility Store network, physical outlets where customers can have access to all its mobility services. With the opening of the first fully electrified Mobility Store at Torino Caselle airport in 2020, followed by many others, Drivalia has become a leading operator also in sustainable mobility. In fact, thanks to the more than 1,900 charging stations installed at all its stores to date, the Company has the largest private electrified network in Italy. The electrification process will proceed in all the European countries where Drivalia operates also in 2025.
