Zurich – August 31th, 2026

CA Auto Bank Group announces a new strategic partnership with **MG Motor Switzerland GmbH**, aimed at supporting the brand’s ongoing expansion and sales operations in the Swiss market. Through its local subsidiary, **CA Auto Finance Suisse SA**, the Group will act as a financial partner for the renowned brand, providing its regional expertise and financial services infrastructure.

This agreement follows the establishment of MG Motor Switzerland GmbH as a wholly owned subsidiary on July 1, 2026, marking a milestone in MG's European expansion.

The agreement applies to **all models across MG's portfolio**. A central driver of this collaboration will be the brand's electric and hybrid fleet in Switzerland, including models such as the MG4 EV, MGS5 EV, and MGS6 EV. By supporting this sustainable development, the partnership reflects a shared commitment to accelerating the transition to high-quality, eco-friendly mobility. CA Auto Finance Suisse will play a key role in making MG's advanced mobility accessible, supporting a vehicle lineup that combines distinctive design, intelligent technology, and electrified performance.

To support both end customers and the developing dealer network, CA Auto Finance Suisse SA will offer a specialized suite of financial solutions. The offering includes **B2B and B2C leasing options**, as well as **wholesale financing**. These services are designed to ensure long-term stability for the brand's sales network and to provide flexible, accessible mobility solutions for Swiss drivers.

By partnering with a dynamic player in the electrified vehicle sector like MG Motor, the CA Auto Bank Group reinforces its dedication to sustainable mobility. Furthermore, this collaboration will support the broader Crédit Agricole Group’s 2028 objective to finance and lease a share of new Battery Electric Vehicles (BEVs) that is 10 percentage points higher than the European average market share.
